RE: Change Order #2 Justification: Mountain View Whisman School District Park Restroom Project – The Public Restroom Company

Item #1 – Provided Engineered Foundation Plan for DSA Review (COR 2)

This change is the result of a jurisdictional request. The park restroom projects are exempt from DSA structural review, however as part of the DSA submittal package, DSA is requiring a full geotechnical report and engineered foundation plan which was not anticipated or required at the time of bid. In order to get this through DSA in time for summer 2022 construction, the contractor was asked to provide the engineered foundation plan to help expedite DSA review. The cost for the engineering totals \$1,835. The cost of the onsite construction is not changed as a result of the engineered drawings. **\$1,835**

In our capacity as the District's Construction Manager we have completed a review of Change Order #2.

The total cost of Change Order #2 is: \$1,835

The total Change Orders to date is \$74,060

There is \$10,040 remaining in the design contingency for this project after Change Order No. 2.

Based upon the review of the merit and the compensation, it is our recommendation that you approve this change order. If you have any questions, please do not hesitate to call.

Sincerely,
Greystone West Company
