Background

Background

- In response to the 2019 Novel Coronavirus (COVID-19), the U.S. Congress passed American Rescue Plan (ARP) Act, which was signed into law on March 11, 2021.
- The ESSER III funding provides LEAs with emergency relief funds to address the impact of COVID-19 on elementary and secondary schools
- The ARP Act requires LEAs that receive ESSER III funds to complete a Safe Return to In-person Instruction and Continuity of Services plan as well as an Expenditure Plan.

Implications for MVWSD

Implications

- MVWSD posted its Cal/OSHA Safety Plan on February 22, 2021 and solicited input in the plan development
- This allows MVWSD to follow Option 2:
 - Assurances were signed on June 24, 2021
 - MVWSD has revised the CAL/OSHA plan to ensure compliance with the requirements of the Safe Return to In-Person & Continuity of Services
 - Revise every six months as applicable through September 2023

Expenditure Plan

Expenditure Plan

Must submit an expenditure plan to the CDE by October 29, 2021

Required to have the below:

1. How the LEA will use the minimum of 20% of funds it reserves for learning loss to address the academic impact of lost instructional time
2. How the LEA will spend its remaining ESSER III funds
3. How the LEA will ensure that the interventions it implements will respond to the academic, social, emotional, and mental health needs of all students, and particularly those students disproportionately impacted by the COVID–19 pandemic

LEAs must engage in meaningful consultation with specified stakeholders

ESSER III Remaining Funds

Plan Alignment (if applicable)	Action Title	Action Description	Planned ESSER III Funded Expenditures
	Indirect costs (administrative)	Indirect costs represent the expenses of doing business that are not readily identified with a particular grant, contract, project function or activity, but are necessary for the general operation of the organization and the conduct of activities it performs. In theory, costs like heat, light, accounting and personnel might be charged directly if little meters could record minutes in a cross-cutting manner. Practical difficulties preclude such an approach. Therefore, cost allocation plans or indirect cost rates are used to distribute those costs to benefiting revenue sources.	\$82,239

Total ESSER III funds \$2,341,572
