8/9/2023	11:50 AM	During Instructional Time	Back of school and side Parking Lot	Two individuals on bicycles were observed at the back of the side parking lot. Staff member asked them to leave as the campus is closed during school hours. Individuals were argumentative with staff member, asking him if he is the park ranger in a condescending way; Staff engaged individuals at the front of the side parking lot; one individual responded and engaged in dialog. Individual stated that the other bathrooms were locked and saw ours. Staff explained that their mere presence on campus requires me to consider locking down the school or not. I explained that that Penal Code and Ed. Code Laws across the entire United States requires visitors on school campuses to check in through the front office to get approval. He stated that there were no signs posted.
8/9/2023	12:05 PM	During Instructional Time	Back playground	Caller reported suspicious male wearing a red and white Hawaiian shirt standing at the back of the school behind the back playground near the public path. Caller reported they'd observed this male standing leaning against the fence on the school side staring at the school. Caller reports initially seeing this male in the exact same place 40 min prior to making their call to the school, then observed the male for 20 mins and decided to call to see if a school employee could go take a look. Employee went over but didn't observe a male out there.
