Instruction

Board Policy No. 6163.4

Policy adopted: January 22, 2015

STUDENT USE OF TECHNOLOGY

The Governing Board intends that technological resources provided by the District be

used in a safe, responsible, and proper manner in support of the instructional program

and for the advancement of student learning.

The Superintendent or designee shall notify students and parents/guardians about

authorized uses of district computers, user obligations, and responsibilities, and

consequences for unauthorized use and/or unlawful activities in accordance with district

regulations.

Before a student is authorized to use the district's technological resources, the student

and his/her parent/guardian shall sign and return the Acceptable Use Agreement

specifying user obligations and responsibilities. In that agreement, the student and

his/her parent/guardian shall agree not to hold the district or any district staff responsible

for the failure of any technology protection measures, violations of copyright restrictions,

or user mistakes or negligence. They shall also agree to indemnify and hold harmless the

district and district personnel for any damages or costs incurred.

The Superintendent or designee, with input from students and appropriate staff, shall

regularly review and update this policy, the accompanying administrative regulations, and

other relevant procedures to enhance the safety and security of student's using the district's technological resources and to help ensure that the district adapts to changing technologies and circumstances.

Use of district computers for Online Services/Internet Access

The Superintendent or designee shall ensure that all District computers with Internet access have a technology protection measure that blocks or filters Internet access to visual depictions that are obscene, child pornography, or harmful to minors, and that the operation of such measures in enforced.

To reinforce these measures, the Superintendent or designee shall implement rules and procedures designed to restrict students' access to harmful or inappropriate matter on the Internet and to ensure that students do not engage in unauthorized or unlawful online activities. Staff shall supervise students while they are using online services and may have teacher aides, student aides, and volunteers assist in this supervision.

(cf. 5144.1 - Suspension and Expulsion/Due Process)

The Superintendent or designee also shall establish regulations to address the safety and security of students and student information when using email, chat rooms, and other forms of direct electronic communication.

The Superintendent or designee shall provide age-appropriate instruction regarding safe and appropriate behavior on social networking sites, chat rooms, and other Internet services. Such instruction shall include, but not be limited to, the dangers of posting personal information online, misrepresentation by online predators, how to report

inappropriate or offensive content or threats, behaviors that constitute cyberbullying, and how to respond when subjected to cyberbullying.

Student use of district computers to access social networking sites is limited and under the direction of classroom teachers as it applies to the educational program.
