Every Monday Matters will provide the following live-virtual professional development for Mountain View-Whisman School District's After School Program staff:

#### **LIVING, TEACHING and EMBRACING SOCIAL and EMOTIONAL LEARNING - THE HEART OF EVERY MONDAY MATTERS**

Our emotions are real, and recent events have heightened them significantly. We have new roles, new demands, and new needs. We have felt fear, sadness, and grief; but we have also worked hard to maintain hope and focus on what really matters. Attendees will gain a deeper understanding of social and emotional learning (SEL) and connect to the importance of SEL for ourselves, our students, our families, and community. Then using the EMM approach of I Matter, You Matter, and We Matter, attendees will practice how they can use these lenses to develop SEL and reflect on how we can all be even better, both individually and collectively. Attendees will leave with greater awareness of SEL and gather tools and resources to apply these concepts with students, families, and the community.

#### **Workshop snapshot:**

- An introduction to Social and Emotional Learning (based on CASEL model)

- Connecting SEL and Every Monday Matters' approach – I Matter, You Matter, We Matter
- Engage in activities and practices that directly foster SEL competencies for self and students

Duration of workshop: 120 minutes

## OUR YOUTH MATTER - THE EMM K-12 CURRICULUM

Our youth today are intelligent, talented, caring, curious, inventive, creative, resilient and so much more. Let's help them understand how much and why they matter. EMM's K-12 Curriculum provides engaging and meaningful lessons that foster social and emotional learning and help our youth live their best lives. EMM's research-based hands-on SEL activities will help attendees take students through actionable steps that fosters SEL, builds students' confidence and empathy, and creates opportunities for students to positively impact the world around them. Attendees will experience hands-on practice teaching EMM lessons and start to build a foundation to bring social and emotional learning to their students, families and community.
