Subscriptions

School subscription pricing is based on the combination of teachers and student seat licenses needed. If you did not include a student number, we calculate a student seat quantity based on the number of teacher seats purchased divided by our per-student price. You will be asked to purchase more seats if your student usage exceeds this number. Each account in a school can serve up to the total number of students licensed. Please note that some specialists may need multiple accounts if they serve more than 17 classes or 700 students. Each teacher must have their own account.

Points

Points are one-time charges for digital access credits redeemed for Boom Cards decks (curriculum) or for fonts, images and other tools to make your own Boom Cards decks. Points do not expire. Points can be transferred between teacher/provider accounts owned by organization.
