

## Education Protection Account (EPA) Funding

Pursuant to Article XIII, Section 36 of the California Constitution, school districts, county offices of education, and community college districts are required to determine how the monies received from the Education Protection Account (EPA) are spent in the school or schools within its jurisdiction, provided that the governing board makes the spending determinations in an open session of a public meeting.

There is also a requirement that the district must annually post on its website an accounting of how much money was received from EPA, and how that money was spent.
