Additional costs for PD/Training and Data Analytics Support may vary based on the size of the district and need. Details on additional services:

**Professional Development / Training** that includes training for all teachers plus supporting admin/counselor teams across all schools. Training options include interactive virtual sessions, webinars, self-paced video learning, and train-the trainer models. Training also includes ongoing coaching and support throughout the school year via direct coaching based on data trends, office hours, one-on-one consultations, and phone/email support.

**School & District Level Data & Analytics Support** which includes real-time administrative reporting with details on usage/implementation as well as statistics on the emotional wellbeing of students and technology-enabled alerts for concerning reflections. The system allows for consistent access to custom reports in preferred format (for example, custom CSV reports shared monthly). Data can be synthesized across the district, by school, by teacher or by student, and over time

*Additional discounts apply for multi-year commitments.*
