

COVID-19 Planning: Outdoor Classroom Infrastructure Cost Calculator

Summary: The cost calculator chart below is intended to be used with a companion document that describes outdoor classroom infrastructure costs for a wide variety of outdoor infrastructure options.

Directions: 1) Please begin by reading the document entitled, "Outdoor Infrastructure Planning Strategies for Taking Learning Outside" to make a site plan for your outdoor learning needs, including the number and placement of desired outdoor classrooms. Make a list of existing infrastructure, and what will be needed for new spaces. 2) Use the cost calculator below to select the types the options for the infrastructure and supply options listed below are related to: seating, shade and rain shelters, health and hygiene, teaching and learning improvements that will enhance the outdoor learning experience. There is also an option for mobile outdoor classroom gear, for use in variable locations on the school grounds.)

Assumptions: 1) The following cost estimates are based on an assumption that most K-12 schools will divide their classes into groups. For the purpose of this estimate, we are assuming those "1/2 class" groups each include between 12-16 students. To calculate cost per student, divide the total cost by the number of students. 2) The "Unit Cost" listed for each item (in Column F) reflects the retail prices of items sourced from the corresponding link, listed in Column G. To estimate for your school, replace these initial estimates in the "Unit Cost" column with the actual cost of items you select. Unit costs are per person unless noted. Lower prices might be available for bulk purchases from some manufacturers. The links are for reference only. Do not purchase these products.

2) The "Unit Cost" listed for each item (in Column F) reflects the retail prices of items sourced from the corresponding link, listed in Column G. To estimate for your school, replace these initial estimates in the "Unit Cost" column with the actual cost of items you select. Unit costs are per person unless noted. Lower prices might be available for bulk purchases from some manufacturers. The links are for reference only. Do not purchase these products.

Version: 6/26/2020 -- Please note: This document is still in development. Visit our website again for an updated, expanded version. <http://www.greenschoolyards.org/covid-learn-outside>

| Item Description | Unit Type | Estimated Price Range Per Unit |
|-----------------------------------------------------------------------------|-------------|--------------------------------|
| Portable Seating for Students and/or Teachers | | |
| Use existing indoor desks/chairs - move outside (for students and teachers) | per person | \$0 |
| Outdoor seat cushion - stadium style | per student | \$6 - \$40 |
| Outdoor seat cushion - w/backrest | per student | \$16 - \$50 |

| | | | |
|----------------|--------------------------------------------------------------------------------------|----------------|-----------------|
| SEATING | Folding chair - camping style, for younger students | per student | \$15 - \$40 |
| | Folding chair - camping style with sunshade, for teachers and/or older students | per person | \$45 - \$220 |
| | Rustic Seating - Natural materials, assembled w/community participation | | |
| | Log Rounds - rustic, from an arborist or park department | per student | \$0 - varies |
| | Large Tree Trunks (8') - professionally finished as seating, roughly \$100/linear ft | per 2 students | \$800 |
| | Straw bales (organic or pesticide free) | per student | \$20 |
| | Commercially Produced Benches and Picnic Tables | | |
| | Picnic Table (6' or 8') | per 2 students | \$200 - \$1,500 |
| | Park-Style Bench (8') | per 2 students | \$250 - \$1,500 |
| | Bench to Table (5') | per student | \$250 - \$450 |
| | | | |

| Item Description | Unit Type | Estimated Price Range Per Unit |
|-------------------------------------------------------------------------------|---------------|--------------------------------|
| Event Style Tents (30' x 30' would be ideal, but is hard to find) | | |
| 20' x 20' steel party tent (temporary structure) | per class | \$320 |
| 20' x 20' commercial high peak frame tent (\$2,900) + sidewalls (\$800) | per class | \$2,900 - \$3,700 |
| 20' x 30' commercial frame tent (\$3,300) + sidewalls (\$800) | per class | \$3,300 - \$4,100 |
| 20' x 40' commercial frame tent (\$4,500) + sidewalls (\$800) | per class | \$4,500 - \$5,300 |
| Pergolas , metal or wood - standardized commercial products, or custom | | |
| 11' x 16' - Aluminum pergola with retractable cloth canopy | per 1/2 class | \$1,900 |
| 12' x 16' - Solid wood pergola with retractable cloth canopy | per 1/2 class | \$4,800 |
| Carports | | |

| | | | |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------|---------------|
| SHELTER | 9' x 15' - Lightweight shade canopy, metal frame, polyethylene top | per 1/2 class | \$238 |
| | 10' x 27' - Lightweight shade canopy, metal frame, polyethylene top | per 1/2 class | \$235 |
| | 10' x 15' - Lightweight, all-steel carport, metal frame, metal roof | per 1/2 class | \$1,011 |
| | 30' x 26' - Vertical roof carport, all metal (8' tall legs), customizable size, optional side walls (\$330/wall) - bulk discounts available - price includes delivery and installation, sales tax is extra; price varied by state | per 1/2 class | \$4,020 |
| | 30' x 30' - Customizable size - priced for 30x30, metal frame and roof | per class | \$4,425 |
| | | | |
| | Yurts | | |
| | 15' x 15' - Lightweight waterproof cotton canvas camping tent | per 1/2 class | \$500 |
| | 24' x 24' - Sturdy wood framed/lattice, weatherproof for rain/snow | per class | \$10,000 |
| | | | |
| | Shade Sails, Awnings, and Umbrellas | | |
| | 16' x 20' - Rectangular shade sail, attach to existing buildings | per 1/2 class | \$79 |
| | 28' - Triangular shade sail, attach to existing buildings | per 1/2 class | \$73 |
| | 8' x 10' - Retractable fabric patio awning, attach to existing buildings | per 1/2 class | \$200 |
| | 11' Patio shade umbrella - for use with a picnic table and/or stand | per 2 students | \$100 - \$200 |
| Stands for patio umbrellas - one per umbrella | per 2 students | \$60 - \$120 | |
| | | | |
| <p>Note: Most outdoor classroom configurations that accommodate 12-16 students will be at least 20'-25' in diameter with physical snow shelter is required, plan for a canopy/roof that is 5'-10' wider in diameter than the seating, to allow for movement and a least 30' x 30'. Some shelters may also require side panels.</p> | | | |

| | Item Description | Unit Type | Estimated Price Range Per Unit |
|------------|---------------------------------------------------------------------------------------------------------------------------|------------|--------------------------------|
| ENE | Sun Hats Each adult and child may need a hat to reduce UV exposure. | | |
| | Bring hats from home (each person supplies their own) | per person | NA |
| | School supplies hats for every person who does not have one, or matching hats for everyone (for equity and school spirit) | per person | \$10 - \$40 |
| | | | |
| | Outdoor Handwashing Facilities | | |

| | | | |
|-------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------|---------------------------------------|
| HEALTH AND HYGII | Portable bottles of hand-sanitizer (no infrastructure) - each student to wash hands 3+ times/day with hand sanitizer, \$0.02/use with Purell Advanced, as per estimate from National Council for School Facilities | per student per use | \$0.02 |
| | Handwashing station (table, cleaning supplies, no plumbing) | per 3 classes? | |
| | Outdoor handwashing sink with 5-6 wash basins (plumbing) | per 3 classes? | |
| | | | |
| | Restroom Access | | |
| | Use existing restrooms in school building or park (see note) | per class | \$0 |
| | Rent "port-a-potties" and accompanying hand-washing stations | per 2 classes? | varies; ~\$175/month for 10 months |
| | | | |

| Item Description | Unit Type | Estimated Price Range Per Unit |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------|--------------------------------|
| | | |
| Materials for Teachers | | |
| Outdoor table, for the teacher to use to organize materials | per class | \$150 - \$500 |
| Whiteboard with study base, for use outside | per class | \$40 - \$250 |
| Dry erase markers and eraser (2 sets of 16 markers) | per class | \$25 - \$50 |
| Portable microphone and speaker to amplify the teacher's voice, if needed | per class | \$35 - \$150 |
| Sturdy storage shed (approx. 1 shed per 4 classes) | per grade | \$300 - \$6,000 |
| | | |
| Materials for Students | | |
| Clipboards for each child | per student | \$1 - \$4 |
| Class sets of: pencils, pens, dry erase markers, pencil sharpeners -- Not included in this estimate. Assume that existing indoor supplies can be brought outside. | per student | varies |
| Other class-specific materials (e.g. hand lenses, measurement tools, books, etc.) | per student | varies |

| | | | |

| | | | |

| | Item Description | Unit Type | Estimated Price Range Per Unit |
|------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------|--------------|--------------------------------|
| LANDSCAPE IMPROVEMENT | Container Garden Infrastructure , to create a welcoming environment | | |
| | Metal planting beds (galvanized stock troughs), 100 gal 2'x2'x4' example used here - many sizes available - most durable option, easy to maintain | per class | \$80 - \$100 |
| | Wooden planting beds, made from wine barrels | per class | \$40 - \$50 |
| | Large plastic pots (20" diameter or larger) | per class | \$15 - \$25 |
| | Garden hose, to connect with accessible hose bib (50'-100' long) - drinking water safe hose | per class | \$60 - \$100 |
| | | | |
| | Soil and Plants , to fill container gardens | | |
| | Large, flowering shrubs, appropriate for local climate | per plant | \$20 - \$40 |
| | Potting soil for container gardens (w/o pesticides or chemicals) | per cubic ft | \$3 - \$8 |
| | | | |

Note: Estimated cost of a basic container garden, placed to surround a new outdoor classroom on asphalt, will be approximate

| | Item Description | Unit Type | Estimated Price Range Per Unit |
|----------------|-------------------------------------------|------------|--------------------------------|
| ET IN A | Standardized Kits for Each Student | | |
| | Backpack | per person | \$20 - \$60 |

| | | | | |
|-----------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------|--------------|--|
| MOBILE OUTDOOR CLASSROOM GEAR FOR CLASSES THAT MEET IN THE PARK | Sun hat | per person | \$10 - \$40 | |
| | Sunscreen | per student | \$8 - \$20 | |
| | Clipboard | per student | \$1 - \$4 | |
| | Writing materials (varies - assuming here 1 pkg pencils/student) | per student | \$3 - \$20 | |
| | Hand sanitizer bottle, 8 oz | per student | \$7 - \$10 | |
| | Standardized Kits for Each Teacher | | | |
| | Wagon, to transport supplies on a walk from the school to the park | per class | \$50 - \$200 | |
| | Sun hat, with wide brim | per teacher | \$15 - \$30 | |
| | Sunscreen | per teacher | \$8 - \$20 | |
| | White board, portable size (if no storage available at the park) | per class | \$75 - \$130 | |
| | Dry erase markers and eraser (2 sets of 16 markers) | per class | \$25 - \$50 | |
| | First aid kit | per class | \$25 - \$40 | |
| | Portable Seating for Students and/or Teachers | | | |
| | Outdoor seat cushion - stadium style | per student | \$6 - \$40 | |
| | Outdoor seat cushion - w/backrest | per student | \$16 - \$50 | |
| | Folding chair - camping style, for younger students | per student | \$15 - \$40 | |
| | Folding chair - camping style with sunshade, for teachers and/or older students | per person | \$45 - \$220 | |
| | Estimated cost for a standardized student kit, noted above = ~\$60 per child <i>and</i> Estimated cost for a standardized teacher kit = ~\$100 per teacher | | | |
