Estimate Details

Hydro Jetting : We highly recommend Hydro jetting the entire main trunk line of the drainage system since there is a lot of debris specially in the catch basin areas.
 We will first remove all the debris inside the catch basin's then Hydro flush the drain line.
 I recommend at least four hours per school if possible but the major problem is at the school (\$1300 per hour this a crew of two tech's)
 We may have to dedicate a few more hours than normal at Theuerkauf Since we found a lot of debris and line most likely completely clogged outfront

Task #	Description	Quantity	Your Price	Your Total
Jetting Root Removal Trailer	Trailer Hydro Jet EJ Plumbing will complete Hydro Jetting on the property address listed on this estimate I highly recommend dedicating about four hours per school to do the best job possible Hydro Jetting for Storm drain lateral (Trailer): 1. We will remove all the debris from the catch basin's first and then Hydro jet the line 2. Use special head and hose with high pressure water to hydrojet 3. This charge is hourly \$1300 4. Recommend at least four hours per school (if more work is required we will advise you) Notes 1. \$1300 is an hourly rate. 2. Six (6) months' warranty. 3. No guarantee that all roots will be able to be removed. 4. Warranty will only be offer if there is a valid two way clean out on house side. 5. If additional technician assistance is required, an additional charges may apply. Warranty Information 1. Six (6) month's warranty if there is an accessible two way clean out. 2. Warranty only covers first hour of labor. 3. Warranty can be voided if product is damaged due to negligence, abuse, misuse, modification, tampering, alteration and/or acts of God...	4.00	\$1,300.00	\$5,200.00
