ACCESS TO AFTER SCHOOL TK-5th PROGRAMS PROPOSAL

Submitted by: YMCA of Silicon Valley
Submitted to: Mountain View Whisman School District
Period: FY24 - July 15, 2024 to June 15, 2025

Summary of Request:

The Provider will operate an Expanded Learning Opportunities Program that shall comply with District and state requirements. The program will operate at school sites designated by MVWSD and YMCA and will have two components: after-school and intersession. After-school will operate on regular school days from the end of the school day until 6 pm and will be closed on federal holidays. Camp will operate for 9 hours per day for 30 intersession days throughout the school year and summer (non-school weekdays) on dates and at locations determined by the District at a later time.

For after-school, the cost per child per year will be \$2,484 for TK-K (10:1) and \$1,620 for 1st-5th (20:1). Youth will be enrolled at the start of each month. Billing will be based on the yearly cost of each TK-K or 1st-5th group and be prorated depending on when each new group was enrolled.

For camp, the cost per child will be \$40 per day for TK-K (10:1) and \$33.50 per day for 1st-5th (20:1). Billing will be determined based on actual registration for each instance of camp.

District will make payments upon receiving the invoice the first of each month.

District will provide needed information for each student including general registration information, medical information, emergency contacts, status of student. YMCA will complete registration process, student may start program after providing completed YMCA Liability waiver.

The investment will provide scholarships to support transitional kinder age through fifth grade children and their families at school sites designated by MVWSD and YMCA. With the support of the district, together, we can expand the number of families gaining assistance to ensure a healthy and bright future starting with the youngest children. As these families navigate the uncertainties of stability and limited resources, this funding will provide a supportive environment to ensure a healthy future for their young children.

Target Population:

The target population for this support will be families with children who qualify for TK – 5th grade, living in Mountain View Whisman School District boundaries. Identified families receive financial assistance for program enrollment at 100%.

The YMCA will partner with the school district, who will identify, recruit and refer students and families for the wrap-around support provided by Y After School programs.

Need is Great:

Our model is effective. Children who attend Pre-K programs are more likely to arrive at kindergarten with the skills needed for long-term academic and social achievement. Higher quality early childcare and afterschool programs are associated with higher reading comprehension and math achievement scores in high school, based on a study in 2020. The effects were cumulative, with students who participated in both experiencing increased benefits. Studies show that after-school programs for school age students support everything from increasing a child’s future earning potential to reducing delinquency.

Our population has been especially affected by the COVID-19 global health emergency, socially and emotionally. Parents may have lost their jobs, experienced wage reduction, or cannot work because of caregiving burdens. Children faced changes in routine and missed significant life events, and lost security and safety (CDC, “Social, Emotional, and Mental Well-being of Children during COVID-19,” Aug. 2020).

In addition to the developmental and safety benefits to their children, working parents can count on the continuity of care that the Y’s TK-5th grade wrap-around program provides. With the peace of mind that their children are nourished, learning and safe, they can focus on maintaining consistent employment and housing stability needed to support their family.

Program Description:

This funding will provide financial assistance and ensure that all families have access to the Y’s TK After School Program for families entering into the district.

The Y is uniquely positioned to address the most prominent challenges indicated above for families to access quality TK-5th grade programs – cost, proximity, and transportation – and will provide access for youth entering TK-5th grade in the next school year. The Y’s TK-5th grade ASP models help alleviate barriers to access by providing financial assistance for families and offering programs conveniently located on school campuses to reduce barriers to transportation.

The YMCA believes that early learning and school-aged programs should provide holistic opportunities and experiences that stimulate a child’s physical, intellectual, emotional, and social development. Activities should be designed to strengthen the family unit and promote opportunities for families to work, play, and learn together. Finally, the Y believes that it is important to work in collaboration with other organizations, such as schools, churches, and social service agencies, that share the Y’s commitment and goals when serving the needs of children and families.

The Y is an active member of Kids in Common, a strategic alliance of Santa Clara County organizations focused on children’s issues and policies affecting overall health and wellbeing of children. The integrated framework engages all segments of the community with 14 concise indicators for child wellbeing. The Y’s programs address 5 of these: food security, high quality

early education, school readiness, and 3rd graders meeting ELA standards.

Designed to reduce the achievement and opportunity gap for high-need youth in TK-8th grade, YMCA of Silicon Valley's ASP is currently serving more than 4,400 students at 89 school program sites throughout Silicon Valley, the majority of which are Title I schools where greater than 50% of students are FRPM eligible.

A critical differentiator between the Y ASP and other programs is the emphasis on deep and intentional integration with schools; the collection and sharing of academic, Social and Emotional Learning (SEL) and program attendance data; and a strong emphasis on using evidence-based tools to assess and improve program quality. Our most successful school partnerships include YMCA program directors attending weekly teacher meetings, trainings and workshops. The Y and partner schools work closely together to provide the optimal targeted services to meet students' needs. The programs are place-based, offered on school campuses to reduce barriers to participation.

Y staff are well-prepared with 40-hours of training covering risk management, administration, program curriculum, Child Abuse Prevention and mandated reporting, food handling procedures, parent communication, group management, and SEL. Training includes the evidence-based, Weikart Youth Work Methods framework focused on: Structure and Clear Limits, Introduction to Active Participatory Approach, Active Listening, Ask-listen-engage, Reframe Conflict, Building Community, Cooperative Learning, Homework Help, Youth Voice, and Planning and Reflection.

The school-based YMCA Project Cornerstone youth asset development initiative will be integrated into TK-5th grade afterschool programs. Available in English and Spanish, evidence-based YMCA Project Cornerstone programs provide students with a set of Social and Emotional (SEL) skills and attitudes that promote a strong desire to learn. Through a series of volunteer-led classroom curriculum, caring adults such as teachers, parents, and caregivers, build preschoolers' social, emotional, and cognitive skills.

The program described herein is separate from the program detailed in the YMCA Facility Use Lease Agreement between Mountain View Whisman School District and the YMCA of Silicon Valley.

Commitment to Equity:

The Y is firmly committed to equity and inclusion. The Y recognizes the importance of ongoing, understandable, and accessible communication to ensure families know about the Y after school programs, know how to enroll their children, have full information about program activities and their child's progress, and have opportunities to participate and provide feedback. School registration process include program information, including the ASP address in multiple languages, and teachers and principals provide information through school newsletters, notes home, and word of mouth. The Y hires staff from the community who speak students' and their families' home languages, including Spanish, Mandarin, Cantonese, and Vietnamese. This intentional hiring practice is part of our commitment to ensuring that communities have equal access to information about the program.

The Y has the Capacity and Experience:

YMCA in Silicon Valley has been fulfilling our commitment and mission to strengthen Santa Clara County and beyond for over 155 years. We strive to improve the quality of life and inspire individuals and families to develop their fullest potential in spirit, mind, and body. We

nurture the potential of every child and teen, improve the health and well-being of community members, and provide opportunities to give back and support our neighbors. We serve people of all backgrounds, ages, capabilities, and income levels, providing financial assistance to those in need.

YMCA of Silicon Valley serves more than 135,000 members and program participants annually from communities that span from Gilroy to Redwood City. Our locations include 10 YMCA facilities and YMCA Camp Campbell, a wilderness resident camp in the Santa Cruz Mountains. YMCA of Silicon Valley has a presence in 199 schools throughout the region, providing childcare, after school programs, health and fitness activities, and initiatives to engage adults with youth for positive experiences. We also partner with more than 200 other community organizations to help children and adults live healthier and become more active.

The Y is governed by a volunteer Board of Directors. Last year, 166 policy volunteers, more than 1,000 full and part-time staff served 135,213 people within Santa Clara, San Mateo and Santa Cruz Counties.

After the onset of the pandemic, the Y continued to serve our communities, addressing growing food insecurity, childcare crisis, and a widening achievement/opportunity gap. We pivoted operations to focus on urgent needs, providing food distribution for youth and seniors; childcare for essential workers; distance learning support for students while schools operated virtually; COVID-19 testing and vaccination sites; virtual programs for physical and mental health; and more. In summer 2020 and 2021, we expanded our food distribution services to meet increased demand for assistance and provided COVID-safe, in-person summer learning and enrichment camps to address learning loss and serve families in need of affordable childcare and youth enrichment.
