4. Establish a system to monitor control of the CCP.
5. Establish the corrective action to be taken when monitoring indicates that a particular CCP is not under control.
6. Establish procedures for verification to confirm that the HACCP system is working.
7. Establish documentation concerning all procedures and records appropriate to these principles and

their application.

  3. Describe the intended use and consumers of the food
    - Products are sold to the general public through our Will Call Desk and also to independent and chain restaurants, schools, prisons, C Stores and retail stores

26. **VELOCITY REPORT** - The District reserves the right to request velocity reports for any items ordered throughout the contract Velocity reports will be delivered via email to better assist for inventory tracking purposes.
27. **APPLICABLE ‘BUY AMERICAN’ PROVISIONS** - The Buy American provisions are found in the regulations of the National School Lunch Program (NSLP) at 7 CFR 210.21(d) and the School Breakfast Program (SBP) at 7 CFR 220.16 (d). Section 104(d) of the William F. Goodling Child Nutrition Reauthorization 1998 (Public Law 05-336) added a new provision, Section (12) of the NSLA (42USC760(n), requiring School Food Authorities to purchase domestically grown and processed foods, to the maximum extent practicable. The Buy American provisions of Public Law (PL 100-237) require participants to purchase, to the maximum extent practicable, domestic commodities or products for use in meals served under the NSLP and SBP to include the CACFP Program. Two situations that may warrant a waiver to permit purchases of foreign food products are: 1) The product is not produced or manufactured in the U.S. in sufficient and reasonable available quantities of satisfactory quality 2) Competitive proposal reveal the costs of a U.S. product are significantly higher than the foreign product. A domestic commodity or product is produced and processed in the United States substantially using agricultural commodities produced in the United States. “Substantially using” means over 51 percent of the final processed product consists of agricultural commodities grown domestically. This includes foods sold to students as a la carte food items. Actions that districts/sponsors can take to comply with the Buy American requirements are:
- Including a Buy American clause in all procurement documents (product specifications, proposal solicitations, requests for proposal, purchase orders, etc.)
  - Monitoring contractor performance
  - Requiring suppliers to certify the origin of the product
  - Examining the product packaging for identification of the country of origin
  - Asking the supplier for specific information about the percentage of U.S. content in the food product

It is therefore required that proposers responding to this Request for Proposal indicate whether products offered on this proposal meet the definition of “domestic commodity or product” as stated above. Indication shall be made on the proposal price sheet as part of the response to this proposal.

The successful proposer shall provide documented proof of compliance with this provision at the request of the District.

The “Buy American” provision of Public Law (P.L.) 105-336 allows for an exception when the recipient agency, Mountain View Whisman School District, determines that the following instances apply to non-domestic produced products:

- Recipients have unusual or ethnic food preferences which can only be met through purchases of products not produced in the U.S;
- The product is not produced or manufactured in the U.S. in sufficient and reasonably available quantities of satisfactory quality;
- The cost of U.S.-produced food products is significantly higher than foreign products.

The District reserves the right to purchase non-domestic grown or manufactured food products if the cost of the U.S.-produced item that contains 51% or more domestically grown commodities is ten percent (10%) or more in price than the non-domestic product.

28. **FUEL CHARGES** - No fuel surcharges will be accepted under this contract, and the addition of such charges shall not be permitted during the period of the term of this contract.

Failure of the Successful Bidder to comply with the measures outlined in the Drug Free Workplace Certificate and in California Government Code §§8350 et seq. may result in penalties, including without limitation, the termination of the Agreement, the suspension of any payment of the Contract Price otherwise due under the Contract Documents and/or debarment of the Successful Bidder.
30. **MULTI-YEAR EXTENSIONS:** Subject to the provision of pricing-terms of contract, and under Education Code Section 17596 and 81644, this proposal may be extended (by mutual consent expressed in writing) for two (2) additional fiscal years not to exceed three (3) years. The district can exercise its rights to extend contracts per federal limits. The renewal is contingent upon competitive pricing and all terms and conditions of the original contract as authorized by 2 CFR 200.317. The extension may be granted on a year-by-year basis provided that the following conditions are being met:
- The District has deemed the products and services of the vendor satisfactory.
  - The Vendor shall submit a list of the price increases for the next fiscal year (September 1- August 31) by the last business day in April. Price increase must not exceed the current year's San Francisco Area Consumer Price List with a maximum of 5% per contract term.
  - Such renewal will be made by notifying the vendor in writing thirty (30) days before the expiration of the contract.
31. **LIMITATIONS** - The District shall not be obligated to accept the lowest-priced RFP but will be evaluating proposals to award to the responsible and responsive proposer(s). The District reserves the right in its absolute discretion to accept submissions, or any part of proposals, as deemed necessary for the District's best interest. The District may consider the proposer's performance concerning any recent contract(s) with other school districts. The District, however, reserves the right to reject proposals, to waive any informality or irregularities in the proposal, to judge the merit and qualification of the materials, equipment, and services offered, and to accept whatever proposal deemed the best recommendation meeting all the criteria specified in the proposal and the best interest of the District.
32. **AWARD** -The District intends to select one of the Bidders—but reserves the right to select no Bidder or more than one Bidder—that best meet(s) the District's needs to perform the Services as described in this RFP. The Successful Bidder will be selected based on qualifications and demonstrated competence that include relevant experience with public agencies, including local agencies, and a proven track record of success for these types of Services. Proposals will be evaluated separately and will be awarded to one or more Bidders based on the highest scored Proposal. The Evaluation Criteria, Descriptions, and Point Scoring are listed in Attachment 3. The contract awarded through this bid will be non-exclusive, meaning that the District may purchase, at its discretion, grocery products from other vendors throughout the contract if it deems necessary.

The Director of Child Nutrition Services will be the sole judge of merit and not necessarily accept the lowest price offered. On behalf of the District, the Child Nutrition Services Department will issue an intent to Award Letter to the successful proposer(s). The Mountain View Whisman School District Board of Education will formally award the award.

33. **BASIS OF AWARD**

The Board of Trustees of the Mountain View Whisman School District intends to award the RFP based on price, delivery specifications, minimum delivery amounts, technology and reports, and service per the specifications herein. ## **Certification And Disclosure Statements - Attachment "12"**

Following is an explanation of the submission requirements of the *Suspension and Debarment Certification Statement* and the *Certification Regarding Lobbying* by School Food Authorities (SFA) and Food Service Management/Consulting Companies.

Beginning with the 1998/99 school year, instructions to comply with procurement requirements by completion of these certifications will be included in the annual renewal of School Nutrition Programs.

**The applicability of this information begins with the 1998/99 school year and is for SFAs that meet one of the following criteria:**

- The SFA's estimated annual federal child nutrition reimbursement will exceed \$100,000
- The SFA's annual contract with a vendor exceeds \$100,000.
- The SFA utilizes a Food Service Management or Consulting Company and the annual contract exceeds \$100,000.

### ***Suspension and Debarment Certification***

This certification is required to be completed by the contractor each time an SFA renews or extends an existing contract that exceeds \$100,000. The certification is also required when an SFA puts out proposal for goods and services that will exceed \$100,000. In these instances, the SFA must obtain a completed *Suspension and Debarment Certification* from either the potential vendor or existing contractor before any transactions can occur between the sponsor and the vendor or contractor (7 CFR 3017.110). This certification is required as part of the original proposal, contract renewal, or contract extension to assure the SFA that the vendor or any of its key employees have not been proposed for debarment, debarred, or suspended by a Federal agency. While *this certification is required for all contracts in excess of \$100,000*, it is recommended that they be routinely requested under all procurements. The completed certification is to be attached to the signed contract and maintained on file by the SFA. **Do not submit the certification to the California Department of Education.**

### ***Certification Regarding Lobbying***

SFAs that receive in excess of \$100,000 in annual federal meal reimbursement **must** annually complete and **submit** this certification statement to the California Department of Education (CDE), Child Nutrition and Food Distribution Division (CNFFD). The statement is part of the annual renewal of the SFA's agreement with the California Department of Education, Child Nutrition and Food Distribution Division.

**In addition**, when SFAs put out proposal for goods and services or renew/extend existing contracts that exceed the \$100,000 threshold, they are required to obtain a completed *Certification Regarding Lobbying* from either the potential vendors and/or existing contractors before any transactions can occur between the SFA and the vendor contractor (7 CFR 3018.110). This certification is required as part of the original proposal, contract renewal, or contract extension and is not submitted to the CDE.

Also enclosed is the **Disclosure of Lobbying Activities** form. This is required to be completed if the potential or existing contractor, using other than federal funds, has paid or will pay for lobbying activities in connection with the school nutrition program agreement (Item 2 of the *Certification Regarding Lobbying* statement).

### Applicable to Both Certification Statements

- Federal law prohibits SFAs from circumventing the \$100,000 threshold by entering into multiple contracts; each of which do not equal or exceed \$100,000, but the aggregate amount of all the contracts will equal or exceed \$100,000.
- Vendors must submit completed certifications to the SFA as part of the original proposal, contract renewal, or contract extension. If completed certifications are not included, the original proposal is considered nonresponsive, and the contract renewal or extension is incomplete. In order for the SFA to consider the original proposal or renew/extend the original contract, the vendors must have submitted current certifications to the SFA.

### SFAs with Food Service Management or Consulting Contracts

SFAs utilizing food service management or consulting companies **must** include both certification statements in all Requests for Proposals (RFP). SFAs must retain the certifications with its documentation of new contracts and contract amendments/renewals submitted to the CDE, CNFDD, for approval. The food service management or consulting company must annually sign and submit to the SFA both the *Suspension and Debarment Certification* and the *Certification Regarding Lobbying*. If receiving more than \$100,000 in federal reimbursement, the SFA is required to sign and submit the *Certification Regarding Lobbying* to the CDE, CNFDD.

### Summary

- *Suspension and Debarment Certification*
  1. The SFA must include this certification in all RFPs that result in an annual contract in excess of \$100,000.
  2. A contractor is required to sign this certification when a contract or renewal contract with an SFA exceeds \$100,000 annually in federal funds.
  3. The SFA retains certification signed by the contractor with executed contract and maintains it on file.
- *Certification Regarding Lobbying*
  1. SFAs receiving in excess of \$100,000 in annual federal reimbursement must sign and submit this certification during the annual renewal of the School Nutrition Programs participation.
  2. SFAs must obtain this completed certification from any potential or existing contractor as part of any original contract or contract renewal/extension that exceeds the annual expenditure of \$100,000 in federal funds. **Retain** the certifications with proposal documents.
  3. The **Disclosure of Lobbying Activities** form may need to be completed if any payment has been made or will be made to any person or lobbying entity. (Item2 of *Certification Regarding Lobbying*.)
