Dr. Rebecca Westover, Chief Business Officer

I am interested in serving on the Measure B Parcel Tax Oversight Advisory Committee. I have a child who is a first grader attending Mariano Castro Elementary School. The first two years of my child's time at Castro have demonstrated to me the compassion and commitment that the teachers, administrators, and fellow parents have for the students of Castro; these two years have also illuminated the challenges and complexity of funding in education.

My interests for joining the Oversight Advisory Committee are to support the growth of our youngest generation - our future. The parcel tax revenue support for the the following are important to the future of all MVWSD's students: Support for English language learners; students having difficulties with reading, writing, or math; growth programs such as science, engineering, and computer science; up to date curriculum and materials; and competitive compensation for the exceptional teachers.

I have specific experiences that will support the work of the oversight advisory committee. I have an Educational Doctorate in Organization and Leadership, and I actively research on topics of leadership, communication, and diversity within education. I serve as a parent member for the K-5 social studies task force and Castro's school site council. I have financial management experience as a current board member for a homeowners association and past board member for a community health center (federally qualified health center).

Attached is a copy of my application. Please feel free to contact me if you have any questions about my interest or experiences. I thank you in advance for your consideration.

Regards,
Dr. Jonathan Pettey
