

Pure Good Foundation
650 Castro Street, Ste 200
Mountain View, CA 94041

Dear Mountain View Whisman School District,

Please accept this letter as confirmation that Pure Good Foundation processed a donation of \$10,220.00 USD on July 27, 2020 through Benevity. Your district is set up to receive Benevity donations via check instead of EFT so it could take anywhere from 8-10 weeks for the check to reach your mail boxes.

The donation we made should be specifically used for Priscila Bogdanic and Arline Siam's use with purchasing school supplies for students who may be homeless, in transitional housing, or have been identified as needing a little extra help at this time. Any additional funds beyond the cost of purchasing school supplies can be used at their discretion to aid the families of these students.

We appreciate all that MVWSD does for the Mountain View community and commend you on the work being done to support families in need throughout the years. During this time of added uncertainty, we want the school district to know that Pure Storage and Pure Good Foundation are here to help in any way that we can.

Best Wishes,

Nicole Johnson
Executive Director | Pure Good Foundation
