The case for reusable dishware at MVWSD

MVWSD Board of Trustees Regular meeting, June 12th 2025

We urge MVWSD to transition from single-use to reusable dishware for school meals.

This switch offers significant environmental, educational, health, and financial benefits, positioning our district as a leader in sustainability and student well-being.

Reuse beats single-use!

Where are we right now?

The district serves 2,700 lunches each day on average, close to **50,000 lunches a year**.

School meals are served in **single-use items** and are disposed of every day.

Most dishware items currently used in our district are **compostable**: paper boats and trays, degradable wraps, bamboo utensils.

Other single-use items include milk cartons, individual condiment packets, packed baby carrots; as well as clamshells for take-outs on minimum days.

Why switch from single-use to reusable dishware?

- **Less waste, less impact on the environment** - Single-use items need to be replaced every day and generate a lot of waste. They requires a lot of energy and water to produce and transport. [1] [2]
- **Educational value** - Teach sustainable habits and shifting away from the single-use 'throwaway' lifestyle.
- **Children health benefits** - Disposable foodware can leach PFAs ('forever chemicals') and other toxins into students' food.
- **Food can be more appealing** - Kids are encouraged to eat, leading to better nutrition and a reduction in food waste. (feedback from Berkeley Unified students [3])
- **Long-term cost savings** - No more recurring, ever-increasing cost of single-use items, lower trash collection fees and reduced janitorial time. Case studies show these savings more than offset the initial investment in dishware and commercial dishwashers, plus ongoing operational costs for staffing and maintenance. [2] Grants can help with the initial investment.

[1] The average US public school generates 14,500 tons of solid waste *each day*, 40% from school food services. <https://pmc.ncbi.nlm.nih.gov/articles/PMC9101714/>

[3] <https://cleanwater.org/case-study/berkeley-unified-school-district-phase-one>

Why compostables and bioplastics are not the answer [1]

- **High environmental impact** - Compostable dishware use a lot of resources to produce, ship, pick up and compost - including water to grow, and fuel to transport. They need to be replaced every day, which adds to a high environmental impact even when composted properly. [1]
- **Potential toxicity** - Many compostables are made with toxic chemicals like PFAs to make them waterproof, leading to adverse effects for children. [2]
- **Cost** - Compostable items are expensive!
(feedback from the nutrition team)

[2] The Conscious Cafeteria Report - <https://upstreamolutions.org/blog/the-conscious-cafeteria-report>

Why compostables and bioplastics are not the answer [2]

- **Sorting is hard!** Kids need to sort properly into the composting bin, which requires supervision. Despite everyone's best effort some compostable items end up in the trash, and non-compostable items end up in the compost bin, causing **contamination**.

Waste haulers increasingly push back against accepting compostable foodware. [3]

Switching to reusable dishware supports our district's goals

- In line with the district's commitment to sustainability, as set by the current board policy on [green school operations \(BP 3510\)](#).

Conserve natural resources, reduce the impact of district operations on the environment; consider long-term potential cost savings, health impacts, and potential educational value; use products that are durable, long-lasting and reduce waste.

- The district won the California Green Ribbon School District Sustainability award for the second year in a row! A swap could help the district win federal recognition.
 - [2025 California Green Ribbon School District Sustainability Honoree, Gold level](#)

Other districts are doing this... ... and so can we!

Palo Alto Unified - Replaced 7 types of single-use items across all elementary schools, hired a dishwasher and van driver, and saw cost savings of \$25,000 per year.

Berkeley Unified - Switched to reusables in 3 schools, resulting in \$13,000 annual savings. Phase 2 will expand to all schools. Students feedback highlight how nice the stainless steel trays and cups are!

Fremont Unified School District - Launched at ten K-5 schools in 2024, using an off-site dishwashing service. Used grants from the City of Fremont and environmental non-profits.

And many more !

<https://upstreamolutions.org/blog/school-case-studies>

At Bay Farm Elementary School in Alameda, students with their reusable lunch trays serve themselves from the salad bar.

Instead of individually wrapped packets, pilot schools opt for self-serve pumps for ketchup and other condiments.

At schools where dirty dishes are washed off-site, students place trays and utensils into wash baskets,

Blacow Elementary School in Fremont launched their transition to reusable foodware with a school assembly.

Proposal

1 - Direct staff to conduct a feasibility study for adoption of reusable foodware at MVWSD

- Identify grants available from local government agencies and nonprofits (Santa Clara County, City of Mountain View etc.)
- Rely on expertise from the nonprofit Center for Environmental Health, whose team advised many local districts on financials and logistics

2 - Pilot project at Landels

- Principal Mr. Dolmans, 5th grade teacher and district sustainability lead Mr. Gorman, PTA parents are in favor and supportive

3 - Develop a long-term plan for 100% safe, reusable foodware across the district

9. MASTER CONTRACT DISPUTES

Any disputes or disagreements between CONTRACTOR and LEA regarding implementation or interpretation of this Master Contract, or otherwise relating to this Master Contract, that are not informally voluntarily resolved shall be addressed and/or resolved as set forth in this section of the Master Contract. This provision in this section of the Master Contract, shall apply to all disputes and disagreements related to events that occur and/or injuries that are incurred and/or commence during the term of this Master Contract, even if the party claiming injury first discovers the events and/or injuries giving rise to the disagreement or dispute or first notifies the other party of the disagreement or dispute, after expiration of this Master Contract. For purposes of this section of the Master Contract, the term "injury" shall include monetary and/or non-monetary injuries.

Step One: The party claiming injury as a result of the facts underlying the dispute or disagreement shall first attempt to resolve the dispute directly between senior level representatives of the parties. If CONTRACTOR is the party claiming injury, CONTRACTOR shall notify the LEA's Special Education Director or other LEA employees known or reasonably believed to be responsible for LEA's special education program, of the existence of disagreement or dispute, and attempt to resolve the matter informally.

Step Two: If the dispute or disagreement is not resolved at Step One, the party claiming injury as a result of the facts underlying the dispute or disagreement shall notify the Administrator of the SELPA of which the LEA is a member and request that the SELPA administrator facilitate a meeting to assist both parties in resolving the dispute or disagreement. The cost of the mediator will be shared by both parties.

In this step, both parties have the opportunity to share information, describe the issues, discuss their interests and understandings, and explore ideas for the resolution of the dispute. Both parties must agree to participating in the mediation. The process remains voluntary in that the parties are not required to come to agreement. The mediator does not have the power to decide for the parties but can help the parties find a mutually acceptable resolution.

Step Four: If the dispute or disagreement is not resolved at Step Three, the party claiming injury may seek legal and/or equitable redress in a court of competent jurisdiction, or if mutually agreed to in writing by the parties, may submit the matter to the binding arbitration by an arbitrator or arbitration service to be agreed to by the parties.

CONTRACTOR shall be invited to participate in the review of each student's progress.

CONTRACTOR understands that LEA reserves the right to institute a program audit with or without cause. The program audit may include, but is not limited to, a review of core compliance areas of health and safety; curriculum/instruction; related services; and contractual, legal, and procedural compliance.

Standardized tests including state mandated assessments shall be administered pursuant to LEA state and federal guidelines. The LEA is responsible for scheduling and issuing the Notice of Meeting for all IEP team meetings. Parents or guardians shall be notified of the IEP meeting early enough to ensure an opportunity to attend. 40. CLASS SIZE-NONPUBLIC SCHOOL

When Contractor is a nonpublic school, CONTRACTOR shall ensure that class size shall not exceed a ratio of one teacher per twelve (12) students. Upon written approval by an authorized LEA representative, class size may be temporarily increased by a ratio of one (1) teacher to fourteen (14) students when necessary, during the regular or extended school year to provide services to students with disabilities.

In the event a nonpublic school is unable to fill a vacant teaching position responsible for direct instruction to students, and the vacancy has direct impact on the California Department of Education Certification of that school, the nonpublic school shall develop a plan to assure appropriate coverage of students by first utilizing existing certificated staff. The nonpublic school and the LEA may agree to one thirty (30) school day period per contract year where class size may be increased to assure coverage by an appropriately credentialed teacher. Such an agreement shall be in writing and signed by both parties. This provision does not apply to a nonpublic agency.

CONTRACTOR further agrees to provide annual training to all employees, volunteers, and any other individual who may come into contact with a student on school grounds regarding universal health care precautions and to post required notices in areas designated by the California Health & Safety Code.

45. BEHAVIOR MANAGEMENT/ POSITIVE BEHAVIOR SUPPORT

CONTRACTOR shall comply with the requirements of Education Code section 49005, et seq., 56521.1 and 56521.2. LEA students who exhibit behaviors that interfere with their learning or the learning of others must receive timely and appropriate assessments and positive supports and interventions in accordance with the federal law and its implementing regulations. If the IEP team determines that a student's behavior impedes his or her learning or the learning of others, the IEP team is required to consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations. This could mean that instead of developing a Behavior Intervention Plan ("BIP"), the IEP team may conclude it is sufficient to address the student's behavioral problems through the development of behavioral goals and behavioral interventions to support those goals.

CONTRACTOR shall maintain a written policy pursuant to California Education Code section 56521.1 regarding emergency interventions and behavioral emergency reports. CONTRACTOR shall ensure that all its staff members are trained in crisis intervention, emergency procedures, and evidenced-based practices and interventions specific to the unique behavioral needs of the CONTRACTOR's pupil population. CONTRACTOR shall maintain written records of the training and provide written verification of the training annually and upon request.

Pursuant to Education Code section 56521.1, emergency interventions shall not be used as a substitute for a BIP and shall not be employed longer than necessary to contain the behavior. Emergency interventions may only be used to control unpredictable, spontaneous behavior that poses clear and present danger of serious physical harm to the individual with exceptional needs, or others, and that cannot be immediately prevented by a response less restrictive than the temporary application of a technique used to contain the behavior. If a situation requires prolonged use of emergency intervention, staff must seek assistance from the school site administrator or a law enforcement agency.

CONTRACTOR shall complete a behavior emergency report when an emergency occurs that is defined as a serious, dangerous behavior that staff has determined to present a clear and present danger to others. It requires a non-violent physical intervention to protect the safety of student, self, or others and a physical intervention has been used; or a physical intervention has not been used, but an injury or serious property damage has occurred. Personal Safety Techniques may or may not have been used. Emergencies require a behavior emergency report form be completed and submitted to the LEA within twenty-four (24) hours for administrative action. CONTRACTOR shall notify Parent within twenty-four (24) hours via telephone. If the student's IEP does not contain a BIP, an IEP team shall schedule a meeting to review the behavior emergency report, determine if there is a necessity for a functional behavioral assessment, and to determine an interim plan. If the student already has a BIP, the IEP team shall review and modify the BIP if a new serious behavior has been exhibited or existing behavioral interventions have proven to be ineffective. CONTRACTOR shall schedule with LEA an IEP meeting within two (2) days.

Pursuant to Education Code section 56521.2, CONTRACTOR shall not authorize, order, consent to, or pay for the following interventions, or any other interventions similar to or like the following:

2. an intervention that involves the release of noxious, toxic, or otherwise unpleasant sprays, mists, or substances in proximity to the face of the individual;
3. an intervention that denies adequate sleep, food, water, shelter, bedding, physical comfort, or access to bathroom facilities;
4. an intervention that is designed to subject, used to subject, or likely to subject, the individual to verbal abuse, ridicule, or humiliation, or that can be expected to cause excessive emotional trauma;
5. restrictive interventions that employ a device, material, or objects that simultaneously immobilize all four extremities;
6. prone restraint;
7. locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room;
8. an intervention that precludes adequate supervision of the individual;
9. an intervention that deprives the individual of one or more of the individual's senses.

CONTRACTOR shall comply with Education Code section 49005.8. Specifically, Contractor shall not do any of the following:

1. Use seclusion or a behavioral restraint for the purpose of coercion, discipline, convenience, or retaliation.

2. Use locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room.
3. Use a physical restraint technique that obstructs a pupil's respiratory airway or impairs the pupil's breathing or respiratory capacity, including techniques in which a staff member places pressure on a pupil's back or places the staff member's body weight against the pupil's torso or back.
4. Use a behavioral restraint technique that restricts breathing, including, but not limited to, using a pillow, blanket, carpet, mat, or other item to cover a pupil's face.
5. Use prone containment.
6. Use a behavioral restraint for longer than is necessary to contain the behavior that poses a clear and present danger of serious physical harm to the pupil or others.

CONTRACTOR shall keep constant, direct observation of a pupil who is in seclusion, which may be through observation of the pupil through a window, or another barrier, through which the educational provider is able to make direct eye contact with the pupil. This observation shall not be through indirect means, including through a security camera or a closed-circuit television.

CONTRACTOR shall afford pupils who are restrained the least restrictive alternative and the maximum freedom of movement, and shall use the least number of restraint points, while ensuring the physical safety of the pupil and others.

In the case of a child whose behavior impedes the child's learning or that of others, the IEP team shall consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations.

All restraint practices must be reviewed and revised when they have an adverse effect on a student and are used repeatedly for an individual child, either on multiple occasions within the same classroom or multiple uses by the same individual. CONTRACTOR shall notify the student's parent/guardian when any type of physical or mechanical restraint or seclusion has been used. Upon the use of any type of physical or mechanical restraint or seclusions of an LEA student, CONTRACTOR shall complete a BER per the reporting and notification requirements listed above.

If after 60 days the Master Contract has not been finalized, either party may appeal to the SPI. Within 30 days of receipt of appeal, the SPI, or designee, shall mediate the formulation of a contract which shall be binding upon both parties.

CONTRACTOR shall submit invoices and related documents to LEA for payment for each calendar month when education or related services were provided. At a minimum, each invoice must contain the following information: month of service; specific days and times of services coordinated by the LEA approved calendar unless otherwise specified in the IEP or agreed to by the LEA; title of staff who provided the service; approved cost of each invoice; total for each service and total for the monthly invoice; date invoice was mailed; signature of NPS/NPA administrator authorizing that the information is accurate and consistent with the ISA, CDE certificates and staff notification; verification that attendance report is attached as appropriate; indication of any made-up session consistent with this contract; verification that progress reports have been provided consistent with the ISA (monthly or quarterly unless specified otherwise on the ISA); and name or initials of each student for when the service was provided.

CONTRACTOR shall verify the accuracy of reported attendance, which is the basis of services being billed for payment and shall inform service providers of their personal responsibility for the services being reported as rendered.

Upon approval of said payment demand, LEA shall make payment in an amount equal to the number of creditable days of attendance multiplied by the agreed upon unit amount. Payment shall be made within forty-five (45) days of receipt by LEA of invoices properly submitted and approved by LEA.

If an LEA fails to send a warrant for the amount requested within forty-five (45) days or failed to notify the contractor within 10 working days of any reason why the requested payment shall not be paid, the NPS may require the LEA to pay an additional amount of 1.5 % of the unpaid balance per month until full payment is made, such interest being calculated beginning forty-six (46) days from receipt of the invoice. The CONTRACTOR shall bill the LEA for the interest due.

67. RIGHT TO WITHHOLD

LEA has the right to withhold payment to CONTRACTOR when: (A) CONTRACTORS performance, in whole or in part, either has not been carried out or is insufficiently documented; including but not limited to, failure to implement the individualized education program and all attachments incorporated therein of the student(s) for whom this Contract is written; (B) CONTRACTOR has neglected, failed or refused to furnish information or to cooperate with the inspection, review or audit of its program, work or records; (C) education and/or related services is provided by LEA students by personnel who are not appropriately credentialed/licensed or otherwise qualified; (D) Contractor was overpaid by LEA as determined by inspection, review, and/or audit of its program, work, and /or records; (E) CONTRACTOR has failed to provide to LEA all documents prior to school closure; (F) CONTRACTOR has failed to provide to LEA properly prepared invoices within thirty (30) days from the end of the attendance accounting period; or (G) CONTRACTOR has failed to provide to LEA proper rebilling invoices within (30) calendar days from the date that the original invoice was returned to CONTRACTOR. Such notice shall specify the basis for LEA's

withholding payment. Within fourteen (14) days from the date of receipt of such notice, CONTRACTOR shall take all necessary and appropriate action to correct the deficiencies which form the basis for LEA's withholding payment. Upon receipt of CONTRACTOR's written request showing good cause, LEA shall extend CONTRACTOR'S time to respond by an additional fourteen (14) days.

CONTRACTOR shall comply with any requests resulting from an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm in a reasonable and timely manner. If an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm determines that CONTRACTOR owes LEA monies as a result of CONTRACTOR's over billing or failure to perform, in whole or in part, any of its obligations under this Contract, LEA shall provide to CONTRACTOR written notice demanding payment from CONTRACTOR and specifying the basis for such demand. Unless CONTRACTOR and LEA otherwise agree in writing, CONTRACTOR shall pay to LEA the full amount owed as result of CONTRACTOR's failure to perform, in whole or in part any of its obligations under this Contract as determined by an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm CONTRACTOR shall make such payment to LEA within thirty (30) days of receipt of LEA's written notice demanding payment.

Services Agreement Between Acknowledge Alliance and Mountain View Whisman School District

This Services Agreement (the “Agreement”) is entered into by and between Acknowledge Alliance (“Acknowledge”), located at 2483 Old Middlefield Way, Suite 201, Mountain View, CA 94043 and the Mountain View Whisman School District (“Mountain View”), located at 1400 Montecito Ave., Mountain View, CA 94043, with respect to Acknowledge’s provision of services to Mountain View personnel and students during the 2025-2026 school year, beginning project work on July 1, 2025 and ending on June 30, 2026.

A. Overview

Students and families facing significant and complex challenges – including poverty, trauma and adverse childhood experiences, neighborhood and community violence, exposure to drug and alcohol use/abuse, incarceration, immigration and legal status issues, divorce and blended family issues, high stress, and high academic expectations – and the school staff working with these students and families experience obstacles in the learning environment that impact the ability to focus on learning, teaching, and leading. By fostering healthy relationships, being aware of culturally responsive interventions, promoting the development of resilience, and focusing on the connections between emotions and learning as well as mental health promotion, students are more able to focus on learning, teachers are better able to respond to student needs, and administrators have more tools to be effective leaders. These changes on the individual and school-wide level can then lead to improved academic, social, and emotional outcomes for students, more engaged and resilient school staff, and more vital, healthy, and positive learning communities.

Acknowledge believes that by strengthening the caring capacity of the adults who influence children’s lives, children will develop lifelong resilience and social and emotional wellbeing. Our work is delivered by Resilience Consultants, who are mental health or education professionals, many of whom are licensed and bilingual/bicultural, trained in our mental health framework, and members of the Acknowledge staff, who are recruited, trained, and supported to focus on the entire school community through a mental health lens that emphasizes relationships, resilience, strengths, cultural responsiveness, and prevention-focused mental health promotion.

B. Services and Fees

Acknowledge agrees to provide the following services (“Services”) through its Resilience Consultation Program (“RCP”):

Acknowledge's primary mission is to serve the youth and school community. In the unfortunate event of a school crisis, Acknowledge is prepared to provide counseling support, at Mountain View's request. Acknowledge may charge Mountain View, and Mountain View agrees to pay Acknowledge, \$150 per hour for such crisis support.

As part of the collaboration contemplated under this Agreement, each party recognizes that it may have access to confidential and proprietary information concerning the other party or its affiliates, personnel, and students, including but not limited to operational plans or strategies, educational plans, materials, or curricula, personnel information, student information, and financial information (collectively, “Confidential Information”). Each party agrees to maintain the confidentiality of such Confidential Information unless disclosure of such information is required by law or pursuant to any applicable law permitting such disclosures.

So long as this Agreement remains in effect and for a period of one (1) year thereafter, Mountain View agrees to refrain from directly or indirectly soliciting, recruiting, or attempting to solicit or recruit, any current employees, consultants, or independent contractors of Acknowledge; provided, however, that Mountain View is not prohibited from general solicitations regarding open positions and is not prohibited from communicating with an individual who, without any direct or indirect solicitation or recruiting efforts, makes first contact with Mountain View about an available position.

Either party may terminate this Agreement at any time by giving thirty (30) days advance written notice to the other party; however, the parties may agree in writing to a shorter or longer period for the effectiveness of such termination and Acknowledge reserves the right to recommend a longer transition to a termination date that respects the health of our clients. In the event Mountain View terminates the Agreement prior to the end of the Term for any reason other than a material breach by Acknowledge of the terms of this Agreement, Mountain View agrees to pay to Acknowledge 50% of the Fee that has not been invoiced as of the early termination date.

The terms of this Agreement shall not be amended in any manner except by written agreement signed by both parties. This Agreement shall be governed by and construed in accordance with the laws of the State of California, excluding its choice of law rules. Key Criteria for Partnership

Since 1994, Acknowledge Alliance has worked with schools to provide a wide range of support for students and educators. We have learned that the following key criteria are essential for success. Ours is a collaborative relationship and we want to ensure partners understand our philosophy, how we implement program services, and what is expected from partners and schools.

For successful Resilience Consultation and partnering at a school site:

- We are advisors to the school community about how to handle student and/or staff issues. We work collaboratively as a team, taking strategic approaches for both individual and school-wide matters.
- We focus on increasing the pro-social and resilience skills of students and educators.
- We rely on open communication about how and when social emotional issues arise. We collaborate on intervention approaches. At the same time, Resilience sessions are confidential and will not be disclosed to school personnel except when required by law.
- We view acting out behavior as a sign of distress and we can help staff think about consequences that are restorative, not punitive.
- We work collaboratively towards promoting a positive school climate through regular meetings between the Resilience Consultant and the Principal or a member of the administrative team.
- We approach goals and interventions that are made based on the needs of each individual student, teacher, or staff while also considering the whole school community.
- We work from a compassionate and strengths-based platform and look for our partner schools to do the same.

Appendix B Additional Terms

The Appendix is part of the Agreement between Acknowledge Alliance (“Acknowledge”), and Mountain View Whisman School District (“Mountain View”). If there is a conflict between the Agreement and the following terms in the Appendix, the Agreement shall take precedence.

JUSTIFICATION REMARKS

Date: June 4, 2025

Requestor: Cyndee Nguyen, Ed.D.
Director of Curriculum, Instruction, and Assessment
Educational Services

Vendor: Aim Institute for Learning & Research

Reason: AIM Institute Master Services Agreement 2025-26 School Year

Remarks: We would like to proceed without the use of MVWSD Independent Contractor for Professional Services Agreement (PSA) and use the vendor's Master Services Agreement. AIM Institute for Learning & Research requires use of their MSA to enter into an agreement with MVWSD.

Mariano Castro Elementary has been selected as one of 10 schools in the nation to participate in the AIM Institute's Early Reading Success School Pilot. As part of this initiative, Castro will partner closely with AIM to strengthen literacy instruction through evidence-based practices and ongoing professional learning, ensuring instructional equity and improving literacy outcomes for all students.

This is a fully-funded philanthropic project and is at no cost to MVWSD or Castro. This agreement is designed to support a collaborative and effective implementation of structured literacy practices, with a focus on long-term sustainability and measurable impact.

This Master Agreement ("Agreement") is entered into as of **July 1, 2025** (the "Effective Date") by and between **AIM Institute for Learning & Research**, a Pennsylvania corporation with its principal place of business at 1200 River Rd, Conshohocken, PA 19428 ("**AIM**"), and the customer entity identified on the signature page, applicable Order Form, and/or applicable Statement of Work ("**Customer**"). AIM and Customer are each a "**Party**" and collectively the "**Parties**."

This Agreement establishes the terms and conditions under which Customer may purchase, license, or otherwise access one or more of AIM's (a) professional-development content and related educational materials, (b) subscription-based software-as-a-service platform and associated applications, and/or (c) application services, implementation services, instructional-coaching, or other professional services (e.g. L-ILC or L-ILF).

The Parties intend this Agreement to serve as a flexible, multi-transaction framework capable of supporting a long-term strategic relationship.

1. DEFINITIONS

For ease of reference, the following terms have the meanings set forth below. Additional defined terms may appear elsewhere in the Agreement or the Exhibits.

- d. "**AIM Integrated Literacy Model**": AIM's proprietary, evidence-based instructional framework encompassing assessment, oral language, word recognition, comprehension, writing, and interactive humanities that aligns to the Science of Reading and serves as the organizing blueprint for AIM's professional-development, curriculum-alignment, and coaching services.
- e. "**API**": Any application-programming interface made available by AIM for automated interaction with the SaaS.
- f. "**Authorized Users**": Customer's employees, faculty, staff, contractors, and students (as applicable) whom Customer designates to access the Offerings and for whom Customer has paid all required fees.

- m. **"Maintenance Release"**: A version of the SaaS containing bug fixes, patches, or minor improvements that does not materially change functionality.
- n. **"Monthly Uptime Percentage"**: 100% minus the percentage of minutes during a calendar month in which the production-environment SaaS was Unavailable.
- o. **"Order Form"**: A written ordering document, whether in hard copy, electronic, or click-through format, executed by duly authorized representatives of the Parties that (i) references this Agreement, and (ii) sets forth the specific Licensed Content or SaaS products being acquired, the applicable usage metrics or seat counts, the subscription or license term, all associated fees, and the billing schedule. An Order Form constitutes the Parties' binding commitment for the purchase or renewal of such Offerings and may be amended or superseded only by a subsequent Order Form signed by both Parties.
- p. **"Personal Information" or "PII"**: Information that identifies or relates to an identified or identifiable natural person and is protected under CCPA, FERPA, COPPA, or other applicable privacy law.
- q. **"Professional Services"**: The consulting, coaching, training, project-management, data-migration, configuration, or other services to be performed by AIM personnel under a SOW or Work Order.

- t. **"Statement of Work" or "SOW"**: A written document executed by the Parties that (i) references this Agreement, and (ii) describes the Professional Services to be provided, including scope, tasks, deliverables, milestones, prerequisites, roles and responsibilities, schedule, and the applicable service fees or rate card. - v. **"Unavailable"**: A state in which the SaaS is unable to serve requests from all Authorized Users, measured at the hosting-provider load balancer.
- w. **"Work Order"**: A single written instrument executed by the Parties that (i) references this Agreement, and (ii) combines in distinct sections both (a) the commercial and licensing information customarily contained in an Order Form and (b) the service-scope information customarily contained in an SOW. For purposes of interpretation, the portion of a Work Order dealing with products and pricing is governed by the provisions of this Agreement applicable to Order Forms, and the portion dealing with services is governed by the provisions applicable to SOWs.

All references to "days" mean calendar days unless expressly stated as "business days."

2. AGREEMENT STRUCTURE; ORDERING AND PRECEDENCE

- a. **Master Framework.** This Agreement governs all present and future transactions between the Parties for any Offerings. No minimum purchase commitment is created. Each transaction will be documented in one or more Order Form, Work Order, or Statement of Work (SOW).

- b. **Order of Precedence.** In the event of conflict: (a) a mutually signed Change Order will prevail over the underlying SOW or Work Order; (b) the SOW or Work Order will prevail over the Order Form; (c) the Order Form will prevail over the main body of this Agreement; and (d) the Exhibits will prevail over conflicting provisions in the main body, but only for the subject matter of that Exhibit.
- c. **Sponsoring Agencies.** A Sponsoring Agency may execute an Order Form or Work Order under this Agreement either (a) as “Customer,” in which case the Sponsoring Agency is fully responsible for all Customer obligations, or (b) as a payor or administrative sponsor on behalf of the school or district named in the Order Form or Work Order. In the latter case the Sponsoring Agency is not a user of the Offerings, but AIM may rely on the Sponsoring Agency for purchase orders, payments, scheduling, and coordination. Nothing in this Agreement makes AIM a vendor to any third party not listed on the Order Form or Work Order.
- d. **Affiliate Participation.** Customer’s Affiliates may procure Offerings under this Agreement by executing their own Ordering Documents. Unless the Affiliate signs a separate agreement with AIM, the Affiliate will be deemed the “Customer” for that transaction and solely responsible for its obligations.
- e. **Beta, Pilot, or Evaluation Offerings.** From time-to-time AIM may invite Customer to access or use pre-release or trial versions of any AIM Offering, whether Licensed Content, SaaS software, professional services, or a discrete feature thereof, designated as beta, pilot, preview, or evaluation (each, a “Beta Offering”). All Beta Offerings: a) are provided “AS IS,” solely for testing and evaluation, and carry no warranties, service-level commitments, or performance guarantees; b) may be changed, suspended, or withdrawn by AIM at any time and in AIM’s sole discretion; and c) are excluded from AIM’s standard production support and indemnification obligations unless AIM expressly agrees otherwise in writing. If Customer elects to participate in a Beta Offering, Customer agrees to a) **Provide Feedback.** Deliver timely, candid feedback, suggestions, usage data, and error reports reasonably requested by AIM, b) **Assist with Troubleshooting.** Cooperate with AIM in reproducing, diagnosing, and validating defects or usability issues encountered during the evaluation period, and c) **Serve as a Reference.** Permit AIM to identify Customer, at a general, non-confidential level, as a reference user of the applicable Beta Offering in discussions with prospective Customers, partners, or investors. Participation in any Beta Offering is optional and may be terminated by either Party at any time upon written notice. Termination or expiration of a Beta Offering will not affect any then-current production licenses, subscriptions, or statements of work.
- f. **Purchase Orders.** Any Customer purchase-order or similar document is for administrative convenience only. No Customer-supplied terms will be binding unless expressly accepted in writing and signed by AIM.

3. LICENSED PROFESSIONAL-DEVELOPMENT CONTENT

- a. **License Grant.** Subject to Section 7 (Fees) and Customer’s continued compliance with this Agreement, AIM grants Customer a perpetual, worldwide, non-exclusive, non-transferable, and non-sublicensable right for Authorized Users to access and view the Licensed Content for a period of one year after license activation, solely for Customer’s internal educational or administrative purposes, and only through one or more of the following AIM-approved delivery modalities:
 - i. Digital Streaming – transient, view-only access via a third-party learning-management system designated by AIM (the “Platform”);
 - ii. Live, In-Person Instruction – instructor-led sessions conducted by AIM personnel at Customer’s premises or another mutually agreed location; and
 - iii. Live, Virtual Instruction – instructor-led sessions delivered via Zoom (or a successor videoconferencing tool selected by AIM).

Except for the momentary, machine-readable display incidental to the foregoing authorized access, no license is granted to download, reproduce, distribute, transmit, display, perform, copy, store, scrape, screen-capture, record, capture via AI-enabled tools, photograph, video record, translate, adapt, modify, create derivative works of, sublicense, sell, lend, lease, or otherwise exploit the Content, in whole or in part, without AIM's prior written consent. Any attempt to do so, or to enable a third party to do so, constitutes a material breach of this Agreement.

- b. **Accessibility Commitment.** AIM commits to using commercially reasonable efforts to ensure the Licensed Content conforms to Web Content Accessibility Guidelines (WCAG). Where conformance is not feasible, AIM will document known issues.
- c. **Updates and Revisions.** AIM may provide Maintenance Releases of the Content at its discretion. Major revisions or new editions will be subject to additional fees unless otherwise agreed.
- d. **Cancellation.** Pre-registration with AIM is required for all training synchronous consumption of Licensed Content. Registrations are refundable up to 21 days prior to the access / start date of the course, less a \$25 processing fee. Cancellations less than 21 days prior to the access / start date of the course will be refunded at 50% of tuition rate. Refunds will not be available if:
 - i. the Licensed Content has been activated by using the enrollment link to the AIM Pathways platform,
 - ii. a request to cancel is received less than 2 business days before the access/start date of the course,
 - iii. or if the access / start date for your course has passed, even if the Licensed Content has not yet been activated.

While AIM makes every effort to provide the training sessions on the dates as advertised, they are subject to change without notice. AIM reserves the right to cancel or change a training session due to low enrollment or reasons beyond our control. We will attempt to notify affected registrants to reduce any inconvenience - AIM is not liable for any expenses incurred due to cancellation.

4. CUSTOMER RESPONSIBILITIES FOR LICENSED CONTENT

- a. **Limit Access.** Restrict access to the Licensed Content to the specific Authorized Users identified in the Order Form or Work Order, and ensure that such access occurs only through the AIM-provided modalities.
- b. **Maintain Control.** Implement and enforce reasonable administrative, technical, and physical safeguards, including unique credentials, role-based permissions, and periodic access reviews, to prevent any unauthorized access of the Licensed Content.
- c. **Monitor Use.** Supervise and monitor all consumption of the Licensed Content by Authorized Users and remain solely responsible and liable for every act or omission that occurs under Customer's accounts, whether or not such use is authorized or violates this Agreement. Any act or omission by an Authorized User that would constitute a breach of this Agreement if committed by Customer shall be deemed a breach by Customer.
- d. **Educate Users.** Make each Authorized User aware of, and contractually require compliance with, all provisions of this Agreement that pertain to the Licensed Content, including the prohibition on reproduction, redistribution, or derivative works.
- e. **Report Misuse.** Promptly notify AIM in writing of any actual or suspected security incident, unauthorized access, or misuse of the Licensed Content and cooperate with AIM to investigate and remediate the issue.

5. SAAS SOFTWARE SUBSCRIPTION

- a. **Access Rights.** During the Subscription Term, AIM grants Customer a revocable, limited, non-exclusive right for Authorized Users to access and use the SaaS, APIs, and Documentation in accordance with the usage metrics (e.g., named users, concurrent users, enterprise license) set forth in the Order Form or Work Order..
- b. **Default Subscription Term.** Unless an Order Form or Work Order states a different period, the initial term of each subscription license is twelve (12) months beginning on the license-activation date (the “Initial Subscription Term”) and will automatically renew for successive twelve-month periods (each, a “Renewal Term”) unless either Party gives at least sixty (60) days’ written notice of non-renewal before the end of the current term. Fees for each Renewal Term will be invoiced annually in advance and are subject to the price-increase mechanism in Section 7.
- c. **Usage Restrictions.** Customer shall not: (i) circumvent technical controls; (ii) use the SaaS to process or store data that is classified, export-restricted, or otherwise subject to heightened security requirements without prior written consent; (iii) perform penetration testing without AIM’s prior approval; or (iv) employ the SaaS in life-support or safety-critical systems.
- d. **Security Audit Reports.** Upon written request no more than once per year, AIM will provide a copy of its current cybersecurity posture or an equivalent third-party security-assessment summary under an appropriate NDA.
- e. **Accessibility.** AIM commits to using commercially reasonable efforts to ensure the SaaS software conforms to Web Content Accessibility Guidelines (WCAG). Where conformance is not feasible, AIM will document known issues.
- f. **Scheduled Maintenance.** AIM will provide at least 72 hours’ notice for Scheduled Downtime exceeding 30 minutes. AIM will endeavor to schedule maintenance outside of peak school-operation hours in the Customer’s primary time zone.
- g. **Open-Source Software Compliance.** AIM represents that all OSS components used in the SaaS are utilized in accordance with their respective OSS Licenses and do not impose obligations that conflict with Customer’s restricted-use license under this Agreement.

6. PROFESSIONAL SERVICES

AIM may, under one or more Statements of Work (“SOW”) or Work Orders (“Work Order”), provide any combination of the following service categories (collectively, “Professional Services”):

- i. Application Services – on demand literacy engagements that translate the science of reading into direct services that may include breakout sessions, keynote sessions, facilitation, and other ad hoc related consulting and supportive services.
- ii. Implementation Services – end-to-end, district-wide professional services delivered through a framework that aligns leadership, delivers ongoing coaching, and uses data-driven course corrections to embed structured-literacy practices and sustain them at scale.
- iii. Instructional-Coaching Sessions – one-hour coaching appointments, remote or on-site, that provide guidance to teachers or literacy leaders. Sessions follow AIM’s six-phase coaching model (relationship-building, goal-setting, strategy modeling, guided practice, performance feedback, and reflection) and are scheduled in mutually agreed blocks.
- iv. Local Integrated Literacy Coach (L-ILC) – a competency-based program in which qualified candidates complete prerequisite coursework, attend at least ten Coach-the-Coach sessions, submit fidelity evidence, pass the Integrated Literacy Coaching Certification Exam, and qualify for annual renewal. As part of any SOW

or Word Order for this service, Exhibit A of the SOW or Work Order references the certification process.

- v. Local Integrated Literacy Facilitator (L-ILF) – a competency-based certification in which qualified candidates complete prerequisite coursework, attend six to eight Trainer-of-Trainer sessions, including assignments and companion text, and attend the annual virtual training to qualify for renewal.
- b. **Authority-Based Scope & Schedule.** The Services are limited to activities that fall within Customer’s lawful mandate, purpose, and authority as in effect on the SOW or Work Order Effective Date. AIM will not be required to perform, and Customer will not request, Services that lie outside that mandate. Any material change or expansion that exceeds Customer’s existing authority must be documented in a mutually executed Change Order or amendment setting out the revised scope, fees, and schedule. Each SOW or Work Order will define the applicable service category, scope, schedule, milestones, deliverables, assumptions, Customer dependencies, expectations, and acceptance criteria. Services begin on the later of (i) the SOW or Work Order effective date or (ii) AIM’s receipt of any required upfront payment.
- c. **Eligible Participants.** Unless an SOW or Work Order expressly states otherwise, participation in any course, training, breakout sessions, facilitations, workshop, or other educational program that forms part of the Professional Services is limited to individuals who, at the time of execution of the applicable SOW, Work Order, or Order Form, are within Customer or Sponsoring Agency’s lawful purview. Enrollment of any other individuals requires the prior written consent of both AIM and Customer and, if granted, will be documented in a mutually executed Change Order or amendment specifying any corresponding fee, scope, or scheduling adjustments.
- d. **Service Units.** Application, implementation, and coaching engagements may be time-and-materials or fixed-fee, as stated in the SOW or Work Order.
- e. **Project Governance.** Each Party will designate a project manager empowered to make day-to-day decisions on its behalf. The managers will confer from time to time, at a cadence and in a format (videoconference, telephone, or in person) mutually agreed by the Parties.
- f. **Session Length.** Unless an SOW or Work Order expressly provides otherwise, each live Professional-Services session is a single, self-contained block of up to sixty (60) minutes and may not be subdivided or prorated.
- g. **Cancellation or Rescheduling.** Unless the applicable SOW or Work Order sets a different window, Customer may cancel or reschedule a Session (coaching appointment, workshop, keynote, or other live facilitation) without charge by giving AIM written notice no later than one (1) full business days before the scheduled start time. If the Session requires AIM’s on-site travel, written notice must be given three (3) business days in advance. Requests received after the applicable deadline, or any failure to attend at the scheduled time, will be billed as reflected in the applicable SOW, Work Order, or Order Form.
- h. **Expiration of Prepaid Units.** Unless the SOW or Work Order specifies a different period, any unused pre-paid hours or reserved sessions expire twelve (12) months after the SOW or Work Order effective date and are non-refundable and non-transferable.

7. INTELLECTUAL-PROPERTY OWNERSHIP AND LICENSES

- a. **AIM Intellectual Property.** AIM owns all intellectual-property rights in and to the Offerings and any enhancements thereto, including Licensed Content, Deliverables, Aggregated Data, AIM’s Integrated Literacy Model, tools, toolkits, instructional materials, teaching models and methodologies, frameworks, analytics, algorithms, and AI models trained on Aggregated Data.

- b. **License to Aggregated Data.** Customer grants AIM a perpetual, irrevocable, royalty-free license to create Aggregated Data and use it for product improvement, benchmarking, and research. AIM will not re-identify individuals from Aggregated Data.
- c. **Customer Materials.** Customer grants AIM a non-exclusive, royalty-free, worldwide license to use, reproduce, modify, and display Customer Materials solely to perform the Services and deliver the Offerings. Customer represents that it has all rights necessary to grant such a license.
- d. **Feedback License.** Feedback is provided "as is" and without obligation. AIM may freely exploit anatomized Feedback, including by incorporating it into the Offerings.
- e. **Trademarks.** Each Party retains all right, title, and interest in its trademarks. Usage of a Party's marks requires prior written consent, except as permitted under Section 6.6.
- f. **Publicity; Reference Rights.** Unless Customer opts out in writing, AIM may list Customer's name and logo on its website and in sales presentations. Any press release requires mutual written approval.

8. CONFIDENTIAL & PROPRIETARY INFORMATION

Customer acknowledges that the Licensed Content, Deliverables resulting from Professional Services, and SaaS Software provided under this Agreement contains proprietary methodologies, copyrighted materials, trade secrets, and other confidential and intellectual property owned or properly licensed by AIM. Customer further understands that, in the course of receiving access to the Licensed Content, Professional Services Deliverables, and SaaS Software, it may become exposed to sensitive, non-public information, including AIM's instructional design, AIM's Integrated Literacy Model, pedagogical strategies, curriculum structure, tools, templates, and/or related business practices (collectively, "Confidential Information"). Accordingly, the parties agree as follows:

- a. **Confidentiality Obligations:** Customer shall maintain the confidentiality of all Confidential Information disclosed or made accessible by AIM, whether in written, oral, electronic, visual, or other tangible form, and shall use such information solely for the purposes permitted under this Agreement. Customer shall protect such information using at least the same degree of care it uses to protect its own confidential information, but not less than a reasonable standard of care. Customer shall not disclose AIM's Confidential Information to any third party without AIM's prior written consent and shall ensure that any Authorized Users or other personnel granted access are bound by confidentiality obligations no less protective than those herein. These obligations survive termination or expiration of this Agreement (i) for five (5) years from the date of disclosure, or (ii) with respect to trade secrets, for so long as such information remains a trade secret under applicable law, whichever is longer. Upon termination or expiration, all access to the Licensed Content and associated resources shall cease.
- b. **Restrictions on Use and Disclosure:** Customer shall not reproduce, modify, distribute, publicly display, transmit, or create derivative works from any portion of the Licensed Content without AIM's express written consent. Customer shall not use the Licensed Content or AIM's Confidential Information for competitive purposes or for the benefit of any third party. Confidential Information does not include information that: (a) was publicly known at the time of disclosure; (b) becomes publicly known through no fault of Customer; (c) is rightfully received from a third party without restriction; (d) is independently developed by Customer without reference to AIM's Confidential Information; or (e) is disclosed pursuant to a valid court order, subpoena, or other governmental demand, provided that Customer

gives AIM prompt written notice (to the extent legally permitted) and reasonable cooperation to seek protective treatment.

- c. **Intellectual Property Rights:** Customer acknowledges and agrees that all intellectual property rights in and to the Licensed Content, Deliverables, and SaaS software, including copyrights, trademarks, trade secrets, curriculum designs, lesson structures, tools, templates, instructional models, AIM's Integrated Literacy Model, and supporting materials, are and shall remain the sole and exclusive property of AIM or its licensors. Nothing in this Agreement grants Customer any ownership interest in the Licensed Content, Deliverables, and SaaS software. Customer shall not use AIM's name, logos, trademarks, or other branding materials in any manner, including promotional or marketing materials, without AIM's prior written authorization. AIM reserves all rights not expressly granted herein. Any unauthorized use or disclosure of AIM's Confidential Information or intellectual property constitutes a material breach of this Agreement and entitles AIM, in addition to all other remedies available at law or in equity, to seek immediate injunctive relief without the necessity of posting bond

9. DATA PROTECTION, PRIVACY, AND SECURITY

- a. **Data Processing Addendum.** The Data Protection Addendum attached as Exhibit B ("**DPA**") forms part of this Agreement and governs AIM's processing of Personal Information. In case of conflict, the DPA prevails with respect to Personal Information. Should a Data Sharing Agreement be required to support the obligations of this Agreement, a separate exhibit of the Data Sharing Agreement shall be provided.
- b. **Customer Obligations.** Customer is solely responsible for: (a) the accuracy, quality, and legality of Customer Data; (b) obtaining all necessary consents; and (c) ensuring that its configuration of the SaaS is appropriate for its compliance needs.
- c. **CCPA Service Provider.** For Personal Information subject to the CCPA, AIM will act as a "Service Provider" and will not Sell or Share (as defined in the CCPA) such Personal Information.
- d. **Incident Notification.** AIM will notify Customer of a Data Breach without undue delay and no later than 72 hours after confirmation. Notifications will include, to the extent known, the nature of the breach, the categories of affected data, and mitigation steps.

10. WARRANTIES AND DISCLAIMERS

- a. **Performance Warranty for SaaS.** AIM warrants that the SaaS will perform materially in accordance with the Documentation and the SLA during the Subscription Term.
- b. **Content Warranty.** AIM warrants that the Content and Deliverables, when delivered, will not knowingly infringe any third-party intellectual-property right.
- c. **Accessibility Commitment.** AIM will use commercially reasonable, good-faith efforts to ensure that the current release of the SaaS and any newly developed digital Content conform to the Accessibility Standards.
- d. **Professional Services Warranty.** AIM warrants that Professional Services will be performed in a professional and workmanlike manner using personnel with appropriate skills and experience.
- e. **Remedies.** For breach of a warranty, AIM will, at its expense and within a reasonable time, (a) re-perform the non-conforming Services, (b) correct the SaaS or Content, or (c) replace the affected Deliverable. If AIM is unable to remedy the breach within 30 days, Customer may terminate the affected Ordering Document and receive a pro-rated refund of prepaid, unused fees.
- f. **Disclaimers.** EXCEPT FOR THE EXPRESS WARRANTIES IN THIS SECTION, THE OFFERINGS ARE PROVIDED "AS IS." AIM DISCLAIMS ALL OTHER WARRANTIES,

WHETHER EXPRESS, IMPLIED, STATUTORY, OR OTHERWISE, INCLUDING WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND COURSE OF PERFORMANCE.

- c. **Indemnity Procedure.** The indemnified Party must (a) promptly notify the indemnifying Party, (b) grant sole control of the defense, and (c) provide reasonable cooperation. The indemnifying Party may not settle a claim that imposes non-monetary obligations on the indemnified Party without consent (not unreasonably withheld).
- d. **Exclusions and Mitigation.** AIM's obligations do not apply to claims arising from unauthorized modifications, combination with third-party products, or use beyond the scope of the license. AIM may mitigate by procuring rights, modifying the Offering, or terminating the affected Ordering Document with a refund of unused fees.

12. LIMITATION OF LIABILITY

- a. **Monetary Cap.** EXCEPT FOR EXCLUDED CLAIMS, EACH PARTY'S TOTAL LIABILITY WILL NOT EXCEED THE AMOUNT PAID OR PAYABLE BY CUSTOMER UNDER THE APPLICABLE ORDERING DOCUMENT IN THE 12 MONTHS PRIOR TO THE EVENT GIVING RISE TO LIABILITY.
- b. **Excluded Claims.** "Excluded Claims" means (a) a Party's breach of its confidentiality obligations, (b) a Party's indemnity obligations, (c) gross negligence or willful misconduct, and (d) violation of a Party's intellectual-property rights.
- c. **Exclusion of Consequential Damages.** NEITHER PARTY WILL BE LIABLE FOR INDIRECT, SPECIAL, INCIDENTAL, CONSEQUENTIAL, PUNITIVE, OR EXEMPLARY DAMAGES, OR FOR LOSS OF PROFITS, REVENUE, DATA, OR GOODWILL, EVEN IF ADVISED OF THE POSSIBILITY.
- d. **Failure of Essential Purpose.** The limitations in this Section apply notwithstanding any failure of essential purpose of any limited remedy.

13. TERM, TERMINATION, AND SUSPENSION

- a. **Term.** This Agreement commences on the Effective Date and continues until terminated as set forth herein.
- b. **Termination for Cause.** Either Party may terminate an Ordering Document or this Agreement for material breach that remains uncured 30 days after written notice.

PURPOSE & OBJECTIVES

The purpose of AIM’s Early Reading Success model is to empower educators and leaders through scaffolded learning and implementation support with a targeted focus on reading proficiency by grade 1. The model is designed as a multi-tiered system of support that connects teacher training, coaching, and leadership strategies to drive measurable student progress. Our goal is to equip teachers, enrich instructional practice, and guide leadership in creating the infrastructure that leads to transformational change in literacy achievement.

SCOPE OF DELIVERABLES

K-1 Teachers / AIM Early Reading Success Course: Delivered through AIM’s interactive Pathways platform, the course includes 7 sections and follows a Learn-Practice-Apply cycle to support translation from theory to practice. Participants explore foundational literacy components including phonological awareness, decoding, and spelling, with an emphasis on structured literacy principles. The course also features four synchronous community-of-practice sessions led by AIM facilitators and three data-dive meetings to help educators apply course content to classroom data and instructional planning. Participants complete pre- and post-course knowledge inventories to measure growth, and those who fulfill all requirements receive a certificate of completion and are eligible for 27 CEUs. This scope item includes the following:

Building Principal / AIM Implementation for Leaders: AIM’s Implementation Blueprint merges the science of reading and the science of implementation from inception to sustainability. This service ensures the alignment of effective interventions and structured implementation methods and enables contexts to achieve meaningful, long-term improvements in literacy outcomes. The program includes a 1-hour asynchronous introduction module, 25 personalized implementation sessions (virtual), and AIM’s Blueprint guide. All sessions are context-specific and cover needs sensing with implementation teams and district groups, driver selection, strategic plan development, practical tools, and data metrics to ensure sustainable success. This program specifically supports the establishment and/or refinement of an MTSS system to ensure reading proficiency in grades kindergarten and first grade.

Instructional Coach / AIM Literacy Coaching Training: AIM’s Coaching Model aims to enhance literacy instruction through a six-phased, collaborative approach. This structured model focuses on building relationships, setting goals, modeling strategies, and providing continuous support. The phases facilitate teacher growth, increase instructional fidelity, and improve student literacy achievement. This coach-the-coach model includes up to 15 individual virtual sessions, AIM’s Coaching Playbook, and all coaching protocols, walk-throughs, and checklists needed to ensure success.

Instructional Coach / AIM Literacy Coach Certification: AIM Certified Literacy Coaches (L-ILC) must meet the following criteria to obtain certification: (1) Attend a minimum of 10 Coach-the-Coach sessions (Subject to Readiness), (2) Structured Literacy Coaching Certification Exam (SL-C), (3) Required uploads: Classroom Observations and Fidelity Inventories, and (4) Completion of Pre & Post Performance Tasks.

Mountain View Whisman School District
Agenda Item for June 12, 2025 Board Meeting

Agenda Category: CONSENT AGENDA

Agenda Item Title: Award of Contract – Electronic Health Record (EHR) and Billing Support

Person Responsible: Karin Jinbo, Director of Health and Wellness

Background:

As part of the Children and Youth Behavioral Health Initiative (CYBHI) infrastructure grant, a Request for Proposals (RFP) process was conducted for an Electronic Health Record (EHR) and billing support. Grant funding for this project provides infrastructure development funds for 2 years. Thus, the RFP sought proposals covering services through June 2027. Proposals were received from 4 prominent companies engaging in CYBHI activities with school districts within California. All vendors were deemed responsive and responsible, with proposals demonstrating the various capacities in this emerging field.

Proposals were evaluated based on several key criteria, with scoring conducted in alignment with evaluation criteria stated in the RFP. While the financial cost played a role in vendor ranking, a balanced scorecard approach was used to ensure that providers also met the District’s expectations in areas such as needs identified in the RFP, implementation timeline, platform functionality, and staff qualifications and support. The scoring resulted in the following:

| Vendor | AxiomEHR (Radicle/KCare) | CareSolace | Medical Billing Technologies | TadHealth |
|--|-------------------------------------|-------------------|---|------------------|
| Addresses the needs in the RFP (30) | 20 | 30 | 20 | 30 |
| Implementation timeline (20) | 15 | 15 | 10 | 20 |
| Fiscal Implication (20) | 15 | 20 | 15 | 0 |
| Platform Operability and Functionality (15) | 10 | 15 | 10 | 15 |
| Staff qualifications and experience for supportive purposes (15) | 10 | 10 | 15 | 10 |
| Total (100) | 70 | 90 | 75 | 85 |

Recommended Contract Award:

Following the review and scoring of these proposals, Care Solace, Inc. was selected for contracting. Staff is recommending to contract with Care Solace, Inc. for our EHR and billing support services through June 2027.

Fiscal Implication:

All costs associated with this contract are covered through a one-time CYBHI grant. Estimated costs across two years are not to exceed \$1.50 per student and 7% of the approved claims value during the life of the contract. The total projected baseline cost is dependent upon student enrollment and is estimated not to exceed approximately \$14,000 for two years, plus 7% of approved claims with a total amount yet to be determined.

**MOUNTAIN VIEW WHISMAN SCHOOL DISTRICT (MVWSD)
REQUEST FOR PROPOSALS FOR
ELECTRONIC HEALTH RECORD AND BILLING SYSTEM (RFP_2025_03_27_EHR)
Health and Wellness Department**

1. INTRODUCTION

The **Mountain View Whisman School District (MVWSD or “the District”)** is seeking proposals for data and billing system that meets the infrastructure needed for the Children and Youth Behavioral Health Initiative (CYBHI) Electronic Health Record (EHR) and claims system for the 2025-26 and 2026-27 Academic Years.

The CYBHI is a program in California that helps kids, teens, and young adults get support for their mental health. CYBHI works to improve how mental health care is provided by making it more available, affordable, and effective. The goal of CYBHI is to make sure every young person in California has the mental health support they need to grow up happy, healthy, and strong. CYBHI specifically helps schools through the Statewide Multi-Payer Fee Schedule (MPFS). This allows schools to access reimbursement from the state to pay for mental health services for students. Schools can use CYBHI reimbursements to expand access to mental health care so kids can get help right where they learn.

The infrastructure needed by the District to participate in the Statewide Multi-Payer Fee Schedule (MPFS) includes an Electronic Health Record (EHR) and claims submissions, claims support, and claims monitoring.

The District is seeking a HIPAA business associate (“Contractor”) to provide an Electronic Health Record (EHR) platform that includes claims submission and support. The Health and Wellness Department manages all prevention and early intervention mental health activities for the upcoming Statewide Multi-Payer Fee Schedule (MPFS). The contractor will provide the District with an EHR that supports the tracking and documentation of services provided at our school sites. The platform will also support identifying student eligibility and billing cycle management for successful claims submission. The platform will be accessed by providers, administrators, and all future staff who provide prevention, early intervention, and acute mental health services. The District seeks proposals from qualified organizations that provide the data system, claims processes and support, with embedded protections respective of the Family Education Rights and Privacy Act (FERPA) and Health Insurance Portability and Accountability Act (HIPAA).

SYSTEM REQUIREMENTS FOR CLAIMING

from Carelon Behavioral Health

CYBHI Fee Schedule Claiming and Billing Solutions

DHCS has contracted with Carelon Behavioral Health (CBH) as the Third-Party Administrator (TPA) for the CYBHI statewide multi-payer fee schedule. Below are CBH's system requirements and consideration for software solutions to assist LEAs.

System Requirements

- » Secure File Transfer Protocol (SFTP) Software for secure data transfers
- » Consider CBH batch provider proprietary layout template requirements and systems that could populate that template directly from an export (see provider roster management below)
- » Consider Member Batch student registration template requirements and systems that could populate that template directly from an export (see student information management below)
- » Microsoft Access – can help with member batch registration file creation.
- » Availity Compatibility
 - Availity is the claims clearinghouse used by CBH for all claims administration
- » Availity Internet Requirements
 - High speed internet connection
 - Google Chrome, Microsoft Edge, or Firefox browsers (Availity supports the current version and the three previous versions)
 - The ability to enable pop-up windows, allow JavaScript, and allow images to load automatically.
 - 1024 x 768 pixels or greater screen resolution
 - Up-to-date antivirus software
 - The latest version of Adobe® Reader to view PDF forms

April 2024 | 1

- Low priority, however, automatically updating the student record with the CBH member ID will be useful for claiming (CBH member ID required for CYBHI claims submitted to CBH)

Considerations for a software solution

As the TPA for the CYBHI fee schedule, CBH will be responsible for management of the provider network of eligible practitioners, assist in verifying student health information, including health insurance coverage, and claims administration between LEAs and multiple payers (e.g., Medi-Cal Managed Care Plans, Medi-Cal Fee for Service, commercial health insurance, and disability insurers). CBH has compiled a list of capabilities for LEAs to consider when looking for an EHR system to support the CYBHI fee schedule utilization.

Student information management

- » Ability to manage student information, including all required data elements for CBH batch registration.
- » Ability to extract student information and create file per CBH batch registration guide proprietary layout.
- » Ability to transmit batch registration file to CBH via SFTP.
- » Ability to ingest CBH batch registration proprietary response files.
 - Low priority, however, automatically updating the student record with the CBH member ID will be useful for claiming (CBH member ID required for CYBHI claims submitted to CBH)

Provider roster management

- » Ability to manage provider information, including all required data elements for CBH batch provider proprietary layout.
- » Ability to extract provider information and create file per CBH batch provider proprietary layout.
- » Ability to transmit batch provider file to CBH via SFTP.
- » Ability to ingest CBH batch provider proprietary response files.
 - Low priority, however, automatically updating the student record with the CBH provider ID may be useful for customer service inquiries (CBH provider ID not required for claiming)

Claims management

- » Ability to create claims for services provided, including all standard and required data elements for a valid outpatient claim.

- » Ability to transmit claim to CBH claims clearinghouse, Availity (preferred method), OR ability to create standard X12 837 file for batch submission to a claim's clearinghouse or CBH directly via SFTP.
- » Ability to ingest standard X12 response files (999, 277CA)
- » Ability to ingest standard X12 remittance file (835)

Electronic Health Records (EHR) Systems

Electronic Health Record (EHR): an electronic version of a patient's medical history, that is maintained by the provider over time, and may include all the key administrative clinical data relevant to that person's care under a particular provider, including demographics, progress notes, problems, medications, vital signs, and past medical history.

The use an EHR could benefit Local Educational Agencies (LEAs) who are using the CYBHI fee schedule and are in need to a system that can securely capture, store and transmit sensitive protected health information (PHI) of students. All PHI, whether electronic, written, and oral, is subject to privacy protections under the Health Insurance Portability and Accountability Act of 1996 (HIPAA). Certified EHRs can offer protection to PHI when properly developed with security in mind.

Primary focus of work, a summary of qualifications and differentiators.

Care Solace is a social purpose organization dedicated to facilitating access to mental health care, regardless of circumstances. For the past nine years, Care Solace has been dedicated to “calming the chaos of mental health care.” Through a trusted and established care coordination support model, students, families, and staff are connected with verified mental health providers while navigating specialties, availability, cultural relevance, language, and insurance. To facilitate access for everyone, Care Solace built proprietary software to create one of the largest networks/systems of verified behavioral and mental health service providers in the US with nearly 700,000 providers spanning all pathways of care to serve every clinical need category. In California, Care Solace supports 384 Districts, 4,582 schools, and 3.1M students, staff and families. **Care Solace has extensive experience working with California LEAs; the Care Solace platform has been implemented with LEAs in 49 of 56 California counties. Building on this, Care Solace launched the *All-In-One EHR Built for Schools* to support the school-based healthcare reimbursement model introduced through the CYBHI program in California.**

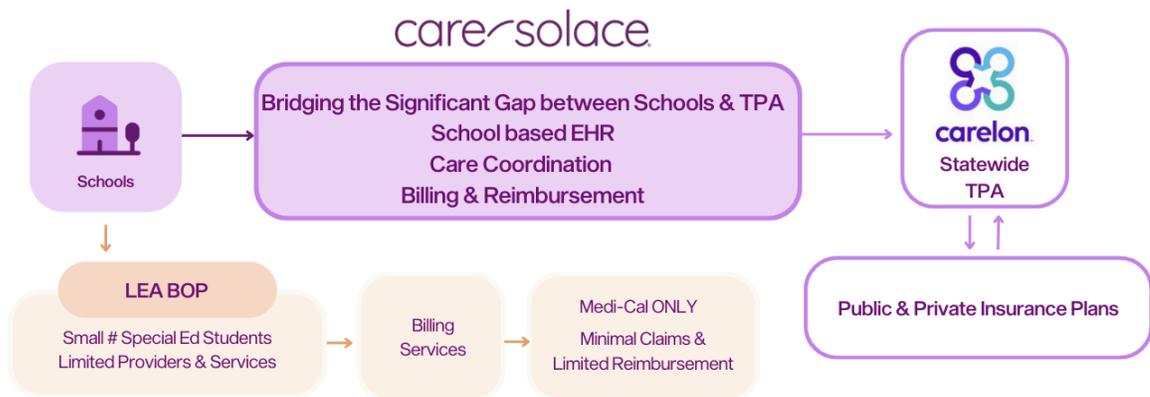

- The foundations of the platform are rooted and well-tested in California school districts. For more than 8 years, school counselors, social workers and staff have used Care Solace to facilitate a care coordination process that **initiates an intervention,**

establishes a case, captures the notes, supports collaborative teams, and enables billing and claims processing.

- The platform currently supports counselors, social workers and mental health staff in **more than 40% of California School Districts.**
- Care Solace understands the daily workflows and challenges facing the staff as they manage cases and provide services to students.
- The technology is human enabled; Care Companions serve as case management supports beyond the warm handoff, including securing insurance information and consent.
- The team has extensive experience with **Short Doyle and DMC-ODS, and LEA SMAA reimbursement and LEA BOP reimbursements, as well as CYBHI and School-based Multi-Payer Fee Schedules.**

Care Solace All-in-One EHR is uniquely positioned to support districts as a bridge between schools' expanded activities & interventions and health plan needs.

The Care Solace All-in-One EHR solution supports comprehensive case management, clinical, and financial management features. In addition, the platform supports care coordination, access to mental health providers, access to social services, and human intervention for assistance, investigation, insurance, and consent for billing. Care Solace EHR is purpose-built for serving mental health in a school setting, designed to document

intervention, provide a guided experience to record billing codes relevant to CYBHI, and support a seamless claims and reimbursement process.

b) A description of Care Solace's understanding of the needs and goals in regard to the scope of services

The Care Solace understanding of the Mountain View Whisman School District (MVWSD) RFP is to select a partner who provides the human and technical infrastructure necessary to support CYBHI EHR and to optimize the claims and reimbursement process. The primary goal of this initiative is to expedite reimbursements for eligible services through an easy to use platform that automates the conversion of clinical notes to billing codes for claims submission while supporting the systems integrations, workflows, collaborations, document creation/management, and reporting necessary for success. To facilitate participation in the State's MPFS, the MVWSD infrastructure must include EHR and claims submissions, claims support and claims monitoring. The platform must be FERPA and HIPAA compliant.

At the highest level, the functionality should include:

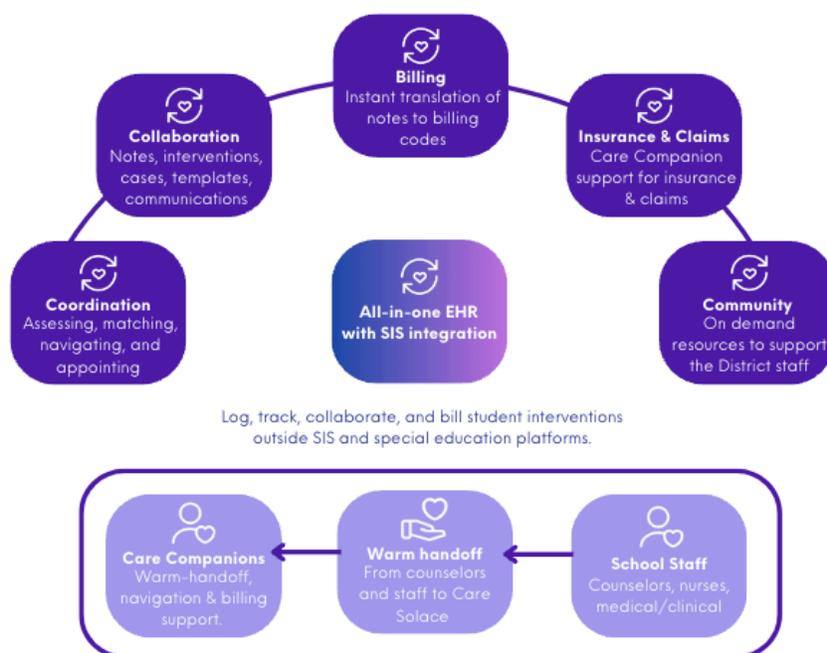

- Claims submission and support
- Tracking and documentation of services provided at school sites
- Billing cycle management
- Student eligibility
- Access for providers, administrators, staff who provide prevention, early intervention and acute mental health services.

c) A summary of how Care Solace will establish a comprehensive program to meet the needs and achieve the goals of the scope of service

The Scope of Services begins with a collaborative approach to build an effective

implementation plan and approach, complete with timelines and the ability to track progress. Critical to this plan will be the development of workflows and processes aligned with the local needs and the delivery of training for administrators, practitioners, and staff as appropriate. The Care Solace platform includes administrative, billing and EHR functionality (Clinical, Engagement, Customization, as well as data integration and reporting). Care Solace supports comprehensive case management, clinical, and financial management features. In addition, the platform supports care coordination, access to mental health providers, access to social services, and human intervention for assistance, investigation, insurance, and consent for billing. **Care Solace All-In-One EHR is fully integrated and HIPAA and FERPA compliant.**

c) A brief description of the characteristics, if any, that distinguish Care Solace from others and d) A summary of how Care Solace will establish a comprehensive program to meet the needs and achieve the goals of the scope of service.

Care Solace has a long history of providing services to California school districts; more than 40% of the enrolled students, staff and families have access to our care coordination services. Of the 5,800,000 California enrolled students, Care Solace currently supports 2,461,756 enrolled students. As the Children and Youth Behavioral Health Initiative transforms the way California supports children, youth and families, Care Solace is well-positioned to provide comprehensive electronic health record (EHR) system software while playing a critical role in supporting the operational readiness of districts and schools.

Care Solace All-In-One EHR was designed from the perspective of the staff and the whole child, and it was built specifically for schools. The platform is more than billing and as such supports customized workflows, collaborations, interventions, and SIS integrations. The foundations are rooted in the care coordination warm-handoff process that initiates an intervention, establishes a case, captures the notes, supports collaborative teams, and facilitates/automates billing and claims processing. Most importantly, the technology is also human enabled; Care Companions serve 24/7/365 as case management and billing support including securing insurance information, consent and investigation. This approach reduces the need for intervention by school staff and expedites the billing and reimbursement process by removing significant obstacles.

Care Solace begins with an Initial onboarding meeting with MVWSD leadership to explain and demonstrate the service and plan for implementation. MVWSD has the option to request this to be an in-person or remote meeting and adjust the length as needed. During this meeting, Care Solace is collaborating with MVWSD to determine priorities, needs and idiosyncrasies of the

schools. The goal of this meeting is to map the Care Solace functionality to the MVWSD requirements in even greater detail to identify the need for customization, and to determine key implementation details such as integration set up, user configuration, training schedule and rollout plan, and a go-live date.

Hand-in-hand with the technical plan is the communication and training plan. A comprehensive plan must include engagement and utilization methods. The system will be easy to use, but it must be used. Care Solace engages “care heroes” in the organization to boost adoption and ease transitions. The implementation is as much a change management exercise as it is a technical project. The Care Solace framework for implementation provides a roadmap for transitioning individuals, teams, and the entire organization from their current state to a desired future state by helping minimize resistance, building stakeholder support, and ensuring desired outcomes.

Care Solace’s change management approach ensures a comprehensive approach to the implementation.

administrators on mental health protocols and procedures, and working with district leadership on district-wide policies and procedures that facilitate wellness for all stakeholders.

Ashley McDevitt, MHSA is the Executive Director of Provider Operations and Integration for Care Solace. With an initial focus on providers, Ashley established the Provider Outreach Team, Provider Support Team, and Data and Research Team. Through that effort, she increased providers enrolled in the Care Solace intake process by 8376% in a two year period. In California Ashley and her team have sourced and verified more than 175,000 mental health providers. Ashley also serves as a lead on the launch and onboarding team for the All-in-One platform and has successfully launched LEAs on the platform and into CYBHI.

Miriam R. Stevenson, MA, PPS, ASC is the Executive Director of Community Engagement for Care Solace. Miriam created custom resources to support school, implementation and promotion of services. Electronic Health Record Functionality:

The workflow and functionality are easily accessible through a role-based dashboard

Daily tasks, upcoming tasks, collaborations, and access to resources are evidenced on the dashboard. This is the primary point for navigating the system.

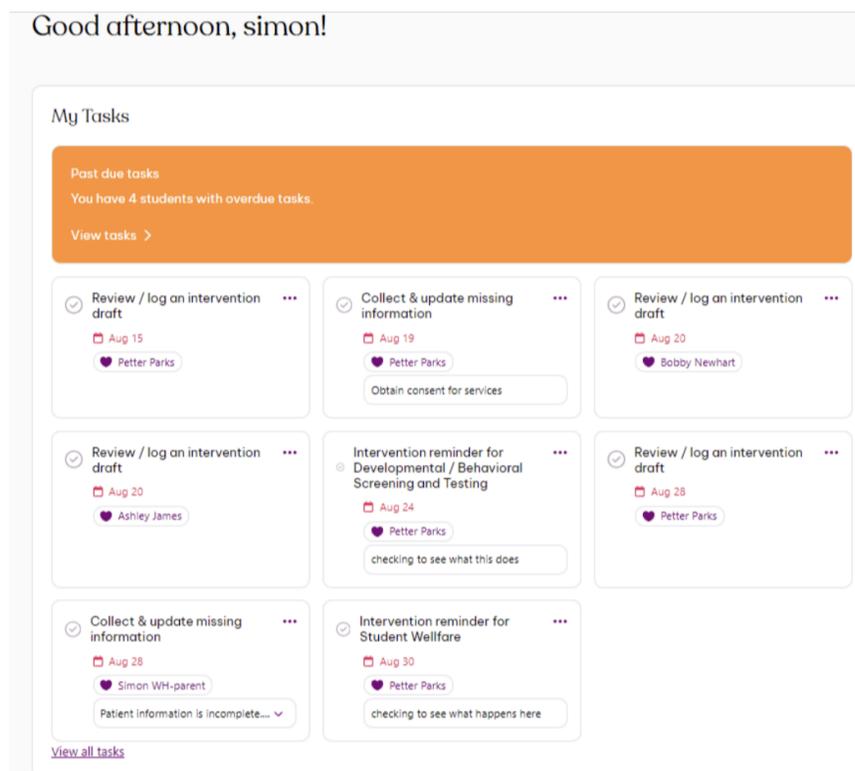

The system is easy to use and was designed by school administrators, clinicians, counselors and subject matter experts. The keen understanding of the daily needs of each role were defined by this team.

Standard & Program Specific Client Demographic Data The platform solution supports client demographic data collection required for billing, while also allowing organizations to track

program-specific demographic data, which can be easily modified over time.

Care Solace offers a fully integrated referral and EHR system. In a school system, referrals can be made between providers, to on-campus resources, or to customized workflows and recipients of referrals. School staff can log interventions and document admission, transfers and discharge under the notes section. The platform has a robust notification system that alerts school staff on tasks that need to be completed for school based interventions, including reminders for outstanding tasks and upcoming due dates. School staff can work collaboratively on tasks. The platform includes a flexible and customizable “task“ functionality to track and alert users on health/case records, files, outcomes, and pending clinical and administrative responsibilities. It supports tracking program-specific satisfaction and outcome data, other required reports like medication errors and abuse. The following screenshots from the platform illustrate the functionality.

Electronic Record Pre-population

The system streamlines form completion by automatically prepopulating forms through integration with the SIS system. The system ensures accuracy and reduces manual entry by leveraging existing student data. This functionality improves efficiency and reduces errors, allowing users to focus more on care rather than administrative tasks.

Forms and Tasks: The system supports the generation of forms and includes a robust task and tickler notification system to alert staff and to remind them of outstanding tasks and upcoming due dates. The platform includes a flexible and customizable “task” functionality to track and alert users on health/case records, files, outcomes, and pending clinical and administrative responsibilities. The platform breaks down and establishes alerts/ticklers for all stakeholders.

- It also supports tracking program-specific satisfaction and outcome data, as well as other required reports like medication errors and abuse.
- Supervising roles can monitor activities, such as: progress note compliance and progress through role based access controls.

Diagnostic and Statistical Manual (DSM) Diagnoses & ICD-10 Codes

The platform has AI capability to suggest appropriate ICD-10 codes based on intervention data and notes entered by staff. Staff have the ability to override system suggestions and also manually enter codes. This screenshot from the platform illustrates the functionality.

Referral Tracking & Admission Notes:

The Care Solace platform offers extensive call tracking and disposition data, enabling staff to document referral call details using Warm Handoff. It supports comprehensive referral workflow

tracking, ensuring seamless management of admissions processes. Additionally, the “task” feature helps monitor the completion of student-specific tasks, such as clinical and billing reviews, approvals, and securing necessary documentation. These screenshots from the platform illustrate the functionality.

The screenshot shows a 'My Tasks' dashboard with a navigation bar at the top containing: 'My Tasks 8', 'Rejected Collaborator Tasks', 'Collaborator Tasks 3', and 'My Completed Tasks 13'. The main area displays a grid of task cards:

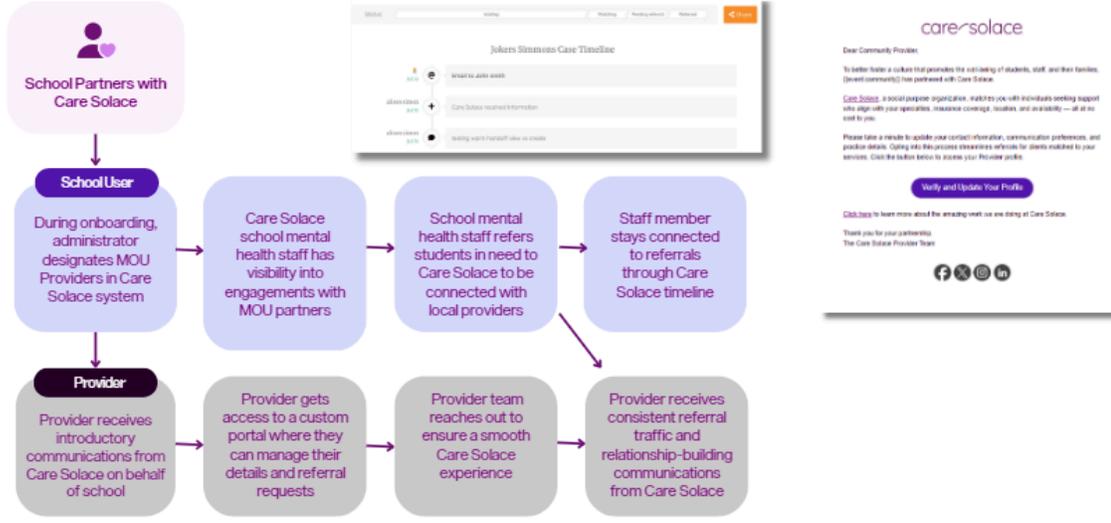

- Task 1:** Review / log an intervention draft (Aug 15) assigned to Petter Parks.
- Task 2:** Collect & update missing information (Aug 19) assigned to Petter Parks, with a sub-task 'Obtain consent for services'.
- Task 3:** Review / log an intervention draft (Aug 20) assigned to Bobby Newhart.
- Task 4:** Review / log an intervention draft (Aug 20) assigned to Ashley James.
- Task 5:** Intervention reminder for Developmental / Behavioral Screening and Testing (Aug 24) assigned to Petter Parks, with a sub-task 'checking to see what this does'.
- Task 6:** Review / log an intervention draft (Aug 28) assigned to Petter Parks.
- Task 7:** Collect & update missing information (Aug 28) assigned to Simon WH-parent, with a sub-task 'Patient information is incomplete. Complete insuranc...'.
- Task 8:** Intervention reminder for Student Welfare (Aug 30) assigned to Petter Parks, with a sub-task 'checking to see what happens here'.

The screenshot shows two main sections of the platform interface:

- Areas of Focus:** Includes 'Student details' and 'Insurance details'. Under 'Presenting Needs', there is a diagram with five interconnected circles: 'Psychological', 'Substance Use', 'Anxiety (excessive worry, fears)', 'Panic attack', and 'Depression (sadness, irritability, anger, apathy, lack of motivation, withdrawal)'. Below this, 'Completed Interventions' shows 'Individual Counseling' with a count of 7.

Discharge Planning & Referral Tracking:

Staff can log discharge planning under the “notes” section. For referral tracking, staff can use Warm Handoff capability which allows users to track up to date status on the referral. This screenshot from the platform illustrates the functionality.

The screenshot displays the Care Solace user interface. At the top, there is a navigation bar with the Care Solace logo and menu items: Dashboard, Add Student, Impact Report, Admin, Claims, and Care Community. A search bar is located on the right side of the navigation bar.

The main content area is divided into two columns. The left column features a profile card for Bob Newhart, including his Case ID (64558687), Student ID (12344321), and contact information for his guardians, Darrell Newhart. An "Open Profile" button is visible at the bottom of the card. The right column features a profile card for Simon Danger Joshi, identified as a Care Companion, with an "Email Me" button and details about the case received on August 01 and activity (1 text, 1 email).

Below the profile cards, there is a "Status:" field and a "Share" button. The central part of the interface is titled "Bob Newhart Case Timeline" and contains a vertical list of events:

- Sep 11:** Simon Danger Joshi started work on this case.
- Sep 11:** Email to Simon Joshi: Hi Simon! We received your Warm Handoff request and have assigned Bob to a Care Companion. Please continue to check your Care Loop dashboard for updates on this case!
- Aug 01:** Text to Darrell Newhart.
- Aug 01:** Care Solace received information.
- Aug 01:** please help family.

The Care Solace EHR makes it very easy for school-based teams to capture clinical documentation across the broad spectrum of school-based services in support of claim processing for CYBHI, LEA BOP, and can also be used for County contracted services billing. Care Solace’s system can generate claim charges and rates based on corresponding program fee schedules. The Care Solace EHR is designed to be school staff-centric. It is an all-in-one solution that eliminates the need for double-entry and supports the communication, coordination, and collaboration of multi-disciplinary school-based care teams around student care. Care Solace has a unique combination of the most contemporary technology to integrate with SIS, other school systems, and larger external systems associated with billing (eg, Availity and Carelon for CYBHI), as well as a comprehensive services team to ensure all potential reimbursable activities are captured and directed to the proper billing channel (ie, CYBHI vs BOP). Care Solace supports our LEA partners beyond claims submission, providing full audit

services to address outside audits and address denied claims for resubmission and the highest possible reimbursement.

Proposed approach/milestones to ensure meeting the required dates.

| | |
|--|--|
| Milestones: | |
| Project Planning and Kickoff | <p>Kick off meetings are generally scheduled within 1-2 weeks (depending on MVWSD availability) after contracts are signed.</p> <p>The goal of this meeting is to determine key implementation details such as integration set up, user configuration, training schedule and rollout plan, and a go-live date. Within 48 hours of this meeting, MVWSD will receive a customized implementation plan outlining their account configuration details and clear next steps for implementation. The implementation plan also includes announcement communication templates to make it easy to let administrators and staff know about their participation in the CYBHI program and the partnership with Care Solace.</p> |
| System Configuration, Customization, and Data Migration | <p>The following milestones are generally completed within 1-2 weeks after the kick off meeting depending on how quickly MVWSD sets up their SFTP and files are shared and uploaded into the platform.</p> <p><i>SIS Integration Setup.</i> MVWSD will be provided an SFTP set up guide that outlines the steps necessary to successfully setting up an SIS integration via SFTP, data format expectations, and data requirements.</p> |

| | |
|---|--|
| | <p><i>User Configuration.</i> Care Solace provides MVWSD with a simple template to configure existing and new users in a bulk upload format. Care Solace will update information for any existing users as well as add new users to the system on behalf of the district. When it comes to activating and enabling your EHR, our team is committed to flexibility and moving at a pace that is comfortable for MVWSD. The platform can be “turned on” at the district level, specific school sites only, or among certain user groups. Your MVWSD custom implementation plan will help us determine the best cadence and approach to training (i.e. activation at district, site or user-group specific level).</p> <p><i>Document upload.</i> Care Solace provides MVWSD with a step by step guide on how to upload customized documents and templates into their global document library. These documents will be available to each user within the platform. Administrators are given early access to the platform after the SIS integration is successfully completed.</p> <p><i>Guides for historical data upload.</i> Care Solace provides video guides, templates, and step-by-step instructions on how to upload historical data. Care Solace’s technical team will work with MVWSD to format any necessary historical documents into easily transferable documents into the platform. Time frame for this will be determined based on the quantity of documents MVWSD wishes to upload, as well as the format MVWSD has the existing documents placed under. With a collaborative approach to this upload process, it can take 3-5 business days.</p> |
| <p>User Training and System Validation</p> | <p>Care Solace will work with each entity to develop an individualized training plan for initial rollout, additional training for those who missed previous sessions or periodic refresher training as needed.</p> |

| | |
|---|---|
| | <p>Training is generally delivered in two phases. In the first phase, our team will conduct a 60-minute virtual or in-person (on request) user training to cover important topics like core features, accessing care coordination and a high level billing/CYBHI discussion. Utilizing the information obtained during the Pre-Training Preparatory Meeting, the training will align with district protocols, procedures, language and policy regarding the logging of interventions and billing process.</p> <p>This phase is generally completed within 1-2 weeks after the SIS integration is completed and the timeline depends on the number of trainings MVWSD is requesting and how quickly the training can be scheduled on the district's end.</p> <p>In the second phase, our team will conduct a 60-minute virtual or in-person (on request) user training to cover the billing aspects of the platform including: CYBHI and billing overview, how to generate a claim, navigating procedural and diagnostic codes, collecting and updating student insurance information . verifying consents, and claim submission.</p> <p>This phase is generally completed within 3-4 weeks after the initial training is completed but the timeline depends on how much time MVWSD determines is adequate between training phases. Our dedicated team will work with MVWSD to develop and deliver on a customized training schedule depending on needs which may be shorter than 2-4 weeks.</p> |
| <p>Interface Development, Template Design, and Testing</p> | <p>Interface Development. Care Solace has the capability to accommodate dynamics that MVWSD encounters within their role and how that is captured within the EHR. Such development occurs through ongoing scheduled sessions post-launch, and feedback is transferred onto the EHR product roadmap of development. Some feedback may take a few days and some may take a few weeks, depending on the level of prioritization of the request.</p> <p>Template Design. Care Solace's EHR platform is prepared</p> |

| | |
|---|---|
| | <p>to receive templated designs provided by MVWSD. The platform has the capability to capture templates so that the user can access these templates through any student profile at any time. Care Solace’s EHR team is able and willing to be a thought partner should MVWSD wish to create a template document to address a specific need within the platform. Uploading of designs can take a few minutes. Development of templates can take a few hours depending on the need.</p> <p>Testing. The testing of any adjustments, customizations, or uploads can take 1-2 weeks. Care Solace takes intentional steps to ensure all features of the updated functions are seamless and user-focused, so testing of such features goes through several internal systems.</p> |
| <p>Go-Live and System Launch (Small pilot team to start off)</p> | <p>The go-live date will be determined by MVWSD and is based on the training schedule. Users are enabled on the next business day after the training is conducted. Each user will be notified by email that the system has launched and they will be promoted to log into the system. After the initial login, we will send a series of onboarding emails that outlines key functionality within the system.</p> <p>Generally, districts are launched with the EHR within 3-5 weeks after the initial kick off meeting.</p> |
| <p>Summary of timeline:</p> | <ul style="list-style-type: none"> ● Planning and Kick-off (1-2 weeks) ● System Configuration, Customization, and Data Migration (1-2 weeks) ● Interface Development, Template Design, and Testing (1-2 weeks) ● User Training and System Validation (1-5 weeks) ● Go-Live and System Launch (Small pilot team to start off) (1-2 weeks) <p>At most, a district will implement the entirety of Care Solace’s EHR (EHR & Billing) within 10 weeks of initiating the request</p> |

to launch the platform. Many variables such as technological readiness, operational readiness, CYBHI-required documentation, and the district's request to scaffold the training and information can impact this timeline to make it shorter or longer. Districts who choose to launch training by a subgroup of staff members (i.e. first school therapists, then school counselors, then school nurses, etc.) can experience the launch with overlapping timelines.

2. BUSINESS ASSOCIATE OBLIGATIONS

2.1 Request, Use, and Disclosure of PHI. Business Associate agrees that it will use and disclose PHI only in accordance with the terms of this Agreement or as is Required By Law. Business Associate acknowledges that it may use and disclose PHI obtained or created pursuant to the Services Agreement only if the use or disclosure is in compliance with each applicable requirement of HIPAA.

2.2 Permitted Requests, Uses, and Disclosures. Business Associate will not use or disclose PHI except for the purpose of performing Business Associate’s obligations to Covered Entity as described in the Services Agreement, consistent with the requirements of HIPAA and this Agreement, and for other uses and disclosures permitted under this Agreement. Business Associate will not request, use, or disclose PHI in any manner that constitutes a violation of HIPAA. To the extent that Business Associate is carrying out any of Covered Entity’s obligations under HIPAA, Business Associate will comply with all requirements of HIPAA that apply to a covered entity.

In accordance with 45 C.F.R. § 164.504(e)(4), Business Associate may request, use, or disclose PHI:

(a) as is necessary for the proper management and administration of Business Associate, or

(b) to carry out the legal responsibilities of Business Associate.

2.3 Business Associate may disclose PHI for these purposes, in accordance with the provisions of 45 C.F.R. § 164.504(e)(4)(ii), only if either:

(i) the disclosure is Required By Law, or

(ii) Business Associate obtains reasonable assurances from the person to whom Business Associate discloses the PHI that the PHI will be kept confidential and used or further disclosed only as Required By Law or for the purposes for which it was disclosed to the person and that the person will notify Business Associate of any instances of which it is aware in which the confidentiality of the information has been breached.

2.3 Minimum Necessary Requirements. Business Associate will request, use, and disclose only the minimum amount of PHI necessary for Business Associate to perform the services for which it has been retained by Covered Entity. Business Associate agrees to comply with the Secretary’s guidance regarding interpretation of the term “minimum necessary.”

2.4 Administrative, Physical, and Technical Safeguards. Business Associate will develop, implement, maintain, and use appropriate safeguards to prevent any use or disclosure of the PHI other than as provided by this Agreement. Business Associate will implement administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of EPHI. Business Associate acknowledges that HIPAA provisions regarding administrative safeguards, physical safeguards, technical safeguards, and policies and procedures and documentation requirements at 45 C.F.R. §§ 164.308, 164.310, 164.312 and 164.316 apply to Business Associate in the same manner as to Covered Entity and Covered Entity. Business Associate will comply fully with these provisions of HIPAA.

2.5 Unusable, Unreadable, or Indecipherable PHI. Business Associate will, to the extent feasible, adopt a technology or methodology specified by the Secretary pursuant to 42 U.S.C. § 17932(h) that renders EPHI unusable, unreadable, or indecipherable to unauthorized individuals.

2.6 Agents and Subcontractors. Prior to making any permitted disclosures, Business Associate will ensure that any subcontractors that create, receive, maintain, or transmit PHI on behalf of Business Associate agree in writing to be bound by the same Privacy and Security Regulations that apply to Business Associate under this Agreement, including, but not limited to, those conditions relating to termination of the contract for improper disclosure. Further, Business Associate shall implement and maintain sanctions against agents and subcontractors, if any, that violate such conditions. Business Associate shall terminate any agreement with an agent or subcontractor, if any, who fails to abide by such obligations.

2.7 Reporting of Illegal, Unauthorized, or Improper Uses or Disclosures. Business Associate will report to Covered Entity any Breach by Business Associate or its agents or subcontractors within thirty (30) calendar days of obtaining knowledge of the Breach. The initial notification, to the extent feasible, will include the identification of each individual whose PHI has been or is reasonably believed to have been accessed, acquired, disclosed, or used during the Breach. As requested, Business Associate will provide Covered Entity with additional information in its possession to enable Covered Entity to comply with its Breach notification obligations. Business Associate will implement a reasonable system for discovery of Breaches.

2.8 Mitigation of Harmful Effect. Business Associate will take commercially reasonable actions to mitigate any harmful effect of a Breach and adopt additional or improve existing safeguards to prevent recurrence.

2.9 Access to PHI. Business Associate will make PHI contained in Designated Record Sets that are maintained by Business Associate or its agents or subcontractors, if any, available to Covered Entity for inspection and copying to enable a Covered Entity to fulfill its obligations under HIPAA. Business Associate will make PHI available for those purposes within ten (10) business days of receipt of a request from Covered Entity.

2.10 Amendments to PHI. Within ten (10) business days of receipt of a request from Covered Entity for an amendment of PHI or an Individual's record contained in a Designated Record Set, Business Associate or its agents or subcontractors, if any, shall make such PHI available to Covered Entity for amendment and shall incorporate any such amendment to enable Covered Entity to fulfill its obligations under HIPAA, including, but not limited to, 45 C.F.R. § 164.526. If an Individual requests an amendment of PHI directly from Business Associate or its agents or subcontractors, if any, Business Associate will notify Covered Entity in writing within ten (10) business days of the request. Any approval or denial of an amendment of PHI maintained by Business Associate or its agents or subcontractors, if any, shall be the responsibility of Covered Entity. Upon the approval of Covered Entity, Business Associate shall appropriately amend the PHI maintained by it or its agents or subcontractors.

2.11 Accountings of Disclosures of PHI.

a. Business Associate agrees to maintain necessary and sufficient documentation of disclosures of PHI as would be required for Covered Entity to respond to a request by an Individual for an accounting of disclosures as necessary to fulfill Covered Entity's obligations under HIPAA, including, but not limited to, 45 C.F.R. § 164.528. Notwithstanding Section 4.3 below, Business Associate and any agents or subcontractors shall continue to maintain the information required for purposes of complying with this Section 2.11 for a period of seven (7) years after termination of the Agreement.

b. Within ten (10) business days of notice by Covered Entity of a request for an accounting of disclosures of PHI, Business Associate and any agents or subcontractors shall make available to Covered Entity the information required to provide an accounting of disclosures to enable Covered Entity to fulfill its obligations under HIPAA, including, but not limited to, 45 C.F.R. § 164.528. If a request for an accounting is made directly to Business Associate or its agents or subcontractors, Business Associate will notify Covered Entity of the request within ten (10) business days of having received the request. Business Associate will make available to Covered Entity the information required to provide the requested accounting of disclosures. Business Associate will not make any accounting of disclosures directly to an Individual, unless required to do so by law.

2.12 Internal Practices, Books, and Records. Business Associate will make its internal practices, books, and records relating to the use and disclosure of PHI available to the Secretary for purposes of determining Covered Entity and Business Associate's compliance with HIPAA. Business Associate will notify Covered Entity regarding any PHI that Business Associate provides to the Secretary concurrent with providing the requested PHI to the Secretary. Upon request by Covered Entity, Business Associate will provide Covered Entity with a copy of the requested PHI.

3. COVERED ENTITY OBLIGATIONS

3.1 Notification of Limitations in Notice of Privacy Practices. Covered Entity shall notify Business Associate of any limitation(s) of which Covered Entity is aware in Covered Entity's required notice of privacy practices to the extent that such limitation may affect Business Associate's use or disclosure of PHI.

3.2 Notification of Restrictions on PHI Use or Disclosure. Covered Entity shall notify Business Associate of any restriction of which Covered Entity is aware regarding the use or disclosure of PHI that Covered Entity has agreed to or must comply with to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

3.3 Notification of Changes or Revocations of Permission. Covered Entity shall provide Business Associate with notice of any grant of, change to, or revocation of permission by Individual to use or disclose PHI within a reasonable period of time after Covered Entity becomes aware of such occurrence to the extent that such event may affect Business Associate's permitted uses or disclosures of PHI.

4. TERMINATION

4.1 Term and Survival. The term of this Agreement shall be effective as of the Effective Date of this Agreement and continue until terminated by Covered Entity or any underlying Services Agreement expires or is terminated. Any provision related to the use, disclosure, access, or protection of EPHI or PHI or that by its terms should survive termination of this Agreement shall survive termination.

4.2 Termination for Breach.

a. Covered Entity may immediately terminate this Agreement if Covered Entity determines that Business Associate, or any of Business Associate's agents or subcontractors, has breached a material term of this Agreement, including by engaging in a pattern of activity or practice that constitutes material breach of this Agreement or by violating Business Associate's obligations under this Agreement. Alternatively, Covered Entity may choose to provide Business Associate with written notice of the material breach and terminate this Agreement if Business Associate has not cured the breach within thirty (30) calendar days of receiving written notice from Covered Entity.

b. Business Associate may immediately terminate this Agreement if Business Associate determines that Covered Entity has breached a material term of this Agreement, including by engaging in a pattern of activity or practice that constitutes material breach of this Agreement or by violating Covered Entity's obligations under this Agreement. Alternatively, Business Associate may choose to provide Covered Entity with written notice of the material breach. At its discretion, Business Associate may terminate this Agreement if Covered Entity has not cured the breach within thirty (30) calendar days of receiving written notice from Business Associate.

4.3 Return or Destruction of PHI.

a. Upon termination of this Agreement for any reason, Business Associate shall return or, at Covered Entity's request, destroy all PHI received from Covered Entity or created or received by Business Associate on behalf of Covered Entity that Business Associate still maintains in any form. If Business Associate destroys the PHI, Business Associate shall certify in writing to Covered Entity that such PHI has been destroyed. This provision applies to PHI that is in the possession of agents or subcontractors of Business Associate. Business Associate will retain no copies of the PHI except as required by law.

b. If Business Associate determines that returning or destroying the PHI is not feasible, Business Associate shall explain to Covered Entity why conditions make the return or destruction of the PHI not feasible. Business Associate will retain the PHI, subject to all of the protections of this Agreement, and limit further uses and disclosures of the PHI to those purposes that make the return or destruction of the PHI infeasible for so long as Business Associate maintains the PHI.

c. If Business Associate determines that it is infeasible to obtain from an agent or subcontractor any PHI in the possession of the agent or subcontractor or to destroy the PHI, Business Associate will provide Covered Entity written notification explaining why obtaining the PHI is infeasible. Business Associate will require the agent or subcontractor to extend the protections of this Agreement to the PHI and limit further uses and disclosures of the PHI to those purposes that make the return or destruction of the PHI infeasible for so long as the agent or subcontractor maintains the PHI.

4.4 Termination of Services Agreement. If this Agreement is terminated for any reason, Covered Entity also may terminate the Services Agreement between the Parties. This provision shall supersede any termination provision to the contrary which may be set forth in the Services Agreement.

Such Legally Required Modifications shall be deemed accepted and this Agreement so amended, if the other Party does not, within thirty (30) calendar days

following the date of the notice (or within such other time period as may be mandated by applicable state or federal law), deliver its written rejection of such Legally-Required Modifications.

5.4 Amendment. Except as permitted by Section 5.3, this Agreement shall not be amended, altered, or modified except by an instrument in writing duly executed by the Parties to this Agreement.

5.5 Waiver. No delay or failure of either Party to exercise any right or remedy available hereunder, at law or in equity, shall act as a waiver of such right or remedy, and any waiver shall not waive any subsequent right, obligation, or default. No modification of, addition to, or waiver of any right, obligation, or default shall be effective unless in writing and signed by the Party against whom the same is sought to be enforced.

5.6 Remuneration in Exchange for PHI. Business Associate will not directly or indirectly receive remuneration in exchange for any PHI of an Individual unless Covered Entity has received a valid authorization from the Individual or the exchange is otherwise permitted by law. As permitted by law, Covered Entity may provide remuneration to Business Associate for activities involving the exchange of PHI that Business Associate undertakes on behalf of and at the specific request of Covered Entity pursuant to an agreement.

5.7 Assignment. Business Associate may not assign this Agreement without the prior express written consent of Covered Entity.

5.8 Limitations on Benefits of this Agreement. In consideration of mutual promises contained herein, it is mutually agreed between the parties as follows:

I. GENERAL PROVISIONS

1. INDIVIDUAL SERVICE AGREEMENT FOR NONPUBLIC, NONSECTARIAN SCHOOL/AGENCY SERVICES

An Individual Services Agreement (ISA) for Nonpublic, Nonsectarian School/Agency (NPS/NPA) Services shall be a part of this Master Contract, which CONTRACTOR will be required to execute with LEA with respect to each student for whom CONTRACTOR is to provide special education and/or designated instruction and services. Each student's Individual Services Agreement (ISA) shall identify the provider of each service required by the student's IEP (CCR 3062(e)). Individual Services Agreements shall only be issued for those students enrolled with the approval of the LEA. CONTRACTOR is responsible for providing those services, which it has agreed to provide for each individual student in that student's ISA, unless mutually agreed upon otherwise. Individual Services Agreements are null and void upon termination of the Master Contract.

The Individual Services Agreement may be terminated by the LEA or the CONTRACTOR for cause, as set forth in EC section 56366 (a) (4), with twenty (20) days written notice. The ISA may be terminated without advance notice if both parties agree to do so in writing.

2. TERM

The term of this Master Contract shall be from July 1, 2025 to June 30, 2026 (Title 5 California Code of Regulations section 3062(a) unless otherwise stated. (Ed Code 56366 (c)(1), Title 5 California Code of Regulations section 3062(d).) No Master Contract will be offered unless and until all

the contracting requirements have been satisfied. The offer of a Master Contract to a CONTRACTOR is at the sole discretion of the LEA.

If Certification expires during the Master Contract period, the CONTRACTOR must provide an updated copy or a copy of a waiver of such certification issued by the CDE. This Master Contract will be null and void if such certification or waiver is expired and not renewed or waived, or if such certification is revoked, rescinded, or otherwise nullified during the effective period of this Master Contract. The CONTRACTOR agrees to apply the same rate for the term of the contract unless mutually agreed otherwise in writing by LEA and contractor. Changes in the administrative or financial provisions of the Contract which do not alter the educational services or placement may be made at any time during the term of the Contract, as mutually agreed in writing by CONTRACTOR and LEA.

During the term of this Contract, CONTRACTOR shall comply with all applicable federal, state, CDE, LEA and other local statutes, laws, ordinances, and regulations including, but not limited to, those relating to the required special education services, facilities for individuals with disabilities, student enrollment and transfer, corporal punishment, student discipline, and positive behavior interventions. Any disputes or disagreements between CONTRACTOR and LEA regarding implementation or interpretation of this Master Contract, or otherwise relating to this Master Contract, that are not informally voluntarily resolved shall be addressed and/or resolved as set forth in this section of the Master Contract. This provision in this section of the Master Contract, shall apply to all disputes and disagreements related to events that occur and/or injuries that are incurred and/or commence during the term of this Master Contract, even if the party claiming injury first discovers the events and/or injuries giving rise to the disagreement or dispute or first notifies the other party of the disagreement or dispute, after expiration of this Master Contract. For purposes of this section of the Master Contract, the term "injury" shall include monetary and/or non-monetary injuries.

Step One: The party claiming injury as a result of the facts underlying the dispute or disagreement shall first attempt to resolve the dispute directly between senior level representatives of the parties. If CONTRACTOR is the party claiming injury, CONTRACTOR shall notify the LEA's Special Education Director or other LEA employees known or reasonably believed to be responsible for LEA's special education program, of the existence of disagreement or dispute, and attempt to resolve the matter informally.

Both parties must agree to participating in the mediation. The process remains voluntary in that the parties are not required to come to agreement. The mediator does not have the power to decide for the parties but can help the parties find a mutually acceptable resolution.

Step Four: If the dispute or disagreement is not resolved at Step Three, the party claiming injury may seek legal and/or equitable redress in a court of competent jurisdiction, or if mutually agreed to in writing by the parties, may submit the matter to the binding arbitration by an arbitrator or arbitration service to be agreed to by the parties.

28. GRADUATION REQUIREMENTS

When CONTRACTOR is an NPS, CONTRACTOR is responsible for assigning grades for any course of instruction taught at the NPS. The grades determined by the pupil's teacher, in the absence of clerical or mechanical mistake, fraud, bad faith, or incompetency, shall be final and consistent with the provisions specified in *EC Section 49066*. The grades each pupil receives in all courses of instruction taught by the NPS shall be reported to the parents and the LEA on a quarterly basis. Consistent with the LEA, should it become evident to the NPS the pupil is in danger of failing a course, the CONTRACTOR must initiate a parent conference, and the LEA representative must be notified.

When CONTRACTOR serves students in grades nine (9) through twelve (12) inclusive, LEA shall provide to CONTRACTOR a specific list of the course requirements to be satisfied by the CONTRACTOR leading toward graduation or completion of LEA's diploma requirements. CONTRACTOR shall not recommend awarding a high school diploma to students who have not successfully completed all of the LEA's graduation requirements.

Pupils enrolled in high school during the 2020-2021 academic year may request a Pass or No Pass grade as permitted in *EC Section 49066.5*, which may be reflected on the student's transcript and shall not negatively affect the pupil's grade point average.

If the student is enrolled in an NPS and is of secondary school age, LEA will list the course requirements to be satisfied by the CONTRACTOR leading toward graduation or completion of diploma requirements and specify levels of proficiency in basic skills as measured by LEA approved proficiency tests. Standardized tests including state mandated assessments shall be administered pursuant to LEA state and federal guidelines. For students in grades nine through twelve, inclusive, LEA will provide a current transcript and a specific list of courses required. At the close of each semester CONTRACTOR shall prepare transcripts and submit them to the student's district of residence for evaluation of progress toward completion of diploma requirements.

At the close of each semester, or upon student transfer for students in grades nine (9) through twelve (12), inclusive, CONTRACTOR shall update transcripts and submit them upon request to the student's school of residence. Six months prior to graduation, CONTRACTOR shall notify LEA of the transition to high school for graduation.

When a student exits from special education as a result of earning a diploma, aging out or returning to LEA, the CONTRACTOR shall provide to the LEA a summary of student's academic achievement and functional performance along with recommendations on how to assist the student in meeting their post-secondary goals. For purposes of this provision if the needs of the students are such that the IEP team determines that a functional skills curriculum is most appropriate, the educational program shall be designed to be in alignment with the essential state standards and will result in the awarding of a certificate of completion either by the LEA or the NPS as determined by mutual agreement.

When CONTRACTOR is a nonpublic school, CONTRACTOR's general program of instruction shall: (a) be consistent with LEA's and CDE's standards regarding the particular course of study and curriculum; (b) include curriculum that addresses mathematics, literacy and the use of educational, assistive technology and transition services; and (c) provide the services as specified in the LEA student's IEP and ISA. LEA students shall have access to: (a) State Board of Education (SBE) - adopted standards-based, core curriculum and the same instructional materials for kindergarten and grades 1 to 8, inclusive; and provide standards-aligned core curriculum and instructional materials for grades 9 to 12, inclusive, used by a local education agency (LEA), that contracts with the nonpublic school; (b) college preparation courses; (c) extracurricular activities, such as art, sports, music and academic clubs; (d) career preparation and vocational training, consistent with transition plans that are in compliance with state and federal law and; (e) supplemental assistance, including individual academic tutoring, psychological counseling, and career and college counseling. CONTRACTOR's general program of instruction shall be described in writing and available to the SELPA prior to the effective date of this Master Contract.

FOSTER YOUTH - AB 167 – Assembly Bill 167 refers to California legislation that amended Ed Code to exempt students in foster care from school district graduation requirements that exceed state graduation requirements if the student transfers to the district, or transfers from one high school to another within a district in the 11th or 12th grade if the student would not be reasonably able to complete the additional district requirements. AB 167 requires school districts to provide notice to foster youth exempted from additional district requirements if failure to satisfy such local requirements will affect the student’s ability to gain admission to a postsecondary educational institution.

29. REASONABLE VISITATION/ PARENT ACCESS

CONTRACTOR will provide reasonable parental access to LEA students and all facilities including, but not limited to: the instructional setting, recreational activity areas, meeting rooms and LEA student living quarters, for those parents whose children reside in the living quarters. CONTRACTOR shall ensure that parental visits are in agreement with court order, if any.

CONTRACTORS operating programs associated with an NPS/RTC shall cooperate with a parent’s reasonable request for LEA student therapeutic visits in their home or at the NPS/RTC. CONTRACTOR shall require that parents obtain prior written authorization for the therapeutic visits from the CONTRACTOR and LEA at least thirty (30) days in advance. CONTRACTOR shall facilitate all parent travel and accommodations and provide travel information to the parent as appropriate. Payment by LEA for approved travel-related expenses shall be made directly through the LEA consistent with LEA Procedures.

CONTRACTOR providing services in the student’s home as specified in the IEP shall ensure that at least one parent of the child, or an adult caregiver with written and signed authorization to make decisions in an emergency, is present. The names of any adult caregiver other than the parent shall be provided to the LEA prior to the start of any home-based services, including written and signed authorization for emergency situations. The adult caregiver cannot also be an employee or volunteer associated with the NPS/NPA service provider. All problems and/or concerns reported to parents, both verbal and written, shall also be provided, in writing, to the LEA.

30. WITHDRAWAL BY PARENT

CONTRACTOR shall immediately report by telephone to LEA if a student is withdrawn from school by the parent. CONTRACTOR shall confirm such telephone call in writing immediately or no later than five (5) school days.

31. MEDICATIONS

Unless otherwise set forth in the student’s ISP, CONTRACTOR shall comply with the requirements of California Education Code section 49423 when CONTRACTOR serves a LEA student that is required to take prescription and/or over-the-counter medication during the school day. CONTRACTOR may designate personnel to assist the LEA student with the administration of such medication after the LEA student’s parent(s) provides to CONTRACTOR: (a) a written statement from a physician detailing the type, administration method, amount, and time schedules by which such medication shall be taken; and (b) a written statement from the LEA student’s parent(s) granting CONTRACTOR permission to administer medication(s) as specified in the physician’s statement. CONTRACTOR shall maintain, and provide to LEA upon request, copies of such written statements. CONTRACTOR shall maintain a written log for each LEA student to whom medication is administered. Such written log shall specify the student’s name; the type of medication; the date, time, and amount of each administration; and the name of CONTRACTOR’s employee who administered the medication. CONTRACTOR maintains full responsibility for assuring appropriate staff training in the administration of such medication consistent with physician’s written orders. Any change in medication type, administration method, amount or schedule must be authorized by both a licensed physician and parent.

All student records shall be kept in a secure location preventing access by unauthorized individuals. CONTRACTOR will maintain access log delineating date, time, agency, and identity of individual for any authorized person accessing student records who is not in the direct employ of the CONTRACTOR. SubCONTRACTORS shall not be considered in the direct employ of the CONTRACTOR for the purposes of accessing student records. Nevertheless, pursuant to EC 49076(b)(6), CONTRACTOR may provide subCONTRACTORS access to student records when the subCONTRACTOR provides services within CONTRACTOR's educational institution and has a legitimate interest in the information contained in the student records. CONTRACTOR also agrees to comply with the parental right to request records and the parental right to inspect a student's file as defined in the federal law under Family Educational Rights and Privacy Act of 1974 ("FERPA") and the California Educational Code § 49000 et seq. and § 56000 et seq.

Additional reporting periods may be identified by the IEP team. Upon request, an updated report shall be provided if there is no current progress report, whenever a student is scheduled for an IEP review by LEA's Individualized Education Program team or when a student's enrollment is terminated. CONTRACTOR shall establish grading policies to be followed unless otherwise specified in student's IEP.

36. FORWARDING OF RECORDS

CONTRACTOR agrees, in the event of school or agency closure, to forward student records immediately but no later than seven (7) days to LEA. These shall include, but are not limited to, current transcripts, IEP/IFSP reports and results of proficiency testing and State Assessments.

37. IEP/IFSP MEETINGS

The CONTRACTOR is responsible for providing the student's special education teacher and the related services or personnel appropriate to represent the related services at required IEP /ITP meetings. These meetings will be held at the NPS unless otherwise approved by the LEA and CONTRACTOR. Except as otherwise provided in the Master Contract, CONTRACTOR and LEA shall participate in all IEP team meetings regarding LEA students for whom ISAs have been or may be executed. The LEA is responsible for scheduling and issuing the Notice of Meeting for all IEP team meetings. Parents or guardians shall be notified of the IEP meeting early enough to ensure an opportunity to attend. Proper notice of meeting shall include the purpose, time, and location and who shall be in attendance. Every effort shall be made to schedule the IEP meetings at a time that is mutually convenient to parents, LEA, and CONTRACTOR's staff. Parents or guardians shall be informed in the notice of the right to bring other people to the meeting who have knowledge or special expertise of the student. The CONTRACTOR shall ensure private and confidential communication between the student and members of the IEP team, at the student's discretion. Transition services (designed with a results-oriented process focused on improving the academic functional achievement of the child) must be addressed in the IEP for the student no later than in the

year in which they turn 16 years of age. Extended school year shall be discussed as part of the IEP meeting with an emphasis on student need.

It is understood that the CONTRACTOR shall utilize the approved electronic IEP system of the LEA for all IEP planning and progress reporting at the LEA's discretion. The LEA or SELPA shall provide training for any NPS and CONTRACTOR to ensure access to the approved system. The CONTRACTOR shall maintain confidentiality of all IEP data on the approved system and shall protect the password requirements of the system. When a student dis-enrolls from the NPS/NPA, the NPS/NPA and LEA shall discontinue use of the approved system for that student.

Each student, subject to the alternative accountability system pursuant to EC section 52052, placed in an NPS by an LEA, shall be tested by qualified staff of the NPS in accordance with that accountability program.

The CONTRACTOR agrees to conform to the approved testing calendar window. The LEA shall provide opportunities for training as necessary and requested by the contractor. The LEA shall provide all appropriate test materials to the NPS for administration of the tests.

NOTE: CONTRACTOR shall determine its state-mandated testing period subject to EC section 60640. CONTRACTOR shall notify the LEA of a student enrolled in the school of its testing period. CONTRACTOR's staff, who shall administer the assessments, shall attend the regular testing training sessions provided by the LEA.

If CONTRACTOR's staff have received training from one LEA or similar agency, that training will be sufficient for all LEAs that send students to the CONTRACTOR.

39. SCHOOL ACCOUNTABILITY REPORT CARD

The NPS shall prepare a school accountability report card in accordance with EC section 33126.

40. CLASS SIZE-NONPUBLIC SCHOOL

When Contractor is a nonpublic school, CONTRACTOR shall ensure that class size shall not exceed a ratio of one teacher per twelve (12) students. Upon written approval by an authorized LEA representative, class size may be temporarily increased by a ratio of one (1) teacher to fourteen (14) students when necessary, during the regular or extended school year to provide services to students with disabilities.

In the event a nonpublic school is unable to fill a vacant teaching position responsible for direct instruction to students, and the vacancy has direct impact on the California Department of Education Certification of that school, the nonpublic school shall develop a plan to assure appropriate coverage of students by first utilizing existing certificated staff. The nonpublic school and the LEA may agree to one thirty (30) school day period per contract year where class size may be increased to assure coverage by an appropriately credentialed teacher. Such an agreement shall be in writing and signed by both parties. This provision does not apply to a nonpublic agency.

CONTRACTOR providing special education instruction for individuals with exceptional needs between the ages of three and five years, inclusive, shall also comply with the appropriate instructional adult to child ratios pursuant to California Education Code sections 56440 et seq.

Any adjustment, correction, addition or offer of added work shall be discussed with the CONTRACTOR and not the teacher or direct service provider.

Upon mutual agreement between contractor and district, related services may be provided outside of regular hours to meet the needs of the student and/or unique circumstances.

42. DUE PROCESS AND COMPLAINTS

CONTRACTOR shall fully participate in due process proceedings before OAH, including mediations and hearings, as requested by LEA. CONTRACTOR shall also fully participate in the investigation and provision of documentation related to any complaint filed with the State of California, the Office of Civil Rights, or any other state and/or federal governmental body or agency.

LEA shall inform parent(s) of their due process rights upon 1) each notification of an IEP meeting; 2) reevaluation of their child; 3) registration of a complaint or a request for a due process hearing; and (4) the commencement of an expulsion proceeding. Upon request by LEA, CONTRACTOR shall assist the LEA in meeting its due process notification obligations.

43. STATE MEAL MANDATE

CONTRACTOR shall assist LEA to meet the LEA's responsibilities to satisfy the State Meal Mandate under California Education Code sections 49005 et seq.; 49501.5, the universal meal mandate enacted by AB 130 (2021-2022); 49530 et seq; and 49550 et seq.

44. HEALTH AND SAFETY

CONTRACTOR shall require all regular and substitute employees, volunteers, and any other individual who may come into contact with a student on school grounds to provide verification of having been tested for tuberculosis and cleared to work with minors as evidenced by a state licensed medical doctor's signature. CONTRACTOR shall keep a copy of said information in the employee file or volunteer file.

CONTRACTOR agrees all employees, subCONTRACTORS, volunteers, and any other individual who may come into contact with a student on school grounds to follow universal health care precautions when providing medical treatment or assistance to a student.

CONTRACTOR further agrees to provide annual training to all employees, volunteers, and any other individual who may come into contact with a student on school grounds regarding universal health care precautions and to post required notices in areas designated by the California Health & Safety Code.

45. BEHAVIOR MANAGEMENT/ POSITIVE BEHAVIOR SUPPORT

CONTRACTOR shall comply with the requirements of Education Code section 49005, et seq., 56521.1 and 56521.2. LEA students who exhibit behaviors that interfere with their learning or the learning of others must receive timely and appropriate assessments and positive supports and interventions in accordance with the federal law and its implementing regulations. If the IEP team determines that a student's behavior impedes his or her learning or the learning of others, the IEP team is required to consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations. This could mean that instead of developing a Behavior Intervention Plan ("BIP"), the IEP team may conclude it is sufficient to address the student's behavioral problems through the development of behavioral goals and behavioral interventions to support those goals.

CONTRACTOR shall maintain a written policy pursuant to California Education Code section 56521.1 regarding emergency interventions and behavioral emergency reports. CONTRACTOR shall ensure that all its staff members are trained in crisis intervention, emergency procedures, and evidenced-based practices and interventions specific to the unique behavioral needs of the CONTRACTOR's pupil population. The training shall be provided within 30 days of employment to new staff who have any contact or interaction with pupils during the school day, and annually to all staff who have any contact or interaction with pupils during the school day. The CONTRACTOR shall select and conduct the training in accordance with California Education Code section 56366.1. CONTRACTOR shall maintain written records of the training and provide written verification of the training annually and upon request.

Pursuant to Education Code section 56521.1, emergency interventions shall not be used as a substitute for a BIP and shall not be employed longer than necessary to contain the behavior. Emergency interventions may only be used to control unpredictable, spontaneous behavior that poses clear and present danger of serious physical harm to the individual with exceptional needs, or others, and that cannot be immediately prevented by a response less restrictive than the temporary application of a technique used to contain the behavior. If a situation requires prolonged use of emergency intervention, staff must seek assistance from the school site administrator or a law enforcement agency.

CONTRACTOR shall complete a behavior emergency report when an emergency occurs that is defined as a serious, dangerous behavior that staff has determined to present a clear and present danger to others. It requires a non-violent physical intervention to protect the safety of student, self, or others and a physical intervention has been used; or a physical intervention has not been used, but an injury or serious property damage has occurred. Personal Safety Techniques may or may not have been used. Emergencies require a behavior emergency report form be completed and submitted to the LEA within twenty-four (24) hours for administrative action. CONTRACTOR shall notify Parent within twenty-four (24) hours via telephone. If the student's IEP does not contain a BIP, an IEP team shall schedule a meeting to review the behavior emergency report, determine if there is a necessity for a functional behavioral assessment, and to determine an interim plan. If the student already has a BIP, the IEP team shall review and modify the BIP if a new serious behavior has been exhibited or existing behavioral interventions have proven to be ineffective. CONTRACTOR shall schedule with LEA an IEP meeting within two (2) days.

Pursuant to Education Code section 56521.2, CONTRACTOR shall not authorize, order, consent to, or pay for the following interventions, or any other interventions similar to or like the following:

2. an intervention that involves the release of noxious, toxic, or otherwise unpleasant sprays, mists, or substances in proximity to the face of the individual;
3. an intervention that denies adequate sleep, food, water, shelter, bedding, physical comfort, or access to bathroom facilities;
4. an intervention that is designed to subject, used to subject, or likely to subject, the individual to verbal abuse, ridicule, or humiliation, or that can be expected to cause excessive emotional trauma;
5. restrictive interventions that employ a device, material, or objects that simultaneously immobilize all four extremities;
6. prone restraint;
7. locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room;
8. an intervention that precludes adequate supervision of the individual;
9. an intervention that deprives the individual of one or more of the individual's senses.

CONTRACTOR shall comply with Education Code section 49005.8. Specifically, Contractor shall not do any of the following:

1. Use seclusion or a behavioral restraint for the purpose of coercion, discipline, convenience, or retaliation.

2. Use locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room.
3. Use a physical restraint technique that obstructs a pupil's respiratory airway or impairs the pupil's breathing or respiratory capacity, including techniques in which a staff member places pressure on a pupil's back or places the staff member's body weight against the pupil's torso or back.
4. Use a behavioral restraint technique that restricts breathing, including, but not limited to, using a pillow, blanket, carpet, mat, or other item to cover a pupil's face.
5. Use prone containment.
6. Use a behavioral restraint for longer than is necessary to contain the behavior that poses a clear and present danger of serious physical harm to the pupil or others.

CONTRACTOR shall keep constant, direct observation of a pupil who is in seclusion, which may be through observation of the pupil through a window, or another barrier, through which the educational provider is able to make direct eye contact with the pupil. This observation shall not be through indirect means, including through a security camera or a closed-circuit television.

CONTRACTOR shall afford pupils who are restrained the least restrictive alternative and the maximum freedom of movement, and shall use the least number of restraint points, while ensuring the physical safety of the pupil and others.

In the case of a child whose behavior impedes the child's learning or that of others, the IEP team shall consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations.

All restraint practices must be reviewed and revised when they have an adverse effect on a student and are used repeatedly for an individual child, either on multiple occasions within the same classroom or multiple uses by the same individual. CONTRACTOR shall notify the student's parent/guardian when any type of physical or mechanical restraint or seclusion has been used. Upon the use of any type of physical or mechanical restraint or seclusions of an LEA student, CONTRACTOR shall complete a BER per the reporting and notification requirements listed above.

46. STUDENT RETURN TO DISTRICT

CONTRACTOR and LEA shall assist all SELPA and LEA policies and procedures that support Least Restrictive Environment ("LRE") options and/or Dual Enrollment options for students to have access to the general curriculum and to be educated with their nondisabled peers to the maximum extent appropriate.

When an IEP team has determined that a student should be transitioned into the public school setting, CONTRACTOR shall assist the LEA in implementing the IEP team's recommendations activities to support the transition. A pupil in foster care shall be defined pursuant to California Education Code section 42238.01(b). The LEA shall annually notify the CONTRACTOR who the LEA has designated as the educational liaison for foster children. When a pupil in foster care is enrolled in a NPS by the LEA any time after the completion of the pupil's second year of high school, the CONTRACTOR shall schedule

The LEA shall evaluate NPS placements through the IEP process. Included in this evaluation, is a review of IEP stated goals and state assessment results in order to determine if student is making appropriate educational progress. The LEA shall consider whether or not the needs of the student require an NPS and whether changes to the IEP are necessary, including whether the student may be transitioned to a public school setting.

If a student is enrolled in an NPS/NPA, with the approval of the LEA, prior to agreement to a contract or ISA, the LEA shall issue a warrant for services for up to 90 days during which time the contract shall be consummated. If after 60 days the Master Contract has not been finalized, either party may appeal to the SPI. Within 30 days of receipt of appeal, the SPI, or designee, shall mediate the formulation of a contract which shall be binding upon both parties.

CONTRACTOR shall submit invoices and related documents to LEA for payment for each calendar month when education or related services were provided. At a minimum, each invoice must contain the following information: month of service; specific days and times of services coordinated by the LEA approved calendar unless otherwise specified in the IEP or agreed to by the LEA; title of staff who provided the service; approved cost of each invoice; total for each service and total for the monthly invoice; date invoice was mailed; signature of NPS/NPA administrator authorizing that the information is accurate and consistent with the ISA, CDE certificates and staff notification; verification that attendance report is attached as appropriate; indication of any made-up session consistent with this contract; verification that progress reports have been provided consistent with the ISA (monthly or quarterly unless specified otherwise on the ISA); and name or initials of each student for when the service was provided.

CONTRACTOR shall verify the accuracy of reported attendance, which is the basis of services being billed for payment and shall inform service providers of their personal responsibility for the services being reported as rendered.

Upon approval of said payment demand, LEA shall make payment in an amount equal to the number of creditable days of attendance multiplied by the agreed upon unit amount. Payment shall be made within forty-five (45) days of receipt by LEA of invoices properly submitted and approved by LEA.

If an LEA fails to send a warrant for the amount requested within forty-five (45) days or failed to notify the contractor within 10 working days of any reason why the requested payment shall not be paid, the NPS may require the LEA to pay an additional amount of 1.5 % of the unpaid balance per month until full payment is made, such interest being calculated beginning forty-six (46) days from receipt of the invoice. The CONTRACTOR shall bill the LEA for the interest due.

67. RIGHT TO WITHHOLD

LEA has the right to withhold payment to CONTRACTOR when: (A) CONTRACTORS performance, in whole or in part, either has not been carried out or is insufficiently documented; including but not limited to, failure to implement the individualized education program and all attachments incorporated therein of the student(s) for whom this Contract is written; (B) CONTRACTOR has neglected, failed or refused to furnish information or to cooperate with the inspection, review or audit of its program, work or records; (C) education and/or related services is provided by LEA students by personnel who are not appropriately credentialed/licensed or otherwise qualified; (D) Contractor was overpaid by LEA as determined by inspection, review, and/or audit of its program, work, and /or records; (E) CONTRACTOR has failed to provide to LEA all documents prior to school closure; (F) CONTRACTOR has failed to provide to LEA properly prepared invoices within thirty (30) days from the end of the attendance accounting period; or (G) CONTRACTOR has failed to provide to LEA proper rebilling invoices within (30) calendar days from the date that the original invoice was returned to CONTRACTOR. Such notice shall specify the basis for LEA's withholding payment. Within fourteen (14) days from the date of receipt of such notice, CONTRACTOR shall take all necessary and appropriate action to correct the deficiencies which form the basis for LEA's withholding

payment. Upon receipt of CONTRACTOR's written request showing good cause, LEA shall extend CONTRACTOR'S time to respond by an additional fourteen (14) days.

CONTRACTOR shall comply with any requests resulting from an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm in a reasonable and timely manner. If an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm determines that CONTRACTOR owes LEA monies as a result of CONTRACTOR's over billing or failure to perform, in whole or in part, any of its obligations under this Contract, LEA shall provide to CONTRACTOR written notice demanding payment from CONTRACTOR and specifying the basis for such demand. Unless CONTRACTOR and LEA otherwise agree in writing, CONTRACTOR shall pay to LEA the full amount owed as result of CONTRACTOR's failure to perform, in whole or in part any of its obligations under this Contract as determined by an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm CONTRACTOR shall make such payment to LEA within thirty (30) days of receipt of LEA's written notice demanding payment.

9. MASTER CONTRACT DISPUTES

Any disputes or disagreements between CONTRACTOR and LEA regarding implementation or interpretation of this Master Contract, or otherwise relating to this Master Contract, that are not informally voluntarily resolved shall be addressed and/or resolved as set forth in this section of the Master Contract. This provision in this section of the Master Contract, shall apply to all disputes and disagreements related to events that occur and/or injuries that are incurred and/or commence during the term of this Master Contract, even if the party claiming injury first discovers the events and/or injuries giving rise to the disagreement or dispute or first notifies the other party of the disagreement or dispute, after expiration of this Master Contract. For purposes of this section of the Master Contract, the term "injury" shall include monetary and/or non-monetary injuries.

Step One: The party claiming injury as a result of the facts underlying the dispute or disagreement shall first attempt to resolve the dispute directly between senior level representatives of the parties. The mediator does not have the power to decide for the parties but can help the parties find a mutually acceptable resolution.

Step Four: If the dispute or disagreement is not resolved at Step Three, the party claiming injury may seek legal and/or equitable redress in a court of competent jurisdiction, or if mutually agreed to in writing by the parties, may submit the matter to the binding arbitration by an arbitrator or arbitration service to be agreed to by the parties.

III. EDUCATIONAL PROGRAMS

24. FREE AND APPROPRIATE PUBLIC EDUCATION

Unless otherwise agreed to, in writing, by LEA and CONTRACTOR, CONTRACTOR shall not accept payment from a parent for, or provide any services outside of those identified in a particular student's ISA. This clause shall not apply to the ability of a CONTRACTOR to accept payment from parents for additional services funded solely by parents' private insurance, so long as LEA and CONTRACTOR agree in writing to this arrangement, and so long as CONTRACTOR ensures that parents' payments are being made from a private insurance source only. Further, this clause is not intended to affect a CONTRACTOR'S ability to accept private payment for a student not being served under an ISA by that CONTRACTOR.

Unless otherwise agreed to by LEA and CONTRACTOR, CONTRACTOR shall be responsible for the provision of all programmatic supplies, equipment, or facilities specified in the students' IEP and ISA. No charge of any kind to parents shall be made by CONTRACTOR for special education and/or related services specified on the student's IEP, including screening or interviews which occur prior to or as a condition of the student's enrollment under the terms of this Contract, except as specified in writing signed by all relevant parties and attached to the student's ISA. This provision does not apply to voluntary activities unnecessary to provide the student with a free appropriate public education conducted after written notification to parents as to the cost and the voluntary nature of the activity. Unless the activity takes place during a school vacation or holiday, students not participating in such activities shall continue to receive special education and/or related services as set forth in their IEPs. CONTRACTOR shall guarantee that all charges to the LEA are consistent, justified, and based on standards applied to all students enrolled and attending the NPS/NPA.

If an individual's IEP requires specialized low incidence equipment based on their qualifying disability, the specialized equipment and/or supplies shall be provided by the LEA unless otherwise specified in the ISA. The LEA shall provide the low incidence equipment and/or supplies identified in the student's IEP unless the CONTRACTOR specifically agrees in the ISA to provide them. Supplies and/or equipment purchased and/or provided by the SELPA/LEA remain the property of the SELPA/LEA, and the supplies and/or equipment purchased by the CONTRACTOR remain the property of the CONTRACTOR.

If the IEP team determines that the individual with an IEP requires Assistive Technology and/or Augmentative Alternative Communication (AT/AAC) devices, equipment and/or materials, the LEA shall provide such items unless the LEA and the NPS/NPA agree otherwise. AT and/or AAC devices, equipment and/or materials purchased by the LEA remain the property of the LEA.

In the event that a foster youth may be placed in an NPS, the contractor and LEA will work collaboratively with the LEA Foster Youth Liaison to ensure and facilitate proper school placement enrollment, transfer of credits, records, grades and checkout from school. (EC 48853.5 (e) (1) and AB490) Whenever a change in foster child's residence occurs, the foster child has a right to remain in the school of origin to the end of the highest grade maintained at that school. Decisions regarding placement are IEP decisions which should include participation of LEA Foster Youth Liaison as appropriate.

25. COPY OF IEP AND PROGRAM OF INSTRUCTION

Upon referral of a student to CONTRACTOR, the LEA shall provide CONTRACTOR with a copy of that student's IEP including the Individualized Transition Plan (ITP) and available assessment information, and facilitate, if requested, an observation of the student. CONTRACTOR retains the right to decline enrollment of any student. CONTRACTOR shall notify the LEA of its decision to decline enrollment. CONTRACTOR will provide student a program of instruction that is consistent with each student's IEP as specified in the ISA's for NPS/NPA. The general program of instruction provided to students under the ISA for NPS/NPA shall be responsive to LEA's required sequence of courses and related curriculum for students and be responsive to the IEP goals and objectives assigned by NPS/NPA. The program of instruction shall be described in writing and a copy provided to LEA prior to the effective date of this Contract. Designated instruction and related services will

only be provided during the period of the student's regular or extended school year program, or both, and shall occur at the school site, unless otherwise specified by the student's IEP. CONTRACTOR shall ensure that Individual Transition Plans (ITP's) are completed for all students at the age of 16 years and older. CONTRACTOR agrees to use SELPA IEP/ ITP forms and SELPA service logs.

26. SERVICE/PROGRAM MONITORING

CONTRACTOR shall participate in any LEA or CDE compliance review, if applicable, to be conducted as aligned with the CDE Onsite Review and monitoring cycle in accordance with California Education Code section 56366.1(j). This review will address programmatic aspects of the NPS, compliance with relevant state and federal regulations, and Master Contract compliance. CONTRACTOR shall conduct any follow-up or corrective action procedures related to review findings.

If CONTRACTOR is also an LCI and/or NPS/RTC, the CDE shall annually evaluate whether CONTRACTOR is in compliance with Education Code section 56366.9 and Health and Safety Code section 1501.1(b).

The LEA or SELPA shall conduct an onsite visit to the NPS before placement of a pupil if the LEA does not have any pupils enrolled at the school at the time of placement.

The LEA or SELPA shall conduct at least one onsite monitoring visit during each school year to the CONTRACTOR site certified as an NPS where the LEA has placed a pupil and entered into a master contract. The monitoring visit shall include, but is not limited to, a review of services specified on the ISA and provided to the pupil, a review of progress the pupil is making toward the goals set forth in the pupil's IEP, a review of progress the pupil is making toward the goals set forth in the pupil's behavioral intervention plan, if applicable, an observation of the pupil during instruction, and a walkthrough of the facility. The LEA or SELPA shall report the findings resulting from the monitoring visit to the CDE within 60 calendar days of the onsite visit.

CONTRACTOR shall allow LEA representatives access to its facilities for additional periodic monitoring of each student's instructional program. LEA shall have access to observe each student at work, observe the instructional setting, interview CONTRACTOR employees, and review each student's records and progress. Such access shall include unannounced monitoring visits. When making site visits, LEA shall initially report to CONTRACTOR's site administrative office. CONTRACTOR shall be invited to participate in the review of each student's progress.

CONTRACTOR understands that LEA reserves the right to institute a program audit with or without cause. The program audit may include, but is not limited to, a review of core compliance areas of health and safety; curriculum/instruction; related services; and contractual, legal, and procedural compliance.

CONTRACTOR shall notify within five (5) days and provide written documentation to LEA each time a student is suspended, including the reason for said suspension. Written documentation shall include, but not be limited to, student's name, date, time, offense, rationale for disciplinary action taken, and an attached copy of all applicable Behavior Plans (i.e. goals, BIP's, etc.). CONTRACTOR agrees to contact LEA to schedule a manifestation determination at an IEP meeting no later than the 10th day of suspension. CONTRACTOR shall collaborate with LEA representatives at an IEP team meeting where the manifestation determination will be made.

28. GRADUATION REQUIREMENTS

When CONTRACTOR is an NPS, CONTRACTOR is responsible for assigning grades for any course of instruction taught at the NPS. The grades determined by the pupil's teacher, in the absence of clerical or mechanical mistake, fraud, bad faith, or incompetency, shall be final and consistent with the provisions specified in EC Section 49066. The grades each pupil receives in all courses of instruction taught by the NPS shall be reported to the parents and the LEA on a quarterly basis. Consistent with the LEA, should it become evident to the NPS the pupil is in danger of failing a course, the CONTRACTOR must initiate a parent conference, and the LEA representative must be notified.

When CONTRACTOR serves students in grades nine (9) through twelve (12) inclusive, LEA shall provide to CONTRACTOR a specific list of the course requirements to be satisfied by the CONTRACTOR leading toward graduation or completion of LEA's diploma requirements. CONTRACTOR shall not recommend awarding a high school diploma to students who have not successfully completed all of the LEA's graduation requirements.

Pupils enrolled in high school during the 2020-2021 academic year may request a Pass or No Pass grade as permitted in EC Section 49066.5, which may be reflected on the student's transcript and shall not negatively affect the pupil's grade point average.

If the student is enrolled in an NPS and is of secondary school age, LEA will list the course requirements to be satisfied by the CONTRACTOR leading toward graduation or completion of diploma requirements and specify levels of proficiency in basic skills as measured by LEA approved proficiency tests. Standardized tests including state mandated assessments shall be administered pursuant to LEA state and federal guidelines. For students in grades nine through twelve, inclusive, LEA will provide a current transcript and a specific list of courses required. At the close of each semester CONTRACTOR shall prepare transcripts and submit them to the student's district of residence for evaluation of progress toward completion of diploma requirements.

At the close of each semester, or upon student transfer for students in grades nine (9) through twelve (12), inclusive, CONTRACTOR shall update transcripts and submit them upon request to the student's school of residence. Six months prior to graduation, CONTRACTOR shall notify LEA of the transition to high school for graduation.

When a student exits from special education as a result of earning a diploma, aging out or returning to LEA, the CONTRACTOR shall provide to the LEA a summary of student's academic achievement and functional performance along with recommendations on how to assist the student in meeting their post-secondary goals. For purposes of this provision if the needs of the students are such that the IEP team determines that a functional skills curriculum is most appropriate, the educational program shall be designed to be in alignment with the essential state standards and will result in the awarding of a certificate of completion either by the LEA or the NPS as determined by mutual agreement.

When CONTRACTOR is a nonpublic school, CONTRACTOR's general program of instruction shall: (a) be consistent with LEA's and CDE's standards regarding the particular course of study and curriculum; (b) include curriculum that addresses mathematics, literacy and the use of educational, assistive technology and transition services; and (c) provide the services as specified in the LEA student's IEP and ISA. FOSTER YOUTH - AB 167 – Assembly Bill 167 refers to California legislation that amended Ed Code to exempt students in foster care from school district graduation requirements that exceed state graduation requirements if the student transfers to the district, or transfers from one high school to another within a district in the 11th or 12th grade if the student would not be reasonably able to complete the additional district requirements. AB 167 requires school districts to provide notice to foster youth exempted from additional district requirements if failure to satisfy such local requirements will affect the student’s ability to gain admission to a postsecondary educational institution.

29. REASONABLE VISITATION/ PARENT ACCESS

CONTRACTOR will provide reasonable parental access to LEA students and all facilities including, but not limited to: the instructional setting, recreational activity areas, meeting rooms and LEA student living quarters, for those parents whose children reside in the living quarters. CONTRACTOR shall ensure that parental visits are in agreement with court order, if any.

CONTRACTORS operating programs associated with an NPS/RTC shall cooperate with a parent’s reasonable request for LEA student therapeutic visits in their home or at the NPS/RTC. CONTRACTOR shall require that parents obtain prior written authorization for the therapeutic visits from the CONTRACTOR and LEA at least thirty (30) days in advance. CONTRACTOR shall facilitate all parent travel and accommodations and provide travel information to the parent as appropriate. Payment by LEA for approved travel-related expenses shall be made directly through the LEA consistent with LEA Procedures.

CONTRACTOR providing services in the student’s home as specified in the IEP shall ensure that at least one parent of the child, or an adult caregiver with written and signed authorization to make decisions in an emergency, is present. The names of any adult caregiver other than the parent shall be provided to the LEA prior to the start of any home-based services, including written and signed authorization for emergency situations. The adult caregiver cannot also be an employee or volunteer associated with the NPS/NPA service provider. All problems and/or concerns reported to parents, both verbal and written, shall also be provided, in writing, to the LEA.

CONTRACTOR may designate personnel to assist the LEA student with the administration of such medication after the LEA student’s parent(s) provides to CONTRACTOR: (a) a written statement from a physician detailing the type, administration method, amount, and time schedules by which such medication shall be taken; and (b) a written statement from the LEA student’s parent(s) granting CONTRACTOR permission to administer medication(s) as specified in the physician’s statement. CONTRACTOR shall maintain, and provide to LEA upon request, copies of such written statements. CONTRACTOR shall maintain a written log for each LEA student to whom medication is administered. Such written log shall specify the student’s name; the type of medication; the date, time, and amount of each administration; and the name of CONTRACTOR’s employee who administered the medication. CONTRACTOR maintains full responsibility for assuring appropriate staff training in the administration of such medication consistent with physician’s written orders. Any change in medication type, administration method, amount or schedule must be authorized by both a licensed physician and parent.

All student records shall be kept in a secure location preventing access by unauthorized individuals. CONTRACTOR will maintain access log delineating date, time, agency, and identity of individual for any authorized person accessing student records who is not in the direct employ of the CONTRACTOR. SubCONTRACTORs shall not be considered in the direct employ of the CONTRACTOR for the purposes of accessing student records. Nevertheless, pursuant to EC 49076(b)(6), CONTRACTOR may provide subCONTRACTORs access to student records when the subCONTRACTOR provides services within CONTRACTOR's educational institution and has a legitimate interest in the information contained in the student records. CONTRACTOR also agrees to comply with the parental right to request records and the parental right to inspect a student's file as defined in the federal law under Family Educational Rights and Privacy Act of 1974 ("FERPA") and the California Educational Code § 49000 et seq. and § 56000 et seq.

35. PROGRESS REPORTS

Progress reports relating to goals and objectives in a student's IEP and other data required for review shall be sent by CONTRACTOR to LEA and parent on a quarterly basis or trimester as appropriate. Additional reporting periods may be identified by the IEP team. Upon request, an updated report shall be provided if there is no current progress report, whenever a student is scheduled for an IEP review by LEA's Individualized Education Program team or when a student's enrollment is terminated. CONTRACTOR shall establish grading policies to be followed unless otherwise specified in student's IEP.

36. FORWARDING OF RECORDS

CONTRACTOR agrees, in the event of school or agency closure, to forward student records immediately but no later than seven (7) days to LEA. These shall include, but are not limited to, current transcripts, IEP/IFSP reports and results of proficiency testing and State Assessments.

37. IEP/IFSP MEETINGS

The CONTRACTOR is responsible for providing the student's special education teacher and the related services or personnel appropriate to represent the related services at required IEP /ITP meetings. These meetings will be held at the NPS unless otherwise approved by the LEA and CONTRACTOR. Except as otherwise provided in the Master Contract, CONTRACTOR and LEA shall participate in all IEP team meetings regarding LEA students for whom ISAs have been or may be executed. The LEA is responsible for scheduling and issuing the Notice of Meeting for all IEP team meetings. Parents or guardians shall be notified of the IEP meeting early enough to ensure an opportunity to attend. Proper notice of meeting shall include the purpose, time, and location and who shall be in attendance. Every effort shall be made to schedule the IEP meetings at a time that is mutually convenient to parents, LEA, and CONTRACTOR's staff. Parents or guardians shall be informed in the notice of the right to bring other people to the meeting who have knowledge or special expertise of the student. The CONTRACTOR shall ensure private and confidential communication between the student and members of the IEP team, at the student's discretion. Transition services (designed with a results-oriented process focused on improving the academic functional achievement of the child) must be addressed in the IEP for the student no later than in the

year in which they turn 16 years of age. Extended school year shall be discussed as part of the IEP meeting with an emphasis on student need.

It is understood that the CONTRACTOR shall utilize the approved electronic IEP system of the LEA for all IEP planning and progress reporting at the LEA's discretion. The LEA or SELPA shall provide training for any NPS and CONTRACTOR to ensure access to the approved system. Each student, subject to the alternative accountability system pursuant to EC section 52052, placed in an NPS by an LEA, shall be tested by qualified staff of the NPS in accordance with that accountability program.

The CONTRACTOR agrees to conform to the approved testing calendar window. The LEA shall provide opportunities for training as necessary and requested by the contractor. The LEA shall provide all appropriate test materials to the NPS for administration of the tests.

NOTE: CONTRACTOR shall determine its state-mandated testing period subject to EC section 60640. CONTRACTOR shall notify the LEA of a student enrolled in the school of its testing period. CONTRACTOR's staff, who shall administer the assessments, shall attend the regular testing training sessions provided by the LEA.

If CONTRACTOR's staff have received training from one LEA or similar agency, that training will be sufficient for all LEAs that send students to the CONTRACTOR.

39. SCHOOL ACCOUNTABILITY REPORT CARD

The NPS shall prepare a school accountability report card in accordance with EC section 33126.

40. CLASS SIZE-NONPUBLIC SCHOOL

When Contractor is a nonpublic school, CONTRACTOR shall ensure that class size shall not exceed a ratio of one teacher per twelve (12) students. Upon written approval by an authorized LEA representative, class size may be temporarily increased by a ratio of one (1) teacher to fourteen (14) students when necessary, during the regular or extended school year to provide services to students with disabilities.

In the event a nonpublic school is unable to fill a vacant teaching position responsible for direct instruction to students, and the vacancy has direct impact on the California Department of Education Certification of that school, the nonpublic school shall develop a plan to assure appropriate coverage of students by first utilizing existing certificated staff. The nonpublic school and the LEA may agree to one thirty (30) school day period per contract year where class size may be increased to assure coverage by an appropriately credentialed teacher. Such an agreement shall be in writing and signed by both parties. This provision does not apply to a nonpublic agency.

CONTRACTOR providing special education instruction for individuals with exceptional needs between the ages of three and five years, inclusive, shall also comply with the appropriate instructional adult to child ratios pursuant to California Education Code sections 56440 et seq.

41. RELATED SERVICES

Unless otherwise specified in the LEA student's IEP and/or ISA, CONTRACTOR shall provide related services to LEA students on only those days that the LEA student's school of attendance is in session and the LEA student

is scheduled to attend school. If student misses a related service session due to staff absence, that session shall be provided within thirty (30) school days.

Any adjustment, correction, addition or offer of added work shall be discussed with the CONTRACTOR and not the teacher or direct service provider.

Upon mutual agreement between contractor and district, related services may be provided outside of regular hours to meet the needs of the student and/or unique circumstances.

42. DUE PROCESS AND COMPLAINTS

CONTRACTOR shall fully participate in due process proceedings before OAH, including mediations and hearings, as requested by LEA. CONTRACTOR shall also fully participate in the investigation and provision of documentation related to any complaint filed with the State of California, the Office of Civil Rights, or any other state and/or federal governmental body or agency.

LEA shall inform parent(s) of their due process rights upon 1) each notification of an IEP meeting; 2) reevaluation of their child; 3) registration of a complaint or a request for a due process hearing; and (4) the commencement of an expulsion proceeding. Upon request by LEA, CONTRACTOR shall assist the LEA in meeting its due process notification obligations.

43. STATE MEAL MANDATE

CONTRACTOR shall assist LEA to meet the LEA's responsibilities to satisfy the State Meal Mandate under California Education Code sections 49005 et seq.; 49501.5, the universal meal mandate enacted by AB 130 (2021-2022); 49530 et seq; and 49550 et seq.

44. HEALTH AND SAFETY

CONTRACTOR shall require all regular and substitute employees, volunteers, and any other individual who may come into contact with a student on school grounds to provide verification of having been tested for tuberculosis and cleared to work with minors as evidenced by a state licensed medical doctor's signature. CONTRACTOR shall keep a copy of said information in the employee file or volunteer file.

CONTRACTOR agrees all employees, subCONTRACTORS, volunteers, and any other individual who may come into contact with a student on school grounds to follow universal health care precautions when providing medical treatment or assistance to a student.

CONTRACTOR further agrees to provide annual training to all employees, volunteers, and any other individual who may come into contact with a student on school grounds regarding universal health care precautions and to post required notices in areas designated by the California Health & Safety Code.

45. BEHAVIOR MANAGEMENT/ POSITIVE BEHAVIOR SUPPORT

CONTRACTOR shall comply with the requirements of Education Code section 49005, et seq., 56521.1 and 56521.2. LEA students who exhibit behaviors that interfere with their learning or the learning of others must receive timely and appropriate assessments and positive supports and interventions in accordance with the federal law and its implementing regulations. If the IEP team determines that a student's behavior impedes his or her learning or the learning of others, the IEP team is required to consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations. This could mean that instead of developing a Behavior Intervention Plan ("BIP"), the IEP team may conclude it is sufficient to address the student's behavioral problems through the development of behavioral goals and behavioral interventions to support those goals.

CONTRACTOR shall maintain a written policy pursuant to California Education Code section 56521.1 regarding emergency interventions and behavioral emergency reports. CONTRACTOR shall ensure that all its staff members are trained in crisis intervention, emergency procedures, and evidenced-based practices and interventions specific to the unique behavioral needs of the CONTRACTOR's pupil population. The training shall be provided within 30 days of employment to new staff who have any contact or interaction with pupils during the school day, and annually to all staff who have any contact or interaction with pupils during the school day. The CONTRACTOR shall select and conduct the training in accordance with California Education Code section 56366.1. CONTRACTOR shall maintain written records of the training and provide written verification of the training annually and upon request.

Pursuant to Education Code section 56521.1, emergency interventions shall not be used as a substitute for a BIP and shall not be employed longer than necessary to contain the behavior. Emergency interventions may only be used to control unpredictable, spontaneous behavior that poses clear and present danger of serious physical harm to the individual with exceptional needs, or others, and that cannot be immediately prevented by a response less restrictive than the temporary application of a technique used to contain the behavior. If a situation requires prolonged use of emergency intervention, staff must seek assistance from the school site administrator or a law enforcement agency.

CONTRACTOR shall complete a behavior emergency report when an emergency occurs that is defined as a serious, dangerous behavior that staff has determined to present a clear and present danger to others. It requires a non-violent physical intervention to protect the safety of student, self, or others and a physical intervention has been used; or a physical intervention has not been used, but an injury or serious property damage has occurred. Personal Safety Techniques may or may not have been used. Emergencies require a behavior emergency report form be completed and submitted to the LEA within twenty-four (24) hours for administrative action. CONTRACTOR shall notify Parent within twenty-four (24) hours via telephone. If the student's IEP does not contain a BIP, an IEP team shall schedule a meeting to review the behavior emergency report, determine if there is a necessity for a functional behavioral assessment, and to determine an interim plan. If the student already has a BIP, the IEP team shall review and modify the BIP if a new serious behavior has been exhibited or existing behavioral interventions have proven to be ineffective. CONTRACTOR shall schedule with LEA an IEP meeting within two (2) days.

Pursuant to Education Code section 56521.2, CONTRACTOR shall not authorize, order, consent to, or pay for the following interventions, or any other interventions similar to or like the following:

1. any intervention that is designed to, or likely to, cause physical pain, including, but not limited to, electric-shock;
2. an intervention that involves the release of noxious, toxic, or otherwise unpleasant sprays, mists, or substances in proximity to the face of the individual;
3. an intervention that denies adequate sleep, food, water, shelter, bedding, physical comfort, or access to bathroom facilities;
4. an intervention that is designed to subject, used to subject, or likely to subject, the individual to verbal abuse, ridicule, or humiliation, or that can be expected to cause excessive emotional trauma;
5. restrictive interventions that employ a device, material, or objects that simultaneously immobilize all four extremities;
6. prone restraint;
7. locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room;
8. an intervention that precludes adequate supervision of the individual;
9. an intervention that deprives the individual of one or more of the individual's senses.

CONTRACTOR shall comply with Education Code section 49005.8. Specifically, Contractor shall not do any of the following:

1. Use seclusion or a behavioral restraint for the purpose of coercion, discipline, convenience, or retaliation.

2. Use locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room.
3. Use a physical restraint technique that obstructs a pupil's respiratory airway or impairs the pupil's breathing or respiratory capacity, including techniques in which a staff member places pressure on a pupil's back or places the staff member's body weight against the pupil's torso or back.
4. Use a behavioral restraint technique that restricts breathing, including, but not limited to, using a pillow, blanket, carpet, mat, or other item to cover a pupil's face.
5. Use prone containment.
6. Use a behavioral restraint for longer than is necessary to contain the behavior that poses a clear and present danger of serious physical harm to the pupil or others.

CONTRACTOR shall keep constant, direct observation of a pupil who is in seclusion, which may be through observation of the pupil through a window, or another barrier, through which the educational provider is able to make direct eye contact with the pupil. This observation shall not be through indirect means, including through a security camera or a closed-circuit television.

CONTRACTOR shall afford pupils who are restrained the least restrictive alternative and the maximum freedom of movement, and shall use the least number of restraint points, while ensuring the physical safety of the pupil and others.

In the case of a child whose behavior impedes the child's learning or that of others, the IEP team shall consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations.

All restraint practices must be reviewed and revised when they have an adverse effect on a student and are used repeatedly for an individual child, either on multiple occasions within the same classroom or multiple uses by the same individual. CONTRACTOR shall notify the student's parent/guardian when any type of physical or mechanical restraint or seclusion has been used. Upon the use of any type of physical or mechanical restraint or seclusions of an LEA student, CONTRACTOR shall complete a BER per the reporting and notification requirements listed above.

46. STUDENT RETURN TO DISTRICT

CONTRACTOR and LEA shall assist all SELPA and LEA policies and procedures that support Least Restrictive Environment ("LRE") options and/or Dual Enrollment options for students to have access to the general curriculum and to be educated with their nondisabled peers to the maximum extent appropriate.

When an IEP team has determined that a student should be transitioned into the public school setting, CONTRACTOR shall assist the LEA in implementing the IEP team's recommendations activities to support the transition. This may include, but not be limited to, facilitation of dual enrollment, scheduling, transportation arrangements and other student supports. These provisions shall also apply to mediated agreements and OAH decisions.

47. EDUCATIONAL REPRESENTATIVE/SURROGATE PARENT

CONTRACTOR shall recognize an LEA-appointed surrogate parent assignments for students without parental representation, including unaccompanied homeless youths, in special education procedures pursuant to California Government Code Section 7579.5. Mountain View Whisman School District and Environmental Volunteers (“EV”), fiscal agent for
Mountain View Whisman Environmental Science Collaboration

THE INTENT of this Memorandum of Understanding (MOU) is to implement a science education collaboration between the **Mountain View Whisman School District** (“District”) and the **Mountain View Whisman Environmental Science Collaboration** (“MVWESC”) for the 2025-26 school year. MVWESC is a collaboration of non-profit organizations that supports science education by delivering environmental science resource classroom and field trip programs.

THE PURPOSE of the MVWESC is to support Mountain View Whisman School District teachers in the delivery of science programs that meet state and district standards and to support equity in science education throughout the District. This project will strive to deliver programs to all District elementary classrooms in grades 4 and 5.

THE GOALS of the program are as follows:

1. Provide students with robust science learning opportunities that are in-person, experiential and hands-on.
2. Inspire students to become lifelong stewards of the environment;
3. Align with either California State Content Standards or Next Generation Science Standards;
4. Provide quality programs equitably – to the extent that circumstances allow - for every child in the district;
5. Ensure that science education is reinforced from one year to the next;
6. Provide expertise and science experience to students and teachers.

MVWESC WILL:

1. Facilitate the administration of the collaboration by coordinating the participation of the nonprofit partners.
2. Coordinate an annual program registration system that leads to all participating District teachers registering for science resource programs and ensure successful delivery of those programs.
3. Coordinate with the MVEF to determine the budget for program components not identified as District Obligations.
4. Provide invoices to the District in a timely fashion for any program costs covered by this agreement.
5. Coordinate with District personnel to ensure that all eligible classroom teachers are informed about the opportunities available through the program and have the knowledge and resources to access those resources to the extent that circumstances allow.

6. Be responsible at all times for the supervision and support of the nonprofits' staff and volunteers.
7. Be responsible for all injuries, accidents, or claims related to its staff or volunteers.
8. Provide a letter from each partner which attests that all staff or volunteers delivering programs to District schools have been appropriately fingerprinted and have completed the necessary TB risk assessments.

THE DISTRICT WILL:

1. Provide a liaison who will coordinate access to participating teachers and can serve as a point of contact for the MVWESC.
2. Be responsible for logistics and coordination associated with student transportation to/from the requested field trip sites. Including but not limited to direct coordination and management of all logistics and costs associated with the transportation for the above science programs. The costs of transportation will be budgeted separately from the program budget below.
3. Provide the MVWESC a sum not to exceed \$70,000 in payment of direct science resource programs delivered to District classrooms under this agreement. This total does not include transportation costs (see above). See attached [Proposed MVWESC Budget for 2025/2026](#)
4. Payment of a one-time administrative fee of 10% of the above program budget, payable to the EV, to support the cost of managing this program.

Termination. This Memorandum of Understanding shall terminate on June 30, 2026, unless previously terminated by either party upon 30-day written notice or extended by mutual written consent.

We IMPERIAL NADE (insert vendor name), certify that _____ (insert product name) did not use federal funds to procure raw or processed poultry products that are imported into the United States from the People's Republic of China.

If the parties cannot mutually agree on the appropriate reduction, District may issue a notice of equitable adjust for an amount of time and money it determines to be both reasonable and appropriate.

TeachTown Justification

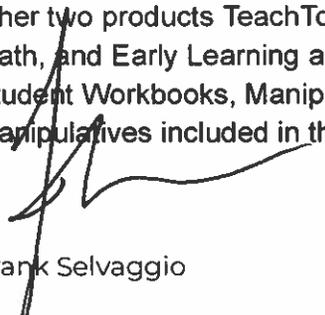

As part of the curriculum review for our ESN programs we looked at three vendors:

- TeachTown
- Unique Learning Systems
- Attainment

In review of each curriculum option, TeachTown was slightly more when comparing but what was offered by TeachTown was far superior in what it provides. Please see the comparison breakdown of the three vendors that were contacted:

Comparison:

TeachTown is a K-12 standards aligned curriculum that is evidenced based and is scaffolded in such a way that students in our Moderate and ESN classes can have a similar experience to their GE counterparts in a much more modified way. In addition its literacy product is fully aligned with the science of reading and includes SEL and develops goals and progress into easy to use graph forms for reporting progress on IEP's. Neither Attainment or ULS offers such a comprehensive strategy and with the other two you have to buy their various products separately to get all of the materials and it can end up feeling disjointed for teachers. Unlike the other two products TeachTown includes Benchmark Assessments available for K-12 in ELA, Math, and Early Learning as well as Teacher Guides (lesson plans and assessment manuals), Student Workbooks, Manipulatives. TeachTown also has adapted reading materials and manipulatives included in the physical materials.

Date: June 3, 2025

Requestor: Cathy Baur, Associate Superintendent
Educational Services

Vendor: Los Altos School District (LASD)

Reason: Potential 10% additional cost to Salary and Benefits during 2025-26 school year

Remarks: The district is seeking to contract with Los Altos SD the temporary loan of a LASD Professional to perform services in support of our Deaf/Hard of Hearing (DHOH) services during the 25/26 school year. MEMORANDUM OF UNDERSTANDING

Between MOUNTAIN VIEW WHISMAN SCHOOL DISTRICT AND LOS ALTOS
SCHOOL DISTRICT

Regarding

MUTUAL ACCESS TO SPECIAL EDUCATION PROGRAMS (IEP TEAM REFERRALS)

This Memorandum of Understanding (MOU) is made and entered into between the Mountain View Whisman School District (MVWSD) and the Los Altos School District (LASD) for the 2025-2026 school year.

The purpose of this MOU is to ensure that when necessary, students in one District have access to special education programs operated by the other District when an appropriate program is not available in the student's district of residence. Placements under this MOU shall not be deemed an interdistrict transfer, as the student remains as a resident of the Mountain View Whisman School District.

For purposes of this MOU, the following definitions apply:

District of Residence (DOR): the District in which the student resides, and the District which is seeking access to the other District's special education program.

District of Service (DOS): the District which agrees to serve the student who is a resident of the other District.

DOR GENERAL RESPONSIBILITIES

1. Following agreement by the DOS to accept a DOR student, the DOR shall appropriately document the placement in an IEP.
2. The DOR shall provide to DOS any and all relevant educational records of the Student being placed in the DOS program.
3. Unless agreed to otherwise, DOR assumes all responsibility for implementing all components of the student's IEP, including transportation as a related service.
4. Unless otherwise agreed, DOR shall provide transportation services if required by student's IEP.
5. Unless otherwise agreed, the DOR will conduct all required/agreed upon assessments of the student. Should the student request an independent educational evaluation (IEE), the DOR will be responsible for processing the IEE request, including initiating litigation, if required, unless otherwise agreed.
6. A representative from the DOR, who has the authority to make decisions and commit resources, will have the opportunity to attend all IEP meetings. When appropriate, such representatives shall participate in transition planning for possible return of the student to the DOR.

7. The DOR will be billed for the actual cost of student the DOS's program using the formula and tables provided by the Northwest Santa Clara County SELPAs as part of the intra/inter-SELPA transfer process. An Individual Service Agreement for each student may be required.
8. Unless otherwise agreed, the DOR shall provide all necessary equipment and materials specified in the student's IEP, including low Incidence materials and equipment.
9. The parties agree to abide by stay put obligations, including any stay put order issued by the Office of Administrative Hearings or other competent court. The DOR will continue to fund the placement during the term of any stay put order.

DOS RESPONSIBILITIES

1. The DOS shall provide the student and DOR with all required progress reports at the same time and at the same frequency as those reports are provided to parents.
2. DOS assumes responsibility for attendance reporting and for counting the student in CALPADS.
3. DOS shall appropriately convene all IEP meetings in coordination with the DOR. DOS shall provide copies of all IEP and related documents to the DOR.
4. Unless otherwise agreed, no program or placement change will be made by the DOS without a proper IEP review, including attendance of the DOR.
5. The DOS shall provide as much notice as possible to the DOR if it is believed that DOS no longer can offer an appropriate program and/or placement. In such a case, the administrator responsible for special education from the DOR will be contacted by the DOS to develop a plan of action. If an IEP meeting is required, the DOS and DOR will coordinate an IEP team meeting to discuss and determine appropriate special education and related services.

DOR IEP AND PLACEMENT PROCEDURES

Prior to Initial Placement:

1. Conduct all necessary assessments and provide recent present levels of academic and functional performance to determine student needs.
2. Convene an IEP meeting to discuss/identify potential LEA/SELPA programs.
3. Document the need for services to be provided outside the DOR.
4. Determine the availability and appropriateness of programs in the DOR by contacting the special education administrator. DOR may not make an IEP offer located in the DOS without first obtaining written consent from the DOR special education administrator.
5. Coordinate observations and IEP meetings with DOS.
6. Arrange for and provide/fund transportation for the student to attend the DOS program.

Subsequent to Placement:

7. Attend all IEP meetings, determine who assesses the student and make all

educational decisions as required by law (e.g. offering a free appropriate public education (FAPE)). Participate in transition planning for possible return to the DOR. As referenced above, the DOR remains the student's district of residence and thus will serve as the responsible LEA at all IEP meetings (unless delegated by agreement between the parties).

8. In accordance with the fiscal agreements in this MOU and Northwest Santa Clara County SELPAs, the DOR shall reimburse DOS for all services provided to the student.
9. As necessary, provide all low incidence materials and equipment consistent with the student's IEP. DOS will invoice DOR for any extensive property damage due to student behaviors. DOR can invoice parent if they deem appropriate.

DOS IEP AND PLACEMENT PROCEDURES

Prior to Initial Placement:

1. Consult with the DOR about the availability and appropriateness of the program.
2. Confirm placement by entering into an MOU outlining responsibilities of the parties.

Subsequent to Placement:

3. Provide all services identified in the student's IEP. In the event the DOS is unable to implement any or all portions of the student's IEP, and/or believes that the student cannot be provided a FAPE in its program, the DOS shall immediately notify the DOR in writing,
4. Complete all IEP paperwork and assess for triennial IEP at the request of DOR.
5. Attend all IEP meetings in cooperation with the DOR personnel.
6. Help complete all necessary IEP documents in cooperation with the DOR.
7. Contact the DOR and offer to complete the necessary assessments prior to the DOR conducting new assessments.

DISCIPLINE, SUSPENSION, EXPULSION AND TRUANCY

- A. The DOS shall notify the DOR if the student moves or is suspended for a total of five days in one school year.
- B. The DOS will notify the DOR if the student is absent for a total of ten days during a three month period of time. The DOS supported by DOR will be responsible for pursuing issues of truancy.
- C. The DOS, supported by the DOR, will be responsible for all daily discipline actions and suspensions. With regard to expulsions, if the DOS recommends expulsion, the DOR will conduct the expulsion proceedings, with the full support of the DOS including witnesses/evidence for required proceedings. Consistent communication between parties will be essential.

HEARINGS, CDE COMPLAINTS, UNIFORM COMPLAINTS, OFFICE FOR CIVIL RIGHTS COMPLAINTS

- A. When one LEA becomes aware of any impending complaint or request for due process hearing, it shall immediately notify the Special Education Administrator in the other LEA. The parties will work together in good faith to determine at the outset the party primarily responsible for the due process/CDE complaint, as discussed further in Section B, below.

- B. The responsibility for due process hearings and CDE complaints will be primarily assumed by the party whose actions form the basis of the particular complaint unless specifically modified by particular terms of this Agreement. For example: (1) a claim for failure to implement an IEP is DOS primary; (2) a claim that an IEP requires additional services to provide a FAPE is DOR primary; (3) a claim for a procedural violation that denies FAPE can be DOS and/or DOR primary depending upon the violation; (4) a claim for an assessment failure is DOR unless otherwise agreed by the parties (5) a claim for an IEE would be DOR unless otherwise agreed by the parties. Some cases may present mixed issues of primary liability. In such a case, the parties will allocate primary responsibility accordingly. If legal representation is required, the primarily responsible agency will be responsible to retain and fund the representation. If legal representation is required in a case of mixed responsibility, the parties may mutually agree upon joint representation, or may each retain and fund its own representation. In the case that the parties cannot agree upon primary responsibility, the case will be treated as one of mixed responsibility. The primarily responsible party shall assume primary liability for the outcome of any hearing and/or complaint as identified in the written outcome. However, comparative fault may be calculated for a fair share depending on outcome/circumstances.

- C. Uniform Complaints will be addressed to the LEA to which the complaint applies. When one LEA becomes aware of the filing of a Uniform complaint, it shall immediately notify the Special Education Administrator in the other LEA.

- D. Responsibility for complaints filed with the United States Department of Education Office for Civil Rights, or litigation filed in federal or state court will be primarily assumed by the party whose actions form the basis of the particular complaint. The parties shall collaborate depending upon the nature of each case.

- E. Notwithstanding the above, each Party shall fully cooperate with the other in defending against any claims/complaints by, for example, making its records available and its employees reasonably available for testimony in cases involving the other party

NEGLIGENT, WILLFUL ACTS OR OMISSIONS INDEMNIFICATION

- A. DOS shall indemnify and hold DOR and its Board Members, administrators, employees, agents, attorneys, volunteers and subcontractors harmless against all

liability, loss, damage and expense (including reasonable attorney fees) resulting from or arising out of this agreement or its performance, to the extent that such loss, expense, damage or liability was proximately caused by the negligent or willful act or omission of DOS, including, without limitation, its agents, employees, subcontractors or anyone employed directly or indirectly by it.

- B. DOR shall indemnify and hold DOS and its Board Members, administrators, employees, agents attorneys, volunteers and subcontractors harmless against all liability, loss, damage and expense (including reasonable attorney fees) resulting from or arising out of this agreement or its performance, to the extent that such loss, expense, damage or liability was proximately caused by the negligent or willful act or omission of DOR, including, without limitation, its agents, employees, subcontractors or anyone employed directly or indirectly by it.
- C. In case of comparative fault, where the DOS and DOR are each adjudged partially negligent; the party's indemnification obligations shall be co-extensive with the percentage apportionment of fault.

TERM

- A. This Agreement supersedes all other agreements and shall remain in effect until replaced by another agreement.
- B. This Agreement shall be in effect until revised by mutual consent of all Parties. Agreements terminate at the end of each extended school year. However, agreements will be considered renewed for the subsequent school year unless either party gives notice of termination at least 30 days prior to the end of the regular school year.
- C. This Agreement may be terminated for good cause at any time by either party, or by mutual agreement, or by provision of written notification through the U.S. Mail at least thirty (30) days prior to the date of the end of the school year as stated in Section IX(B). Termination is subject to stay put rights, as discussed above.
- D. This Agreement shall be effective on the date of signature by all Parties.

Disputes Involving Districts

- A. If a dispute should arise between the two districts concerning the proposed placement, services to be provided, costs and/or program exit, the districts agree to attempt to resolve the problem(s) through, first, a direct meeting of the special education directors and then, if not resolve, a meeting between the superintendent/designee. The superintendents may request the SELPA director to facilitate this resolution process.
- B. If a dispute cannot be resolved after a meeting of the superintendent/designee, the DOR or DOS may remove the student(s) from the receiving district subject to legal

obligations, if any arising outside of this Agreement, after a 30 day written notice has been delivered to the DOR/DOS by the DOS/DOR. Under these circumstances the specific Agreement relating to the student(s) will be void; however, the General Agreement between the districts will remain in place. Any agreed upon costs for the student(s) removed by the district of residence will be prorated for the student(s) based on the number of days of enrollment.

MISCELLANEOUS

- A. Each Party agrees to cooperate fully in the execution of any and all other documents and the completion of any additional actions that may be necessary or appropriate to give full force and effect to the terms and intent of this Agreement.
- B. The language of all parts of this Agreement shall, in all cases, be construed as a whole, according to its fair meaning, and not strictly for or against either Party. Any rule of construction that a document is to be construed against the drafting Party shall not be applicable to this Agreement.
- C. Any change, modification, or addition to this Agreement must be in writing and signed by all Parties.
- D. This Agreement constitutes the entire agreement and understanding between the Parties. There are no oral understandings, terms, or conditions, and neither Party has relied upon any representation, express or implied, not contained in this Agreement. All prior understandings, terms, or conditions are deemed merged into this Agreement and its attachments. This Agreement cannot be changed or supplemented orally and may be modified or superseded only by written instrument executed by all Parties.
- E. This Agreement may be signed in counterparts and a facsimile signature acts as an original.

CLIENT's payment selection shall be evidenced by the checking of the box next to the option selected above.

The following fees will be charged for additional services provided at the specific request of CLIENT:

- a. **Occupational Therapy Prescriptions, Physical Therapy Prescriptions, Mental Health Referrals, Doctors Orders (hereinafter collectively "ORP") and Speech Protocols:**

Rate schedules are subject to change upon thirty (30) days written notice to CLIENT. CLIENT may withdraw its request for MBT to process ORP's and physician signed speech protocols without affecting the other terms of this contract.

b. MAA Invoicing Services

If CLIENT elects to have MBT provide MAA invoicing services to CLIENT, CLIENT shall pay to MBT \$25.00 per quarter per participant included on each invoice, but not less than \$250.00 per quarter and not more than \$5,000.00 per quarter for the completion of each MAA invoice.

If, for any reason a previously completed MAA invoice needs to be recalculated, CLIENT agrees to pay MBT a flat fee of \$150 per MAA invoice recalculation. No fee will be charged where the recalculation is due to an error on the part of MBT.

If, for any reason the CLIENT decides to no longer participate in the MAA Program or does not follow through and complete the MAA process, CLIENT agrees to pay MBT a minimum fee of \$500 for the year.

c. Changes After Submission of Billing:

If CLIENT or CLIENT's providers request changes after MBT's **initial** submission of LEA Medi-Cal Billing Option Program billings, at CLIENT's request MBT shall prepare and submit the Claims Inquiry Form ("CIF") to DHCS to process such change. Because submission of the CIF is labor-intensive, CLIENT shall pay to MBT Ten Dollars (\$10.00) per claim submitted. No fee will be charged where the change requested is due to an error on the part of MBT.

5. **Late Fees:** CLIENT agrees to pay all sums due MBT under this contract within 30 calendar days of receipt of an invoice for services from MBT.

CLIENT will incur a late fee of one and one-half percent (1.5%) per month on amounts unpaid for more than sixty (60) days past the date of invoice.

CLIENT shall, upon request, provide to MBT a copy of all documents and checks received from DHCS evidencing all sums received as a result of the services of MBT. CLIENT shall make all such records available to MBT at reasonable times. MBT shall have the right to audit the records of CLIENT pertaining to LEA Medi-Cal billing.

6. **Document Management:** MBT shall retain in electronic form copies of all LEA Medi-Cal Billing Option bills submitted for CLIENT for a period of five (5) years after the date of submission or such other period as required by law. MBT, upon request, will provide to CLIENT printed copies of such bills. MBT, upon request, shall return to CLIENT all billing forms and other documents provided to MBT for billing purposes. CLIENT shall reimburse MBT for the cost of all containers and for the cost of packing and shipping such documents and records. CLIENT shall retain all such documents and records for at least five (5) years from the date of service or such other duration as may be required by State and Federal laws, rules, and regulations.

7. **Confidentiality Agreement:** All statistical, financial, student and other data relating to the LEA Medi-Cal Billing Option Program billing and the identity of Medi-Cal eligible students shall be held in strict confidence by the parties hereto. The foregoing obligation does not apply to any data that has become publicly available or that is not required to be kept confidential.

The data provided to MBT by the CLIENT will be used for the sole purpose of performing billing for the LEA Medi-Cal Billing Option Program. MBT is responsible to abide by The Health Insurance Portability and Accountability Act (HIPAA) and The Family Educational Rights and Privacy Act (FERPA) and will not share the CLIENT's data with third-party entities except as permitted and required for the LEA Medi-Cal Billing Option Program.

8. **Insurance:** MBT shall, at MBT's expense, obtain and keep in force during the term of this Agreement a policy of Professional Liability for Professional Services Error in the amount of Two Million Dollars (\$2,000,000.00).
9. **Mutual Indemnification and Limitation of Liability:**
- a. CLIENT will indemnify, defend, and hold MBT, and each such party's affiliates, officers, directors, employees, attorneys and agents harmless from and against any and all claims, costs, damages, losses, liabilities and expenses arising out of or in connection with: (i) a claim by a third party alleging that use of the CLIENT DATA infringes the INTELLECTUAL PROPERTY RIGHTS of a third party; provided in any such case that MBT (a) promptly gives CLIENT written notice of the claim; (b) gives CLIENT sole control of the defense and settlement of the claim; and (c) provides CLIENT all available information and assistance.
 - b. MBT will indemnify, defend and hold CLIENT and CLIENT affiliates, officers, directors, employees, attorneys and agents harmless from and against any and all claims, costs, damages, losses, liabilities and expenses arising out of or in connection with: (i) any breach of confidentiality of CLIENT DATA due to the negligence of MBT or its employees or agents, and (ii) a claim by a third party alleging that the HOSTED SERVICE directly infringes an INTELLECTUAL PROPERTY RIGHT of a third party; provided that CLIENT (a) promptly gives written notice of the claim to MBT; (b) gives MBT sole control of the defense and settlement of the claim; and (c) provides MBT all available information and assistance. MBT's aggregate liability under this subsection (b) of Section 9 is limited to the coverage actually afforded by MBT's insurance policy referred to in Section 8 of this Agreement.
 - c. MBT will use due care in processing the work of the CLIENT based on CLIENT's submission of billing information and CLIENT's determination of eligibility for reimbursement by the LEA Medi-Cal Billing Option Program. MBT will be responsible for correcting any errors which are due to the machines, operators, or programmers of MBT. Such errors shall be corrected at no additional charge to CLIENT. MBT does not guarantee State or Federal approval of billings submitted, and MBT shall not be liable or responsible to CLIENT for DHCS interpretation of State and Federal laws, rules, and regulations, or for changes to State and Federal laws, rules, and regulations, or for claims that are questioned or denied by DHCS or any other State or Federal governmental agency. MBT shall have no liability for CLIENT's inability to provide proper source documentation, including but not limited to Provider records, IEPs, Health Service Plans, and other supporting documentation, to DHCS or any other State or Federal governmental agency.
 - d. Except as specifically set forth in Section 9, subsection (b) of this Agreement, in no event shall MBT's liability for any and all claims against MBT under this Agreement, in contract, tort, or otherwise, exceed the total amount of the fees paid by CLIENT to MBT during the contract term in issue, and MBT shall not be liable under any circumstances for any special, consequential, incidental, punitive, or exemplary damages arising out of or in any way connected with this Agreement.
10. **Contract Duration and Termination:** The term of this Agreement shall commence upon execution of this contract and continue for a period of five (5) school years, through June 30, 2028 ("Termination Date"). On or before March 30 of each school year either party may terminate this Agreement for the upcoming school year by written notice to the other party. CLIENT's access to MBT's OptiClaim software shall cease upon termination or nonrenewal of this Agreement except as specifically set forth herein.

This Agreement may be terminated at any time upon mutual agreement of the parties. In addition, the Agreement shall automatically terminate if CLIENT's participation in the LEA Medi-Cal Billing Program terminates.

Additionally, any breach of CLIENT's payment obligations or unauthorized use of HOSTED SERVICES will be deemed a material breach of this Agreement. MBT may terminate the Agreement, CLIENT account, or CLIENT's use of the HOSTED SERVICE if CLIENT commits a material breach of this Agreement or otherwise fails to comply with this Agreement, and such breach has not been cured within ten (10) days after notice of such breach.

In the event of termination prior to the completion of any school year, MBT shall not be required to provide CRCS completion services to CLIENT for the school year in progress.

11. **Submittals after Termination:** MBT shall, for a period of up to six months after the end of the school year in progress on the date of termination, continue to accept submittals from CLIENT for services provided by CLIENT through the end of the school year in progress on the date of termination, and shall submit billings for such services provided by CLIENT to DHCS for reimbursement. During the period set forth herein CLIENT shall have continued access to MBT's OptiClaim software. MBT shall continue to submit invoices to CLIENT for such billings per the payment schedule set forth in Section 4 above. Any submittals received by MBT from CLIENT for services provided in the school year following the date of termination shall be returned to CLIENT and shall not be processed by MBT for reimbursement.
12. **Notices:** Notices affecting contract terms between the parties shall be in writing and shall be deemed given when (i) personally delivered to the party to whom it is directed; or (ii) five (5) days after deposit in the United States mail, postage prepaid, return receipt requested, addressed to:

19. **Mediation and Arbitration:** Any dispute arising under this Agreement shall first be addressed through mediation. If a dispute arises, either party may demand mediation by filing a written demand with the other party. If the parties cannot agree upon a neutral mediator, each party, within twenty (20) days after the parties fail to agree on one mediator, at its own cost shall appoint one mediator and those mediators shall select an impartial mediator to conduct the mediation. The parties shall equally share the cost of the mediator conducting the mediation.

If the parties are unable to resolve any dispute through mediation as set forth herein, or if any party fails to respond to a demand for mediation, all questions and disputes with respect to the rights and obligations of the parties arising under the terms of this Agreement shall be resolved by binding arbitration. If the parties cannot agree on one arbitrator, each of the parties, within twenty (20) days after the parties fail to agree on one arbitrator, at its own cost, shall appoint one arbitrator and those arbitrators shall select an impartial arbitrator to conduct the arbitration. Should a party refuse or neglect to join in the arbitrator or to furnish the arbitrator with any papers or information demanded, the arbitrator may proceed ex parte.

A hearing on the matter to be arbitrated shall take place before the arbitrator in the County where CLIENT is located, State of California. The arbitrator shall select the time and place promptly and shall give each party written notice of the time and place at least ninety (90) days before the date selected. The parties shall be entitled to conduct discovery by agreement or by order of the arbitrator. Each party may present any relevant evidence at the hearing. The formal rules of evidence applicable to judicial proceedings shall not govern. Evidence shall be admitted or excluded in the sole discretion of the arbitrator. The arbitrator shall hear and determine the matter and shall execute and acknowledge the award in writing and cause a copy of the writing to be delivered to each of the parties.

The parties shall share equally the expense of arbitration, and each party shall bear its own attorney fees and costs incurred in connection with the arbitration.

The arbitrator's decision shall be binding and conclusive on the parties. A judgment confirming the award may be given by any Superior Court having jurisdiction.

MD will provide the result of such review in writing to CLIENT, including a written authorization for any OT, PT, MH, ST and Nursing services which, in MD's medical opinion, are medically necessary.
- g. MD is responsible to abide by The Health Insurance Portability and Accountability Act (HIPAA) and The Family Educational Rights and Privacy Act (FERPA) and will not share the CLIENT's data with third-party entities. Treatment plans provided to MD by the CLIENT will be used for the sole purpose of determining medical necessity of school based services and MD will use industry standard practices to securely store all student treatment plans.
- h. Once MD has completed his/her review of student treatment plans submitted by CLIENT, MD will issue an invoice to CLIENT according to the Payment section of this agreement.

2. **Client Responsibilities:** CLIENT shall do and perform each of the following:

- b. CLIENT will submit student treatment plans in the format agreed upon with the MD. Student treatment plans must include student full name, student date of birth, student's diagnosis, service provider's full name, service provider's credentials, and a description of the school based services that the student is receiving.
- c. CLIENT will make their service providers available to MD for clarifications and additional information that may need to be provided during the student treatment plan review process.

3. **Payment:** CLIENT shall pay to MD as compensation:

A fee of \$25.00 for each Student Treatment Plan that is submitted by CLIENT and reviewed by MD. MD will generate and submit an invoice to CLIENT which is payable within 30 days of receipt.

4. **Document Management:** MD shall retain in electronic form copies of all Student Treatment Plans submitted by CLIENT for a period of five (5) or such other period as required by law. MD, upon request, will provide to CLIENT electronic copies of such Treatment Plans. MD, upon request, shall return to CLIENT all Treatment Plans and other documents provided to MD for Treatment Plan review purposes. CLIENT shall retain all such documents and records for at least five (5) years from Student Treatment Plan effective date or such other duration as may be required by State and Federal laws, rules, and regulations.
5. **Confidentiality Agreement:** All statistical, financial, student and other data relating to the Student Treatment Plan review process shall be held in strict confidence by the parties hereto. The foregoing obligation does not apply to any data that has become publicly available or that is not required to be kept confidential.

The data provided to MD by the CLIENT will be used for the sole purpose of determining medical necessity of school based services provided by CLIENT. MD is responsible to abide by The Health Insurance Portability and Accountability Act (HIPAA) and The Family Educational Rights and Privacy Act (FERPA) and will not share the CLIENT's data with third-party entities.

6. **Insurance:** MD shall, at MD's expense, obtain and maintain during the term of this Agreement medical malpractice insurance in his/her name. Coverage shall be for an amount not less than \$1,000,000 per occurrence.

7. **Mutual Indemnification and Limitation of Liability:**

- a. CLIENT will indemnify, defend, and hold MD, and each such party's affiliates, officers, directors, employees, attorneys and agents harmless from and against any and all claims, costs, damages, losses, liabilities and expenses arising out of or in connection with: (i) a claim by a third party alleging that use of the CLIENT DATA infringes the INTELLECTUAL PROPERTY RIGHTS of a third party; provided in any such case that MD (a) promptly gives CLIENT written notice of the claim; (b) gives CLIENT sole control of the defense and settlement of the claim; and (c) provides CLIENT all available information and assistance.
- b. MD will indemnify, defend and hold CLIENT and CLIENT affiliates, officers, directors, employees, attorneys and agents harmless from and against any and all claims, costs, damages, losses, liabilities and expenses arising out of or in connection with: (i) any breach of confidentiality of CLIENT DATA due to the negligence of MD or its employees or agents, and (ii) a claim by a third party alleging that the HOSTED SERVICE directly infringes an INTELLECTUAL PROPERTY RIGHT of a third party; provided that CLIENT (a) promptly gives written notice of the claim to MD; (b) gives MD sole control of the defense and settlement of the claim; and (c) provides MD all available information and assistance. MD's aggregate liability under this subsection (b) of Section 9 is limited to the coverage actually afforded by MD's insurance policy referred to in Section 6 of this Agreement.
- c. MD will use due care in processing the work of the CLIENT based on CLIENT's submission of Student Treatment Plans. MD will be responsible for correcting any errors which are due to the machines, operators, or programmers of MD. Such errors shall be corrected at no additional charge to CLIENT. MD does not guarantee approval of Student Treatment Plans submitted. MD shall have no liability for CLIENT's inability to provide proper source documentation, including but not limited to Provider records, IEPs, Health Service Plans, and other supporting documentation, to any State or Federal governmental agency.
- d. Except as specifically set forth in Section 9, subsection (b) of this Agreement, in no event shall MD's liability for any and all claims against MD under this Agreement, in contract, tort, or

otherwise, exceed the total amount of the fees paid by CLIENT to MD during the contract term in issue, and MD shall not be liable under any circumstances for any special, consequential, incidental, punitive, or exemplary damages arising out of or in any way connected with this Agreement.

8. **Contract Duration and Termination:** The term of this Agreement shall commence upon execution of this contract and continue for a period of five (5) school years, through June 30, 2028 ("Termination Date"). This agreement may be terminated at anytime by either party by written notice.

Additionally, any breach of CLIENT's payment obligations or unauthorized use of Student Treatment Plans will be deemed a material breach of this Agreement. 9. MASTER CONTRACT DISPUTES

Any disputes or disagreements between CONTRACTOR and LEA regarding implementation or interpretation of this Master Contract, or otherwise relating to this Master Contract, that are not informally voluntarily resolved shall be addressed and/or resolved as set forth in this section of the Master Contract. This provision in this section of the Master Contract, shall apply to all disputes and disagreements related to events that occur and/or injuries that are incurred and/or commence during the term of this Master Contract, even if the party claiming injury first discovers the events and/or injuries giving rise to the disagreement or dispute or first notifies the other party of the disagreement or dispute, after expiration of this Master Contract. For purposes of this section of the Master Contract, the term "injury" shall include monetary and/or non-monetary injuries.

Step One: The party claiming injury as a result of the facts underlying the dispute or disagreement shall first attempt to resolve the dispute directly between senior level representatives of the parties. If CONTRACTOR is the party claiming injury, CONTRACTOR shall notify the LEA's Special Education Director or other LEA employees known or reasonably believed to be responsible for LEA's special education program, of the existence of disagreement or dispute, and attempt to resolve the matter informally.

Step Two: If the dispute or disagreement is not resolved at Step One, the party claiming injury as a result of the facts underlying the dispute or disagreement shall notify the Administrator of the SELPA of which the LEA is a member and request that the SELPA administrator facilitate a meeting to assist both parties in resolving the dispute or disagreement. Both parties must agree to participating in the mediation. The process remains voluntary in that the parties are not required to come to agreement. The mediator does not have the power to decide for the parties but can help the parties find a mutually acceptable resolution.

Step Four: If the dispute or disagreement is not resolved at Step Three, the party claiming injury may seek legal and/or equitable redress in a court of competent jurisdiction, or if mutually agreed to in writing by the parties, may submit the matter to the binding arbitration by an arbitrator or arbitration service to be agreed to by the parties.

Pursuant to California Education code section 56042, an attorney or advocate for a parent of an individual with exceptional

To avoid conflict of interest, and in order to ensure the appropriateness of an Independent Educational Evaluation (hereinafter referred to as "IEE") and its recommendations, the LEA may, in its discretion, not fund an IEE by an evaluator who provides ongoing service(s) or is sought to provide service(s) to the student for whom the IEE is requested. Likewise, the LEA may, in its discretion, not fund services through the evaluator whose IEE the LEA agrees to fund. If no other appropriate assessor is available, LEA may request and if CONTRACTOR agrees, the CONTRACTOR may provide an IEE.

CONTRACTOR shall not admit a student living within the jurisdictional boundaries of the LEA on a private pay or tuition free "scholarship" basis and concurrently or subsequently advise/request parent(s) to pursue funding for the admitted school year from the LEA through due process proceedings.

13. TERMINATION

- A. This Contract may be terminated for cause by LEA or CONTRACTOR at any time. To terminate this Contract either party shall give no less than 20-calendar days written notice prior to the date of the termination (EC 56366 (a) (4)). Upon termination without default of CONTRACTOR, LEA shall make payment, without duplication, for all services satisfactorily performed and verified expenses incurred to date of termination. Expenses shall be itemized for review and approval by LEA.
- B. In consideration of this payment, CONTRACTOR waives all rights to any further payment of damage and shall turn over to LEA everything pertaining to its services hereunder, possessed by CONTRACTOR or under its control at the time of termination.

(EC 56366 (a) (4))
- E. Continued enrollment and provision of a free appropriate public education ("FAPE") to a student currently attending NPS and/or receiving services from a NPA shall not be terminated when stay put is ordered by OAH under California Education Code § 56505.

CONTRACTOR shall defend, hold harmless and indemnify LEA and its governing board, officers, administrators, agents, employees, independent contractors, subCONTRACTORS, consultants, and other representatives, from

all liabilities and claims for damage for death, sickness, or injury to any person(s) or damage to any property, including reasonable attorney's fees and costs, from any cause whatsoever arising from or connected with its service hereunder, whether or not resulting from the negligence of CONTRACTOR, its agents or employees. This clause shall not apply to the ability of a CONTRACTOR to accept payment from parents for additional services funded solely by parents' private insurance, so long as LEA and CONTRACTOR agree in writing to this arrangement, and so long as CONTRACTOR ensures that parents' payments are being made from a private insurance source only. Further, this clause is not intended to affect a CONTRACTOR'S ability to accept private payment for a student not being served under an ISA by that CONTRACTOR.

Unless otherwise agreed to by LEA and CONTRACTOR, CONTRACTOR shall be responsible for the provision of all programmatic supplies, equipment, or facilities specified in the students' IEP and ISA. AT and/or AAC devices, equipment and/or materials purchased by the LEA remain the property of the LEA.

(EC 48853.5 (e) (1) and AB490) Whenever a change in foster child's residence occurs, the foster child has a right to remain in the school of origin to the end of the highest grade maintained at that school. Decisions regarding placement are IEP decisions which should include participation of LEA Foster Youth Liaison as appropriate.

25. COPY OF IEP AND PROGRAM OF INSTRUCTION

Upon referral of a student to CONTRACTOR, the LEA shall provide CONTRACTOR with a copy of that student's IEP including the Individualized Transition Plan (ITP) and available assessment information, and facilitate, if requested, an observation of the student. CONTRACTOR shall conduct any follow-up or corrective action procedures related to review findings.

If CONTRACTOR is also an LCI and/or NPS/RTC, the CDE shall annually evaluate whether CONTRACTOR is in compliance with Education Code section 56366.9 and Health and Safety Code section 1501.1(b).

The LEA or SELPA shall conduct an onsite visit to the NPS before placement of a pupil if the LEA does not have any pupils enrolled at the school at the time of placement.

The LEA or SELPA shall conduct at least one onsite monitoring visit during each school year to the CONTRACTOR site certified as an NPS where the LEA has placed a pupil and entered into a master contract. The monitoring visit shall include, but is not limited to, a review of services specified on the ISA and provided to the pupil, a review of progress the pupil is making toward the goals set forth in the pupil's IEP, a review of progress the pupil is making toward the goals set forth in the pupil's behavioral intervention plan, if applicable, an observation of the pupil during instruction, and a walkthrough of the facility. The LEA or SELPA shall report the findings resulting from the monitoring visit to the CDE within 60 calendar days of the onsite visit.

CONTRACTOR shall allow LEA representatives access to its facilities for additional periodic monitoring of each student's instructional program. LEA shall have access to observe each student at work, observe the instructional setting, interview CONTRACTOR employees, and review each student's records and progress. Such access shall include unannounced monitoring visits. When making site visits, LEA shall initially report to CONTRACTOR's site administrative office. CONTRACTOR shall be invited to participate in the review of each student's progress.

CONTRACTOR understands that LEA reserves the right to institute a program audit with or without cause. The program audit may include, but is not limited to, a review of core compliance areas of health and safety; curriculum/instruction; related services; and contractual, legal, and procedural compliance.

CONTRACTOR shall collaborate with LEA representatives at an IEP team meeting where the manifestation determination will be made.

When CONTRACTOR is an NPS, CONTRACTOR is responsible for assigning grades for any course of instruction taught at the NPS. The grades determined by the pupil's teacher, in the absence of clerical or mechanical mistake, fraud, bad faith, or incompetency, shall be final and consistent with the provisions specified in EC Section 49066. The grades each pupil receives in all courses of instruction taught by the NPS shall be reported to the parents and the LEA on a quarterly basis. When CONTRACTOR serves students in grades nine (9) through twelve (12) inclusive, LEA shall provide to CONTRACTOR a specific list of the course requirements to be satisfied by the CONTRACTOR leading toward graduation or completion of LEA's diploma requirements. CONTRACTOR shall not recommend awarding a high school diploma to students who have not successfully completed all of the LEA's graduation requirements.

Pupils enrolled in high school during the 2020-2021 academic year may request a Pass or No Pass grade as permitted in EC Section 49066.5, which may be reflected on the student's transcript and shall not negatively affect the pupil's grade point average.

If the student is enrolled in an NPS and is of secondary school age, LEA will list the course requirements to be satisfied by the CONTRACTOR leading toward graduation or completion of diploma requirements and specify levels of proficiency in basic skills as measured by LEA approved proficiency tests. Standardized tests including state mandated assessments shall be administered pursuant to LEA state and federal guidelines. Six months prior to graduation, CONTRACTOR shall notify LEA of the transition to high school for graduation.

When a student exits from special education as a result of earning a diploma, aging out or returning to LEA, the CONTRACTOR shall provide to the LEA a summary of student's academic achievement and functional performance along with recommendations on how to assist the student in meeting their post-secondary goals. For purposes of this provision if the needs of the students are such that the IEP team determines that a functional skills curriculum is most appropriate, the educational program shall be designed to be in alignment with the essential state standards and will result in the awarding of a certificate of completion either by the LEA or the NPS as determined by mutual agreement.

When CONTRACTOR is a nonpublic school, CONTRACTOR's general program of instruction shall: (a) be consistent with LEA's and CDE's standards regarding the particular course of study and curriculum; (b) include curriculum that addresses mathematics, literacy and the use of educational, assistive technology and transition services; and (c) provide the services as specified in the LEA student's IEP and ISA. CONTRACTOR shall require that parents obtain prior written authorization for the therapeutic visits from the CONTRACTOR and LEA at least thirty (30) days in advance. CONTRACTOR shall facilitate all parent travel and accommodations and provide travel information to the parent as appropriate. Payment by LEA for approved travel-related expenses shall be made directly through the LEA consistent with LEA Procedures.

CONTRACTOR providing services in the student’s home as specified in the IEP shall ensure that at least one parent of the child, or an adult caregiver with written and signed authorization to make decisions in an emergency, is present. The names of any adult caregiver other than the parent shall be provided to the LEA prior to the start of any home-based services, including written and signed authorization for emergency situations. The adult caregiver cannot also be an employee or volunteer associated with the NPS/NPA service provider. CONTRACTOR shall maintain, and provide to LEA upon request, copies of such written statements. CONTRACTOR shall maintain a written log for each LEA student to whom medication is administered. Such written log shall specify the student’s name; the type of medication; the date, time, and amount of each administration; and the name of CONTRACTOR’s employee who administered the medication. CONTRACTOR maintains full responsibility for assuring appropriate staff training in the administration of such medication consistent with physician’s written orders. Any change in medication type, administration method, amount or schedule must be authorized by both a licensed physician and parent.

SubCONTRACTORs shall not be considered in the direct employ of the CONTRACTOR for the purposes of accessing student records. Nevertheless, pursuant to EC 49076(b)(6), CONTRACTOR may provide subCONTRACTORs access to student records when the subCONTRACTOR provides services within CONTRACTOR's educational institution and has a legitimate interest in the information contained in the student records. CONTRACTOR also agrees to comply with the parental right to request records and the parental right to inspect a student's file as defined in the federal law under Family Educational Rights and Privacy Act of 1974 ("FERPA") and the California Educational Code § 49000 et seq. and § 56000 et seq.

Additional reporting periods may be identified by the IEP team. Upon request, an updated report shall be provided if there is no current progress report, whenever a student is scheduled for an IEP review by LEA's Individualized Education Program team or when a student's enrollment is terminated. CONTRACTOR shall establish grading policies to be followed unless otherwise specified in student's IEP.

36. FORWARDING OF RECORDS

CONTRACTOR agrees, in the event of school or agency closure, to forward student records immediately but no later than seven (7) days to LEA. These shall include, but are not limited to, current transcripts, IEP/IFSP reports and results of proficiency testing and State Assessments.

37. IEP/IFSP MEETINGS

The CONTRACTOR is responsible for providing the student's special education teacher and the related services or personnel appropriate to represent the related services at required IEP /ITP meetings. These meetings will be held at the NPS unless otherwise approved by the LEA and CONTRACTOR. Except as otherwise provided in the Master Contract, CONTRACTOR and LEA shall participate in all IEP team meetings regarding LEA students for whom ISAs have been or may be executed. The LEA is responsible for scheduling and issuing the Notice of Meeting for all IEP team meetings. Parents or guardians shall be notified of the IEP meeting early enough to ensure an opportunity to attend. Proper notice of meeting shall include the purpose, time, and location and who shall be in attendance. Every effort shall be made to schedule the IEP meetings at a time that is mutually convenient to parents, LEA, and CONTRACTOR's staff. Parents or guardians shall be informed in the notice of the right to bring other people to the meeting who have knowledge or special expertise of the student. The CONTRACTOR shall ensure private and confidential communication between the student and members of the IEP team, at the student's discretion. Transition services (designed with a results-oriented process focused on improving the academic functional achievement of the child) must be addressed in the IEP for the student no later than in the

year in which they turn 16 years of age. Extended school year shall be discussed as part of the IEP meeting with an emphasis on student need.

It is understood that the CONTRACTOR shall utilize the approved electronic IEP system of the LEA for all IEP planning and progress reporting at the LEA's discretion. The CONTRACTOR agrees to conform to the approved testing calendar window. The LEA shall provide opportunities for training as necessary and requested by the contractor. The LEA shall provide all appropriate test materials to the NPS for administration of the tests.

NOTE: CONTRACTOR shall determine its state-mandated testing period subject to EC section 60640. CONTRACTOR shall notify the LEA of a student enrolled in the school of its testing period. CONTRACTOR's staff, who shall administer the assessments, shall attend the regular testing training sessions provided by the LEA.

If CONTRACTOR's staff have received training from one LEA or similar agency, that training will be sufficient for all LEAs that send students to the CONTRACTOR.

39. SCHOOL ACCOUNTABILITY REPORT CARD

The NPS shall prepare a school accountability report card in accordance with EC section 33126.

40. CLASS SIZE-NONPUBLIC SCHOOL

When Contractor is a nonpublic school, CONTRACTOR shall ensure that class size shall not exceed a ratio of one teacher per twelve (12) students. Upon written approval by an authorized LEA representative, class size may be temporarily increased by a ratio of one (1) teacher to fourteen (14) students when necessary, during the regular or extended school year to provide services to students with disabilities.

In the event a nonpublic school is unable to fill a vacant teaching position responsible for direct instruction to students, and the vacancy has direct impact on the California Department of Education Certification of that school, the nonpublic school shall develop a plan to assure appropriate coverage of students by first utilizing existing certificated staff. The nonpublic school and the LEA may agree to one thirty (30) school day period per contract year where class size may be increased to assure coverage by an appropriately credentialed teacher. Such an agreement shall be in writing and signed by both parties. This provision does not apply to a nonpublic agency.

CONTRACTOR providing special education instruction for individuals with exceptional needs between the ages of three and five years, inclusive, shall also comply with the appropriate instructional adult to child ratios pursuant to California Education Code sections 56440 et seq.

41. RELATED SERVICES

Unless otherwise specified in the LEA student's IEP and/or ISA, CONTRACTOR shall provide related services to LEA students on only those days that the LEA student's school of attendance is in session and the LEA student

is scheduled to attend school. If student misses a related service session due to staff absence, that session shall be provided within thirty (30) school days.

Any adjustment, correction, addition or offer of added work shall be discussed with the CONTRACTOR and not the teacher or direct service provider.

Upon mutual agreement between contractor and district, related services may be provided outside of regular hours to meet the needs of the student and/or unique circumstances.

42. DUE PROCESS AND COMPLAINTS

CONTRACTOR shall fully participate in due process proceedings before OAH, including mediations and hearings, as requested by LEA. CONTRACTOR shall also fully participate in the investigation and provision of documentation related to any complaint filed with the State of California, the Office of Civil Rights, or any other state and/or federal governmental body or agency.

LEA shall inform parent(s) of their due process rights upon 1) each notification of an IEP meeting; 2) reevaluation of their child; 3) registration of a complaint or a request for a due process hearing; and (4) the commencement of an expulsion proceeding. Upon request by LEA, CONTRACTOR shall assist the LEA in meeting its due process notification obligations.

43. STATE MEAL MANDATE

CONTRACTOR shall assist LEA to meet the LEA's responsibilities to satisfy the State Meal Mandate under California Education Code sections 49005 et seq.; 49501.5, the universal meal mandate enacted by AB 130 (2021-2022); 49530 et seq; and 49550 et seq.

44. HEALTH AND SAFETY

CONTRACTOR shall require all regular and substitute employees, volunteers, and any other individual who may come into contact with a student on school grounds to provide verification of having been tested for tuberculosis and cleared to work with minors as evidenced by a state licensed medical doctor's signature. CONTRACTOR shall keep a copy of said information in the employee file or volunteer file.

CONTRACTOR agrees all employees, subCONTRACTORS, volunteers, and any other individual who may come into contact with a student on school grounds to follow universal health care precautions when providing medical treatment or assistance to a student.

CONTRACTOR further agrees to provide annual training to all employees, volunteers, and any other individual who may come into contact with a student on school grounds regarding universal health care precautions and to post required notices in areas designated by the California Health & Safety Code.

45. BEHAVIOR MANAGEMENT/ POSITIVE BEHAVIOR SUPPORT

CONTRACTOR shall comply with the requirements of Education Code section 49005, et seq., 56521.1 and 56521.2. LEA students who exhibit behaviors that interfere with their learning or the learning of others must receive timely and appropriate assessments and positive supports and interventions in accordance with the federal law and its implementing regulations. If the IEP team determines that a student's behavior impedes his or her learning or the learning of others, the IEP team is required to consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations. This could mean that instead of developing a Behavior Intervention Plan ("BIP"), the IEP team may conclude it is sufficient to address the student's behavioral problems through the development of behavioral goals and behavioral interventions to support those goals.

CONTRACTOR shall maintain a written policy pursuant to California Education Code section 56521.1 regarding emergency interventions and behavioral emergency reports. CONTRACTOR shall ensure that all its staff members are trained in crisis intervention, emergency procedures, and evidenced-based practices and interventions specific to the unique behavioral needs of the CONTRACTOR's pupil population. The training shall be provided within 30 days of employment to new staff who have any contact or interaction with pupils during the school day, and annually to all staff who have any contact or interaction with pupils during the school day. The CONTRACTOR shall select and conduct the training in accordance with California Education Code section 56366.1. CONTRACTOR shall maintain written records of the training and provide written verification of the training annually and upon request.

Pursuant to Education Code section 56521.1, emergency interventions shall not be used as a substitute for a BIP and shall not be employed longer than necessary to contain the behavior. Emergency interventions may only be used to control unpredictable, spontaneous behavior that poses clear and present danger of serious physical harm to the individual with exceptional needs, or others, and that cannot be immediately prevented by a response less restrictive than the temporary application of a technique used to contain the behavior. If a situation requires prolonged use of emergency intervention, staff must seek assistance from the school site administrator or a law enforcement agency.

CONTRACTOR shall complete a behavior emergency report when an emergency occurs that is defined as a serious, dangerous behavior that staff has determined to present a clear and present danger to others. It requires a non-violent physical intervention to protect the safety of student, self, or others and a physical intervention has been used; or a physical intervention has not been used, but an injury or serious property damage has occurred. Personal Safety Techniques may or may not have been used. Emergencies require a behavior emergency report form be completed and submitted to the LEA within twenty-four (24) hours for administrative action. Re: Proposal for Legal Services

Dear Rebecca:

Thank you for the opportunity to continue to provide legal services to the Mountain View Whisman School District ("District"). This letter shall serve to outline the terms and conditions of our representation of the District. If you have any questions concerning any of the information provided in this letter, I welcome your call.

1. Scope of Services.

Our responsibilities shall be to represent the District in matters related to its public education mission from time to time as the District may request upon our mutual agreement.

2. Fees.

The measure for our services will be the actual time expended performing legal services at hourly rates in effect at the time services are performed for the lawyers, paralegals and clerks who are directly involved in the matters for which you have retained us. For the 2025-2026 fiscal year, we will charge the District at the following discounted rates: Partners/Of Counsel: \$395/hour; Senior Counsel: \$370/per hour; Associates: \$345/hour; Paralegals: \$225/hour; and Clerks at \$125/hour.

Our firm may change the hourly rates for its personnel. We will, however, advise you in writing as to any change in our hourly rates before they become effective and obtain your agreement to the change.

3. Retainer.

As a matter of policy, we require clients of the firm to maintain a retainer to be applied towards fees and costs. In your instance, however, we are willing to waive this policy.

4. Expenses Incurred and Other Charges.

In addition to our fee, we will expect the District to reimburse us for all expenses we incur on its behalf, including expert witness fees, court reporters, long distance telephone calls, travel costs, postage, air freight, messenger services, computer research time, external printing costs and the like. We will bill you our direct costs for these expenses without mark-up. We will charge the District for all internal photocopying (at 10¢ per page) done by us with respect to District matters.

5. Billing Practices.

We will send an invoice to you monthly detailing all of the expenses incurred during the previous month. These invoices will be of sufficient detail to enable you to determine the nature of any expenses incurred. Payment is due upon receipt.

6. Termination of Representation.

The attorney-client relationship is one of mutual trust and confidence, and the District is, of course, free to terminate our relationship at any time. We will also be free to terminate the relationship at any time, and should that unlikely event occur, we will do so in a manner which complies with applicable law, court rules and the Rules of Professional Conduct of the State Bar of California. These rules permit us to withdraw if, among other reasons, your conduct renders it unreasonably difficult for us to carry out the representation effectively.

7. Professional Liability Insurance.

Orbach Huff & Henderson LLP carries professional errors and omissions liability insurance. No representation is made by Orbach Huff & Henderson LLP as to "insurance coverage" for the types of service which we may perform for the District.

8. Mediation, Binding Arbitration and Related Fees and Costs.

We look forward to a beneficial and mutually productive relationship with the District. If, however, you become dissatisfied for any reason with the services we have performed, we encourage you to bring that to our attention immediately. It is our belief that most such problems can be resolved by good faith discussions between the parties. Nevertheless, it is always possible that some dispute may arise which cannot be resolved by discussions between us. We believe that such disputes can be resolved more expeditiously and with less expense to all concerned by mediation and, if mediation is unsuccessful through binding arbitration, rather than through court proceedings.

Rebecca Westover, Ed.D.
May 12, 2025
Page 3

Therefore, the parties will first attempt to resolve all disputes through mediation with a mediator mutually agreed to by the parties.

To the extent mediation is unsuccessful in resolving any dispute, the parties agree to proceed with binding arbitration. Arbitration is a process by which both parties to a dispute agree to submit the matter to an arbitrator and to abide by the arbitrator's decision. In arbitration, there is no right to a trial by jury, and the arbitrator's legal and factual determinations are generally not subject to appellate review. Rules of evidence and procedure are often less formal and rigid than in a court trial. Arbitration usually results in a decision much more quickly than proceedings in court, and the attorneys' fees and other costs incurred by both sides are usually substantially less. Of course, you are encouraged to discuss the advisability of arbitration with other counsel or any of your other advisors and to ask any questions which you may have.

Any dispute based upon, arising out of or relating to our engagement, this letter agreement and/or the performance or non-performance of services (including, without limitation, claims of professional negligence) as well as any dispute as to the arbitrability of any such claims will be subject to binding arbitration to be held in Los Angeles County, California before a retired California superior court judge pursuant to the commercial arbitration rules of the American Arbitration Association. The arbitrator's award will be final and binding and judgment thereon may be entered in any court of competent jurisdiction. As a practical matter, by agreeing to arbitrate all parties are waiving the right to a jury trial.

In any dispute, at any stage, including mediation or arbitration, the parties shall bear their own attorneys' fees and costs.

9. File Retention and Destruction.

As discrete matters conclude, we may close those matters and we will retain a client file of that matter for a period of three (3) years. We may store some or all client file materials in a digital format. In the process of digitizing those documents, we will return to you any original paper documents provided by you. We will not return copies of paper documents provided by you unless you request those copies in writing. After a paper document is digitized, we will destroy all paper documents in the client file, subject to the exceptions noted above. At the expiration of the 3-year period, we will destroy all client file materials unless you notify us in writing that you wish to take possession of them. This clause applies to any client file materials being held or stored by a third-party vendor.

10. Term.

The term of this agreement and our representation of the District shall begin on the date you indicate by your signature below and shall continue unless our representation is terminated as indicated herein.

It is understood that this Contract does not commit LEA to payment for special education and related services provided to any individual unless and until an Individual Service Agreement (ISA) for Nonpublic, Nonsectarian School/Agency (NPS/NPA) Services is executed between LEA and CONTRACTOR on behalf of such individual or interim telephone approval is given to the CONTRACTOR by a representative of LEA.

WITNESSETH:

Whereas, LEA has determined that the need for such services exists;

Whereas, CONTRACTOR is a nonpublic nonsectarian school or agency holding all required certificates and licenses; and

Whereas, that CONTRACTOR is capable of and willing to provide such services.

A current copy of California Department of Education NPS/NPA certification is attached. If certification expires during Contract period, CONTRACTOR must provide an updated copy.

In consideration of mutual promises contained herein, it is mutually agreed between the parties as follows:

I. GENERAL PROVISIONS

1. INDIVIDUAL SERVICE AGREEMENT FOR NONPUBLIC, NONSECTARIAN SCHOOL/AGENCY SERVICES

An Individual Services Agreement (ISA) for Nonpublic, Nonsectarian School/Agency (NPS/NPA) Services shall be a part of this Master Contract, which CONTRACTOR will be required to execute with LEA with respect to each student for whom CONTRACTOR is to provide special education and/or designated instruction and services. Each student's Individual Services Agreement (ISA) shall identify the provider of each service required by the student's IEP (CCR 3062(e)). Individual Services Agreements shall only be issued for those students enrolled with the approval of the LEA. CONTRACTOR is responsible for providing those services, which it has agreed to provide for each individual student in that student's ISA, unless mutually agreed upon otherwise. Individual Services Agreements are null and void upon termination of the Master Contract.

The Individual Services Agreement may be terminated by the LEA or the CONTRACTOR for cause, as set forth in EC section 56366 (a) (4), with twenty (20) days written notice. The ISA may be terminated without advance notice if both parties agree to do so in writing.

2. TERM

The term of this Master Contract shall be from July 1, 2025 to June 30, 2026 (Title 5 California Code of Regulations section 3062(a) unless otherwise stated. The parties acknowledge that any subsequent Master Contract is to be renegotiated prior to June 30, 2026. In the event the contract negotiations are not agreed to by June 30th, the most recently executed Master Contract will remain in effect for 90 days. (Ed Code 56366 (c)(1), Title 5 California Code of Regulations section 3062(d).) No Master Contract will be offered unless and until all

the contracting requirements have been satisfied. The offer of a Master Contract to a CONTRACTOR is at the sole discretion of the LEA.

This Master Contract will be null and void if such certification or waiver is expired and not renewed or waived, or if such certification is revoked, rescinded, or otherwise nullified during the effective period of this Master Contract. The CONTRACTOR agrees to apply the same rate for the term of the contract unless mutually agreed otherwise in writing by LEA and contractor. Changes in the administrative or financial provisions of the Contract which do not alter the educational services or placement may be made at any time during the term of the Contract, as mutually agreed in writing by CONTRACTOR and LEA.

Any disputes or disagreements between CONTRACTOR and LEA regarding implementation or interpretation of this Master Contract, or otherwise relating to this Master Contract, that are not informally voluntarily resolved shall be addressed and/or resolved as set forth in this section of the Master Contract. This provision in this section of the Master Contract, shall apply to all disputes and disagreements related to events that occur and/or injuries that are incurred and/or commence during the term of this Master Contract, even if the party claiming injury first discovers the events and/or injuries giving rise to the disagreement or dispute or first notifies the other party of the disagreement or dispute, after expiration of this Master Contract. For purposes of this section of the Master Contract, the term "injury" shall include monetary and/or non-monetary injuries.

Step One: The party claiming injury as a result of the facts underlying the dispute or disagreement shall first attempt to resolve the dispute directly between senior level representatives of the parties. The mediator does not have the power to decide for the parties but can help the parties find a mutually acceptable resolution.

Step Four: If the dispute or disagreement is not resolved at Step Three, the party claiming injury may seek legal and/or equitable redress in a court of competent jurisdiction, or if mutually agreed to in writing by the parties, may submit the matter to the binding arbitration by an arbitrator or arbitration service to be agreed to by the parties.

CONTRACTOR shall collaborate with LEA representatives at an IEP team meeting where the manifestation determination will be made.

28. GRADUATION REQUIREMENTS

When CONTRACTOR is an NPS, CONTRACTOR is responsible for assigning grades for any course of instruction taught at the NPS. The grades determined by the pupil's teacher, in the absence of clerical or mechanical mistake, fraud, bad faith, or incompetency, shall be final and consistent with the provisions specified in EC Section 49066. The grades each pupil receives in all courses of instruction taught by the NPS shall be reported to the parents and the LEA on a quarterly basis. Consistent with the LEA, should it become evident to the NPS the pupil is in danger of failing a course, the CONTRACTOR must initiate a parent conference, and the LEA representative must be notified.

When CONTRACTOR serves students in grades nine (9) through twelve (12) inclusive, LEA shall provide to CONTRACTOR a specific list of the course requirements to be satisfied by the CONTRACTOR leading toward graduation or completion of LEA's diploma requirements. CONTRACTOR shall not recommend awarding a high school diploma to students who have not successfully completed all of the LEA's graduation requirements.

Pupils enrolled in high school during the 2020-2021 academic year may request a Pass or No Pass grade as permitted in EC Section 49066.5, which may be reflected on the student's transcript and shall not negatively affect the pupil's grade point average.

If the student is enrolled in an NPS and is of secondary school age, LEA will list the course requirements to be satisfied by the CONTRACTOR leading toward graduation or completion of diploma requirements and specify levels of proficiency in basic skills as measured by LEA approved proficiency tests. Standardized tests including state mandated assessments shall be administered pursuant to LEA state and federal guidelines. For students in grades nine through twelve, inclusive, LEA will provide a current transcript and a specific list of courses required. At the close of each semester CONTRACTOR shall prepare transcripts and submit them to the student's district of residence for evaluation of progress toward completion of diploma requirements.

At the close of each semester, or upon student transfer for students in grades nine (9) through twelve (12), inclusive, CONTRACTOR shall update transcripts and submit them upon request to the student's school of residence. Six months prior to graduation, CONTRACTOR shall notify LEA of the transition to high school for graduation.

When a student exits from special education as a result of earning a diploma, aging out or returning to LEA, the CONTRACTOR shall provide to the LEA a summary of student's academic achievement and functional performance along with recommendations on how to assist the student in meeting their post-secondary goals. For purposes of this provision if the needs of the students are such that the IEP team determines that a functional skills curriculum is most appropriate, the educational program shall be designed to be in alignment with the essential state standards and will result in the awarding of a certificate of completion either by the LEA or the NPS as determined by mutual agreement.

When CONTRACTOR is a nonpublic school, CONTRACTOR's general program of instruction shall: (a) be consistent with LEA's and CDE's standards regarding the particular course of study and curriculum; (b) include curriculum that addresses mathematics, literacy and the use of educational, assistive technology and transition services; and (c) provide the services as specified in the LEA student's IEP and ISA. LEA students shall have access to: (a) State Board of Education (SBE) - adopted standards-based, core curriculum and the same instructional materials for kindergarten and grades 1 to 8, inclusive; and provide standards-aligned core curriculum and instructional materials for grades 9 to 12, inclusive, used by a local education agency (LEA), that contracts with the nonpublic school; (b) college preparation courses; (c) extracurricular activities, such as art, sports, music and academic clubs; (d) career preparation and vocational training, consistent with transition plans that are in compliance with state and federal law and; (e) supplemental assistance, including individual academic tutoring, psychological counseling, and career and college counseling. CONTRACTOR's general program of instruction shall be described in writing and available to the SELPA prior to the effective date of this Master Contract.

FOSTER YOUTH - AB 167 – Assembly Bill 167 refers to California legislation that amended Ed Code to exempt students in foster care from school district graduation requirements that exceed state graduation requirements if the student transfers to the district, or transfers from one high school to another within a district in the 11th or 12th grade if the student would not be reasonably able to complete the additional district requirements. AB 167 requires school districts to provide notice to foster youth exempted from additional district requirements if failure to satisfy such local requirements will affect the student’s ability to gain admission to a postsecondary educational institution.

29. REASONABLE VISITATION/ PARENT ACCESS

CONTRACTOR will provide reasonable parental access to LEA students and all facilities including, but not limited to: the instructional setting, recreational activity areas, meeting rooms and LEA student living quarters, for those parents whose children reside in the living quarters. CONTRACTOR shall ensure that parental visits are in agreement with court order, if any.

CONTRACTORS operating programs associated with an NPS/RTC shall cooperate with a parent’s reasonable request for LEA student therapeutic visits in their home or at the NPS/RTC. CONTRACTOR shall require that parents obtain prior written authorization for the therapeutic visits from the CONTRACTOR and LEA at least thirty (30) days in advance. CONTRACTOR shall facilitate all parent travel and accommodations and provide travel information to the parent as appropriate. Payment by LEA for approved travel-related expenses shall be made directly through the LEA consistent with LEA Procedures.

CONTRACTOR providing services in the student’s home as specified in the IEP shall ensure that at least one parent of the child, or an adult caregiver with written and signed authorization to make decisions in an emergency, is present. The names of any adult caregiver other than the parent shall be provided to the LEA prior to the start of any home-based services, including written and signed authorization for emergency situations. The adult caregiver cannot also be an employee or volunteer associated with the NPS/NPA service provider. All problems and/or concerns reported to parents, both verbal and written, shall also be provided, in writing, to the LEA.

CONTRACTOR may designate personnel to assist the LEA student with the administration of such medication after the LEA student’s parent(s) provides to CONTRACTOR: (a) a written statement from a physician detailing the type, administration method, amount, and time schedules by which such medication shall be taken; and (b) a written statement from the LEA student’s parent(s) granting CONTRACTOR permission to administer medication(s) as specified in the physician’s statement. CONTRACTOR shall maintain, and provide to LEA upon request, copies of such written statements. CONTRACTOR shall maintain a written log for each LEA student to whom medication is administered. Such written log shall specify the student’s name; the type of medication; the date, time, and amount of each administration; and the name of CONTRACTOR’s employee who administered the medication. CONTRACTOR maintains full responsibility for assuring appropriate staff training in the administration of such medication consistent with physician’s written orders. Any change in medication type, administration method, amount or schedule must be authorized by both a licensed physician and parent.

SubCONTRACTORs shall not be considered in the direct employ of the CONTRACTOR for the purposes of accessing student records. Nevertheless, pursuant to EC 49076(b)(6), CONTRACTOR may provide subCONTRACTORs access to student records when the subCONTRACTOR provides services within CONTRACTOR's educational institution and has a legitimate interest in the information contained in the student records. CONTRACTOR also agrees to comply with the parental right to request records and the parental right to inspect a student's file as defined in the federal law under Family Educational Rights and Privacy Act of 1974 ("FERPA") and the California Educational Code § 49000 et seq. and § 56000 et seq.

Additional reporting periods may be identified by the IEP team. Upon request, an updated report shall be provided if there is no current progress report, whenever a student is scheduled for an IEP review by LEA's Individualized Education Program team or when a student's enrollment is terminated. CONTRACTOR shall establish grading policies to be followed unless otherwise specified in student's IEP.

36. FORWARDING OF RECORDS

CONTRACTOR agrees, in the event of school or agency closure, to forward student records immediately but no later than seven (7) days to LEA. These shall include, but are not limited to, current transcripts, IEP/IFSP reports and results of proficiency testing and State Assessments.

37. IEP/IFSP MEETINGS

The CONTRACTOR is responsible for providing the student's special education teacher and the related services or personnel appropriate to represent the related services at required IEP /ITP meetings. These meetings will be held at the NPS unless otherwise approved by the LEA and CONTRACTOR. Except as otherwise provided in the Master Contract, CONTRACTOR and LEA shall participate in all IEP team meetings regarding LEA students for whom ISAs have been or may be executed. The LEA is responsible for scheduling and issuing the Notice of Meeting for all IEP team meetings. Parents or guardians shall be notified of the IEP meeting early enough to ensure an opportunity to attend. Proper notice of meeting shall include the purpose, time, and location and who shall be in attendance. Every effort shall be made to schedule the IEP meetings at a time that is mutually convenient to parents, LEA, and CONTRACTOR's staff. Parents or guardians shall be informed in the notice of the right to bring other people to the meeting who have knowledge or special expertise of the student. The CONTRACTOR shall ensure private and confidential communication between the student and members of the IEP team, at the student's discretion. Transition services (designed with a results-oriented process focused on improving the academic functional achievement of the child) must be addressed in the IEP for the student no later than in the

year in which they turn 16 years of age. Extended school year shall be discussed as part of the IEP meeting with an emphasis on student need.

It is understood that the CONTRACTOR shall utilize the approved electronic IEP system of the LEA for all IEP planning and progress reporting at the LEA's discretion. The CONTRACTOR agrees to conform to the approved testing calendar window. The LEA shall provide opportunities for training as necessary and requested by the contractor. The LEA shall provide all appropriate test materials to the NPS for administration of the tests.

NOTE: CONTRACTOR shall determine its state-mandated testing period subject to EC section 60640. CONTRACTOR shall notify the LEA of a student enrolled in the school of its testing period. CONTRACTOR's staff, who shall administer the assessments, shall attend the regular testing training sessions provided by the LEA.

If CONTRACTOR's staff have received training from one LEA or similar agency, that training will be sufficient for all LEAs that send students to the CONTRACTOR.

39. SCHOOL ACCOUNTABILITY REPORT CARD

The NPS shall prepare a school accountability report card in accordance with EC section 33126.

40. CLASS SIZE-NONPUBLIC SCHOOL

When Contractor is a nonpublic school, CONTRACTOR shall ensure that class size shall not exceed a ratio of one teacher per twelve (12) students. Upon written approval by an authorized LEA representative, class size may be temporarily increased by a ratio of one (1) teacher to fourteen (14) students when necessary, during the regular or extended school year to provide services to students with disabilities.

In the event a nonpublic school is unable to fill a vacant teaching position responsible for direct instruction to students, and the vacancy has direct impact on the California Department of Education Certification of that school, the nonpublic school shall develop a plan to assure appropriate coverage of students by first utilizing existing certificated staff. The nonpublic school and the LEA may agree to one thirty (30) school day period per contract year where class size may be increased to assure coverage by an appropriately credentialed teacher. Such an agreement shall be in writing and signed by both parties. This provision does not apply to a nonpublic agency.

CONTRACTOR providing special education instruction for individuals with exceptional needs between the ages of three and five years, inclusive, shall also comply with the appropriate instructional adult to child ratios pursuant to California Education Code sections 56440 et seq.

42. DUE PROCESS AND COMPLAINTS

CONTRACTOR shall fully participate in due process proceedings before OAH, including mediations and hearings, as requested by LEA. LEA shall inform parent(s) of their due process rights upon 1) each notification of an IEP meeting; 2) reevaluation of their child; 3) registration of a complaint or a request for a due process hearing; and (4) the commencement of an expulsion proceeding. CONTRACTOR shall require all regular and substitute employees, volunteers, and any other individual who may come into contact with a student on school grounds to provide verification of having been tested for tuberculosis and cleared to work with minors as evidenced by a state licensed medical doctor's signature. CONTRACTOR shall keep a copy of said information in the employee file or volunteer file.

CONTRACTOR agrees all employees, subCONTRACTORS, volunteers, and any other individual who may come into contact with a student on school grounds to follow universal health care precautions when providing medical treatment or assistance to a student.

CONTRACTOR further agrees to provide annual training to all employees, volunteers, and any other individual who may come into contact with a student on school grounds regarding universal health care precautions and to post required notices in areas designated by the California Health & Safety Code.

45. BEHAVIOR MANAGEMENT/ POSITIVE BEHAVIOR SUPPORT

CONTRACTOR shall comply with the requirements of Education Code section 49005, et seq., 56521.1 and 56521.2. LEA students who exhibit behaviors that interfere with their learning or the learning of others must receive timely and appropriate assessments and positive supports and interventions in accordance with the federal law and its implementing regulations. If the IEP team determines that a student's behavior impedes his or her learning or the learning of others, the IEP team is required to consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations. This could mean that instead of developing a Behavior Intervention Plan ("BIP"), the IEP team may conclude it is sufficient to address the student's behavioral problems through the development of behavioral goals and behavioral interventions to support those goals.

CONTRACTOR shall maintain a written policy pursuant to California Education Code section 56521.1 regarding emergency interventions and behavioral emergency reports. CONTRACTOR shall ensure that all its staff members are trained in crisis intervention, emergency procedures, and evidenced-based practices and interventions specific to the unique behavioral needs of the CONTRACTOR's pupil population. The training shall be provided within 30 days of employment to new staff who have any contact or interaction with pupils during the school day, and annually to all staff who have any contact or interaction with pupils during the school day. CONTRACTOR shall maintain written records of the training and provide written verification of the training annually and upon request.

Pursuant to Education Code section 56521.1, emergency interventions shall not be used as a substitute for a BIP and shall not be employed longer than necessary to contain the behavior. Emergency interventions may only be used to control unpredictable, spontaneous behavior that poses clear and present danger of serious physical harm to the individual with exceptional needs, or others, and that cannot be immediately prevented by a response less restrictive than the temporary application of a technique used to contain the behavior. If a situation requires prolonged use of emergency intervention, staff must seek assistance from the school site administrator or a law enforcement agency.

CONTRACTOR shall complete a behavior emergency report when an emergency occurs that is defined as a serious, dangerous behavior that staff has determined to present a clear and present danger to others. It requires a non-violent physical intervention to protect the safety of student, self, or others and a physical intervention has been used; or a physical intervention has not been used, but an injury or serious property damage has occurred. Personal Safety Techniques may or may not have been used. Emergencies require a behavior emergency report form be completed and submitted to the LEA within twenty-four (24) hours for administrative action. CONTRACTOR shall notify Parent within twenty-four (24) hours via telephone. If the student's IEP does not contain a BIP, an IEP team shall schedule a meeting to review the behavior emergency report, determine if there is a necessity for a functional behavioral assessment, and to determine an interim plan. If the student already has a BIP, the IEP team shall review and modify the BIP if a new serious behavior has been exhibited or existing behavioral interventions have proven to be ineffective. CONTRACTOR shall schedule with LEA an IEP meeting within two (2) days.

Pursuant to Education Code section 56521.2, CONTRACTOR shall not authorize, order, consent to, or pay for the following interventions, or any other interventions similar to or like the following:

2. an intervention that involves the release of noxious, toxic, or otherwise unpleasant sprays, mists, or substances in proximity to the face of the individual;
3. an intervention that denies adequate sleep, food, water, shelter, bedding, physical comfort, or access to bathroom facilities;
4. an intervention that is designed to subject, used to subject, or likely to subject, the individual to verbal abuse, ridicule, or humiliation, or that can be expected to cause excessive emotional trauma;
5. restrictive interventions that employ a device, material, or objects that simultaneously immobilize all four extremities;
6. prone restraint;
7. locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room;
8. an intervention that precludes adequate supervision of the individual;
9. an intervention that deprives the individual of one or more of the individual's senses.

CONTRACTOR shall comply with Education Code section 49005.8. Specifically, Contractor shall not do any of the following:

1. Use seclusion or a behavioral restraint for the purpose of coercion, discipline, convenience, or retaliation.

2. Use locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room.
3. Use a physical restraint technique that obstructs a pupil's respiratory airway or impairs the pupil's breathing or respiratory capacity, including techniques in which a staff member places pressure on a pupil's back or places the staff member's body weight against the pupil's torso or back.
4. Use a behavioral restraint technique that restricts breathing, including, but not limited to, using a pillow, blanket, carpet, mat, or other item to cover a pupil's face.
5. Use prone containment.
6. Use a behavioral restraint for longer than is necessary to contain the behavior that poses a clear and present danger of serious physical harm to the pupil or others.

CONTRACTOR shall keep constant, direct observation of a pupil who is in seclusion, which may be through observation of the pupil through a window, or another barrier, through which the educational provider is able to make direct eye contact with the pupil. This observation shall not be through indirect means, including through a security camera or a closed-circuit television.

CONTRACTOR shall afford pupils who are restrained the least restrictive alternative and the maximum freedom of movement, and shall use the least number of restraint points, while ensuring the physical safety of the pupil and others.

In the case of a child whose behavior impedes the child's learning or that of others, the IEP team shall consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations.

All restraint practices must be reviewed and revised when they have an adverse effect on a student and are used repeatedly for an individual child, either on multiple occasions within the same classroom or multiple uses by the same individual. CONTRACTOR shall notify the student's parent/guardian when any type of physical or mechanical restraint or seclusion has been used. Upon the use of any type of physical or mechanical restraint or seclusions of an LEA student, CONTRACTOR shall complete a BER per the reporting and notification requirements listed above.

46. STUDENT RETURN TO DISTRICT

CONTRACTOR and LEA shall assist all SELPA and LEA policies and procedures that support Least Restrictive Environment ("LRE") options and/or Dual Enrollment options for students to have access to the general curriculum and to be educated with their nondisabled peers to the maximum extent appropriate.

When an IEP team has determined that a student should be transitioned into the public school setting, CONTRACTOR shall assist the LEA in implementing the IEP team's recommendations activities to support the transition. A pupil in foster care shall be defined pursuant to California Education Code section 42238.01(b). The LEA shall annually notify the CONTRACTOR who the LEA has designated as the educational liaison for foster children. When a pupil in foster care is enrolled in a NPS by the LEA any time after the completion of the pupil's second year of high school, the CONTRACTOR shall schedule

Included in this evaluation, is a review of IEP stated goals and state assessment results in order to determine if student is making appropriate educational progress. The LEA shall consider whether or not the needs of the student require an NPS and whether changes to the IEP are necessary, including whether the student may be transitioned to a public school setting.

If the student is enrolled in a NPA, the LEA shall not be responsible for the payment of educational services when the student is absent. CONTRACTOR shall notify LEA in writing when the student absences exceed three (3) sessions. Make-up sessions may be scheduled but shall be limited to 30 school days in which the original services were scheduled. Unless otherwise agreed, all related services shall be provided by CONTRACTOR during the LEA's regular school and extended school calendar days unless otherwise specified on the IEP. The NPS would work collaboratively with LEAs and inform them of a date(s) during the current school calendar year on which the makeup day of service would occur.

The following shall apply in the event of a LEA or CONTRACTOR closure due to an emergency consistent with guidelines followed by LEAs under Education Code Section 41422:

Contractor is Open and LEA is Open or Closed

- If CONTRACTOR remains open during an emergency and serves students appropriately as delineated in the ISA, CONTRACTOR shall receive payment, regardless of whether a sending LEA is open or closed.

Contractor Closure

- Unless otherwise directed by Executive Order, Law, or other similar directive, if the LEA is able to obtain alternative placement for the student, CONTRACTOR shall not receive payment for days the student is not in attendance due to school closure.
- Unless otherwise directed by Executive Order, Law, or other similar directive, If the LEA is unable to obtain an alternative placement, CONTRACTOR shall receive payment consistent with the signed ISA, as though the student was continuing in their regular attendance, until alternative placement can be found.

Both LEA and Contractor are Closed

- On days the LEA is funded via Waiver, Executive Order, Law or other similar directive, CONTRACTOR shall receive payment consistent with the signed ISA, until alternative placement can be found. If the LEA is able to obtain alternative placement for the student, CONTRACTOR shall not receive payment for days the student is not in attendance due to school closure if stated by the Waiver guidance, Executive Order, Law or other similar directive.

When the emergency school closure is lifted, CONTRACTOR shall notify the LEAs it serves of any lost instructional minutes. CONTRACTOR and LEAs shall work collaboratively to determine the need for make-up days or service changes and shall work together to amend IEP and ISA paperwork as appropriate. CONTRACTOR and LEA shall work collaboratively to resolve any payment and service disputes brought about by emergency closures. CONTRACTOR will provide documents, information, and clarification on services as requested by the LEA.

60. ATTENDANCE RECORDS

Such attendance shall be filed with monthly invoices to LEA within thirty (30) days of the close of the school month. Separate attendance register forms must be submitted for all related services as specified on the IEP.
- B. Original attendance registers submitted to the LEA with invoices for payment must be completed by the service provider whose signature must appear on said register. CONTRACTOR is responsible for verifying accuracy of said registers and for informing service providers of their personal responsibility for the completion and accuracy of said attendance registers.
- C. CONTRACTOR shall permit LEA representatives, upon reasonable notice, to meet with staff of CONTRACTOR for the purpose of auditing attendance reporting.

D. The LEA is required to maintain school records in order to ensure the appropriate high school graduation credit is received by the student. The contract may allow for partial or full-time attendance at the NPS.

Notwithstanding the foregoing sentence, CONTRACTOR shall maintain all records for at least five (5) years after the termination of this Master Contract. Per Diem rates for students whose IEPs authorize less than full instructional day may be adjusted on a pro rata basis in accordance with the actual proportion of the school day serviced.

CONTRACTOR shall notify LEA when Medi-Cal is billed for educationally related expenses.

64. PAYMENT UNIT: NON-PUBLIC AGENCY ONLY

66. PAYMENT DEMAND

If a student is enrolled in an NPS/NPA, with the approval of the LEA, prior to agreement to a contract or ISA, the LEA shall issue a warrant for services for up to 90 days during which time the contract shall be consummated. If after 60 days the Master Contract has not been finalized, either party may appeal to the SPI. Within 30 days of receipt of appeal, the SPI, or designee, shall mediate the formulation of a contract which shall be binding upon both parties.

CONTRACTOR shall submit invoices and related documents to LEA for payment for each calendar month when education or related services were provided. At a minimum, each invoice must contain the following information: month of service; specific days and times of services coordinated by the LEA approved calendar unless otherwise specified in the IEP or agreed to by the LEA; title of staff who provided the service; approved cost of each invoice; total for each service and total for the monthly invoice; date invoice was mailed; signature of NPS/NPA administrator authorizing that the information is accurate and consistent with the ISA, CDE certificates and staff notification; verification that attendance report is attached as appropriate; indication of any made-up session consistent with this contract; verification that progress reports have been provided consistent with the ISA (monthly or quarterly unless specified otherwise on the ISA); and name or initials of each student for when the service was provided.

CONTRACTOR shall submit said demands for payment for services rendered no later than thirty (30) days after the end of the attendance accounting period in which said services are actually rendered. CONTRACTOR shall maintain separate registers for the basic education program and each related service. Original attendance forms (i.e., roll books for the basic education program and service logs and notes for each related service) shall be completed by the service provider whose signature must appear on such forms and shall be available for review, inspection, or audit by LEA during the effective period of this Contract and for a period of five (5) years thereafter. CONTRACTOR shall verify the accuracy of reported attendance, which is the basis of services being billed for payment and shall inform service providers of their personal responsibility for the services being reported as rendered.

Upon approval of said payment demand, LEA shall make payment in an amount equal to the number of creditable days of attendance multiplied by the agreed upon unit amount. Payment shall be made within forty-five (45) days of receipt by LEA of invoices properly submitted and approved by LEA.

If an LEA fails to send a warrant for the amount requested within forty-five (45) days or failed to notify the contractor within 10 working days of any reason why the requested payment shall not be paid, the NPS may require the LEA to pay an additional amount of 1.5 % of the unpaid balance per month until full payment is made, such interest being calculated beginning forty-six (46) days from receipt of the invoice. The CONTRACTOR shall bill the LEA for the interest due.

67. RIGHT TO WITHHOLD

LEA has the right to withhold payment to CONTRACTOR when: (A) CONTRACTORS performance, in whole or in part, either has not been carried out or is insufficiently documented; including but not limited to, failure to implement the individualized education program and all attachments incorporated therein of the student(s) for whom this Contract is written; (B) CONTRACTOR has neglected, failed or refused to furnish information or to cooperate with the inspection, review or audit of its program, work or records; (C) education and/or related services is provided by LEA students by personnel who are not appropriately credentialed/licensed or otherwise qualified; (D) Contractor was overpaid by LEA as determined by inspection, review, and/or audit of its program, work, and /or records; (E) CONTRACTOR has failed to provide to LEA all documents prior to school closure; (F) CONTRACTOR has failed to provide to LEA properly prepared invoices within thirty (30) days from the end of the attendance accounting period: or (G) CONTRACTOR has failed to provide to LEA proper rebilling invoices within (30) calendar days from the date that the original invoice was returned to CONTRACTOR. If LEA determines that cause exists to withhold payment to CONTRACTOR, within ten (10) working days written notice shall be sent that LEA is withholding payment to CONTRACTOR. Such notice shall specify the basis for LEA's

withholding payment. Within fourteen (14) days from the date of receipt of such notice, CONTRACTOR shall take all necessary and appropriate action to correct the deficiencies which form the basis for LEA's withholding payment. Upon receipt of CONTRACTOR's written request showing good cause, LEA shall extend CONTRACTOR'S time to respond by an additional fourteen (14) days.

68. AUDIT EXCEPTIONS

CONTRACTOR agrees to accept responsibility for receiving, replying to, and/or complying with any audit exceptions by LEA or by appropriate state or federal audit agencies occurring as a result of CONTRACTOR's performance of this Contract. CONTRACTOR also agrees to pay to LEA within thirty (30) days of written demand by LEA the full amount of LEA'S liability to the state, if any, resulting from any audit exceptions to the extent such are attributable to CONTRACTOR's failure to perform properly any of its obligations under this Contract.

Upon request of LEA and except as otherwise provided by law, CONTRACTOR shall provide LEA, a state agency, a federal agency, and/or an independent agency/firm contracted by LEA, access to the following records: registers and roll books of teachers; daily service logs and notes or other documents used to record the provision of related services: absence verification records (parent doctor notes, telephone logs, and related documents); staff lists specifying credentials held, business licenses held, documents evidencing other qualifications, social security numbers, dates of hire, and dates of termination: staff time sheets: non-paid staff and volunteer sign-in sheets; transportation and other related services subAgreements; school calendars; bell/class schedules; liability and workers compensation insurance policies; state nonpublic school and/or agency certifications; marketing materials; by-laws; lists of current board of directors/trustees, if incorporated; statements of income and expenses; general journals; cash receipts and disbursement books; general ledgers and supporting documents; federal/state payroll quarterly reports; and bank statements and cancelled checks. Such access may include inspections by LEA with prior notice.

All budgetary information and projections submitted by CONTRACTOR to LEA for purpose of contract negotiations shall be made available for the relevant Contract period being audited in order to assess the extent to which funds were expended consistent with such budgetary information.

CONTRACTOR shall comply with any requests resulting from an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm in a reasonable and timely manner. If an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm determines that CONTRACTOR owes LEA monies as a result of CONTRACTOR's over billing or failure to perform, in whole or in part, any of its obligations under this Contract, LEA shall provide to CONTRACTOR written notice demanding payment from CONTRACTOR and specifying the basis for such demand. Unless CONTRACTOR and LEA otherwise agree in writing, CONTRACTOR shall pay to LEA the full amount owed as result of CONTRACTOR's failure to perform, in whole or in part any of its obligations under this Contract as determined by an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm CONTRACTOR shall make such payment to LEA within thirty (30) days of receipt of LEA's written notice demanding payment.

Fiscal records shall be maintained by CONTRACTOR for five (5) years and shall be available for audit. To the extent, the CONTRACTOR disagrees with the findings of the audit; the dispute process as authorized in section 9 shall be utilized for the resolution of the dispute.

70. PAYMENT FROM OUTSIDE AGENCIES

CONTRACTOR shall notify the LEA when Medi-Cal or any other agency is billed for the costs associated with the provision of special education and/or related services to LEA students. Upon request, CONTRACTOR shall provide to the LEA any and all documentation regarding reports, billing, and/or payment by Medi-Cal or any other agency for the costs associated with the provision of special education and/or related services to LEA students.

71. DEBARMENT CERTIFICATION

By signing this agreement, CONTRACTOR certifies that:

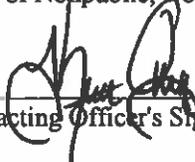

- (a) CONTRACTOR and any of its shareholders, partners, or executive officers are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency, and

Hi Yesenia,

The student, Matthew En-Liang, will transition to MVLA on 8/11/25. That is the day that MVLA has agreed to pick him up on their roster.

Since our school year ends on 6/27/25, this ISA is just for the PACE ESY period prior to his formal transition to MVLA. Therefore, the ISA just covers the period from 7/7/25 to 8/8/25.

With his departure, there will be no more students from PACE on the roster with Mtn View/Whisman.

Best regards,
Kurt

SMARTS Online is an evidence-based curriculum for teaching executive function strategies. The current curriculum is based on ten years of research and in-school studies completed by ResearchILD staff under the direction of Dr. Lynn Meltzer. The SMARTS Online curriculum has been successfully beta-tested in public, private, charter, and home schools across the US.

SMARTS provides elementary grade teachers with 30 lessons that they can use to teach students strategies for accessing important executive function processes—goal setting, organizing, prioritizing, thinking flexibly, remembering, and self-monitoring. Students develop the self-understanding to know which strategies work best for them as well as why, where, when, and how to use those strategies to complete their work.

The SMARTS Elementary School Curriculum works with existing curricula in general education classrooms, special education classrooms, and learning centers and is designed for students in grades 2-5. Since each lesson is divided into four 20-minute sessions, teachers have the flexibility to integrate lessons into the daily practice of their elementary school classroom.

Unit 1: Introduction: Building a Community of Metacognitive Learners

- **Lesson 1: How do I think about my thinking?**
 - Students engage in a discussion about "metacognition" and identify their personal strengths and challenges and the strategies they use in their everyday lives.
- **Lesson 2: How can I manage my work?**
 - Students complete an activity that introduces them to the five executive function processes and helps them to identify their strengths and challenges in three of these processes.
- **Lesson 3: How do I think flexibly?**
 - Students discuss the concept of cognitive flexibility and its importance for strategy use. They complete an activity that illustrates how words can have multiple meanings.
- **Lesson 4: How can I use strategies to help me?**
 - Students identify how to make strategies individualized, systematic, efficient, and effective (I-SEE). Then, they examine their own strategies, refining them to ensure they fit the I-SEE model.

SMARTS Online is an evidence-based curriculum for teaching executive function strategies. The current curriculum is based on ten years of research and in-school studies completed by ResearchILD staff under the direction of Dr. Lynn Meltzer. The SMARTS Online curriculum has been successfully beta-tested in public, private, charter, and home schools across the US.

SMARTS provides elementary grade teachers with 30 lessons that they can use to teach students strategies for accessing important executive function processes—goal setting, organizing, prioritizing, thinking flexibly, remembering, and self-monitoring. Students develop the self-understanding to know which strategies work best for them as well as why, where, when, and how to use those strategies to complete their work.

The SMARTS Elementary School Curriculum works with existing curricula in general education classrooms, special education classrooms, and learning centers and is designed for students in grades 2-5. Since each lesson is divided into four 20-minute sessions, teachers have the flexibility to integrate lessons into the daily practice of their elementary school classroom.

Unit 1: Introduction: Building a Community of Metacognitive Learners

- **Lesson 1: How do I think about my thinking?**
 - Students engage in a discussion about "metacognition" and identify their personal strengths and challenges and the strategies they use in their everyday lives.
- **Lesson 2: How can I manage my work?**
 - Students complete an activity that introduces them to the five executive function processes and helps them to identify their strengths and challenges in three of these processes.
- **Lesson 3: How do I think flexibly?**
 - Students discuss the concept of cognitive flexibility and its importance for strategy use. They complete an activity that illustrates how words can have multiple meanings.
- **Lesson 4: How can I use strategies to help me?**
 - Students identify how to make strategies individualized, systematic, efficient, and effective (I-SEE). Then, they examine their own strategies, refining them to ensure they fit the I-SEE model.

The foregoing provisions are in addition to and not a limitation of any other rights or remedies available to District.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

must obtain your correct taxpayer identification number (TIN), which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid).
- Form 1099-DIV (dividends, including those from stocks or mutual funds).
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds).
- Form 1099-NEC (nonemployee compensation).
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers).
- Form 1099-S (proceeds from real estate transactions).
- Form 1099-K (merchant card and third-party network transactions).
- Form 1098 (home mortgage interest), 1098-E (student loan interest), and 1098-T (tuition).
- Form 1099-C (canceled debt).
- Form 1099-A (acquisition or abandonment of secured property).

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

Caution: If you don't return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See *What is backup withholding*, later.

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued);
2. Certify that you are not subject to backup withholding; or
3. Claim exemption from backup withholding if you are a U.S. exempt payee; and
4. Certify to your non-foreign status for purposes of withholding under chapter 3 or 4 of the Code (if applicable); and
5. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting is correct. See *What Is FATCA Reporting*, later, for further information.

Note: If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding. Payments made to foreign persons, including certain distributions, allocations of income, or transfers of sales proceeds, may be subject to withholding under chapter 3 or chapter 4 of the Code (sections 1441–1474). Under those rules, if a Form W-9 or other certification of non-foreign status has not been received, a withholding agent, transferee, or partnership (payor) generally applies presumption rules that may require the payor to withhold applicable tax from the recipient, owner, transferor, or partner (payee). See Pub. 515, *Withholding of Tax on Nonresident Aliens and Foreign Entities*.

The following persons must provide Form W-9 to the payor for purposes of establishing its non-foreign status.

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the disregarded entity.
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the grantor trust.
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust and not the beneficiaries of the trust.

See Pub. 515 for more information on providing a Form W-9 or a certification of non-foreign status to avoid withholding.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person (under Regulations section 1.1441-1(b)(2)(iv) or other applicable section for chapter 3 or 4 purposes), do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Pub. 515). If you are a qualified foreign pension fund under Regulations section 1.897(l)-1(d), or a partnership that is wholly owned by qualified foreign pension funds, that is treated as a non-foreign person for purposes of section 1445 withholding, do not use Form W-9. Instead, use Form W-8EXP (or other certification of non-foreign status).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a saving clause. Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items.

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if their stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first Protocol) and is relying on this exception to claim an exemption from tax on their scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

Backup Withholding

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 24% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include, but are not limited to, interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third-party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester;
2. You do not certify your TIN when required (see the instructions for Part II for details);
3. The IRS tells the requester that you furnished an incorrect TIN;
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only); or
5. You do not certify to the requester that you are not subject to backup withholding, as described in item 4 under "*By signing the filled-out form*" above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code*, later, and the separate Instructions for the Requester of Form W-9 for more information.

See also *Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding*, earlier.

What Is FATCA Reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all U.S. account holders that are specified U.S. persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code*, later, and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you are no longer tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account, for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Line 1

You must enter one of the following on this line; **do not** leave this line blank. The name should match the name on your tax return.

If this Form W-9 is for a joint account (other than an account maintained by a foreign financial institution (FFI)), list first, and then circle, the name of the person or entity whose number you entered in Part I of Form W-9. If you are providing Form W-9 to an FFI to document a joint account, each holder of the account that is a U.S. person must provide a Form W-9.

- **Individual.** Generally, enter the name shown on your tax return. If you have changed your last name without informing the Social Security Administration (SSA) of the name change, enter your first name, the last name as shown on your social security card, and your new last name.

Note for ITIN applicant: Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040 you filed with your application.

- **Sole proprietor.** Enter your individual name as shown on your Form 1040 on line 1. Enter your business, trade, or “doing business as” (DBA) name on line 2.

- **Partnership, C corporation, S corporation, or LLC, other than a disregarded entity.** Enter the entity’s name as shown on the entity’s tax return on line 1 and any business, trade, or DBA name on line 2.

- **Other entities.** Enter your name as shown on required U.S. federal tax documents on line 1. This name should match the name shown on the charter or other legal document creating the entity. Enter any business, trade, or DBA name on line 2.

- **Disregarded entity.** In general, a business entity that has a single owner, including an LLC, and is not a corporation, is disregarded as an entity separate from its owner (a disregarded entity). See Regulations section 301.7701-2(c)(2). A disregarded entity should check the appropriate box for the tax classification of its owner. Enter the owner’s name on line 1. The name of the owner entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For

example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner’s name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity’s name on line 2. If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Line 2

If you have a business name, trade name, DBA name, or disregarded entity name, enter it on line 2.

Line 3a

Check the appropriate box on line 3a for the U.S. federal tax classification of the person whose name is entered on line 1. Check only one box on line 3a.

| IF the entity/individual on line 1 is a(n) . . . | THEN check the box for . . . |
|--|--|
| • Corporation | Corporation. |
| • Individual or • Sole proprietorship | Individual/sole proprietor. |
| • LLC classified as a partnership for U.S. federal tax purposes or • LLC that has filed Form 8832 or 2553 electing to be taxed as a corporation | Limited liability company and enter the appropriate tax classification: P = Partnership, C = C corporation, or S = S corporation. |
| • Partnership | Partnership. |
| • Trust/estate | Trust/estate. |

Line 3b

Check this box if you are a partnership (including an LLC classified as a partnership for U.S. federal tax purposes), trust, or estate that has any foreign partners, owners, or beneficiaries, and you are providing this form to a partnership, trust, or estate, in which you have an ownership interest. You must check the box on line 3b if you receive a Form W-8 (or documentary evidence) from any partner, owner, or beneficiary establishing foreign status or if you receive a Form W-9 from any partner, owner, or beneficiary that has checked the box on line 3b.

Note: A partnership that provides a Form W-9 and checks box 3b may be required to complete Schedules K-2 and K-3 (Form 1065). For more information, see the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

If you are required to complete line 3b but fail to do so, you may not receive the information necessary to file a correct information return with the IRS or furnish a correct payee statement to your partners or beneficiaries. See, for example, sections 6698, 6722, and 6724 for penalties that may apply.

Line 4 Exemptions

Exemption from FATCA reporting code. The following codes identify payees that are exempt from reporting under FATCA. These codes apply to persons submitting this form for accounts maintained outside of the United States by certain foreign financial institutions. Therefore, if you are only submitting this form for an account you hold in the United States, you may leave this field blank. Consult with the person requesting this form if you are uncertain if the financial institution is subject to these requirements. A requester may indicate that a code is not required by providing you with a Form W-9 with "Not Applicable" (or any similar indication) entered on the line for a FATCA exemption code.

K—A broker.

L—A trust exempt from tax under section 664 or described in section 4947(a)(1).

M—A tax-exempt trust under a section 403(b) plan or section 457(g) plan.

Note: You may wish to consult with the financial institution requesting this form to determine whether the FATCA code and/or exempt payee code should be completed.

Line 5

Enter your address (number, street, and apartment or suite number). This is where the requester of this Form W-9 will mail your information returns. If this address differs from the one the requester already has on file, enter "NEW" at the top. If a new address is provided, there is still a chance the old address will be used until the payor changes your address in their records.

Line 6

Enter your city, state, and ZIP code.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have, and are not eligible to get, an SSN, your TIN is your IRS ITIN. Enter it in the entry space for the Social security number. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN.

If you are a single-member LLC that is disregarded as an entity separate from its owner, enter the owner's SSN (or EIN, if the owner has one). If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note: See *What Name and Number To Give the Requester*, later, for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at www.SSA.gov. You may also get this form by calling 800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/EIN. Go to www.irs.gov/Forms to view, download, or print Form W-7 and/or Form SS-4. Or, you can go to www.irs.gov/OrderForms to place an order and have Form W-7 and/or Form SS-4 mailed to you within 15 business days.

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and enter "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, you will generally have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note: Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon. See also *Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding*, earlier, for when you may instead be subject to withholding under chapter 3 or 4 of the Code.

Caution: A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, 4, or 5 below indicates otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code*, earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third-party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), ABLE accounts (under section 529A), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

Secure Your Tax Records From Identity Theft

Identity theft occurs when someone uses your personal information, such as your name, SSN, or other identifying information, without your permission to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax return preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity, or a questionable credit report, contact the IRS Identity Theft Hotline at 800-908-4490 or submit Form 14039.

For more information, see Pub. 5027, Identity Theft Information for Taxpayers.

Victims of identity theft who are experiencing economic harm or a systemic problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 877-777-4778 or TTY/TDD 800-829-4059.

Protect yourself from suspicious emails or phishing schemes.

Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to phishing@irs.gov. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 800-366-4484. You can forward suspicious emails to the Federal Trade Commission at spam@uce.gov or report them at www.ftc.gov/complaint. You can contact the FTC at www.ftc.gov/idtheft or 877-IDTHEFT (877-438-4338). If you have been the victim of identity theft, see www.IdentityTheft.gov and Pub. 5027.

Go to www.irs.gov/IdentityTheft to learn more about identity theft and how to reduce your risk.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons (including federal agencies) who are required to file information returns with the IRS to report interest, dividends, or certain other income paid to you; mortgage interest you paid; the acquisition or abandonment of secured property; the cancellation of debt; or contributions you made to an IRA, Archer MSA, or HSA. The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and territories for use in administering their laws. The information may also be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. You must provide your TIN whether or not you are required to file a tax return. Under section 3406, payors must generally withhold a percentage of taxable interest, dividends, and certain other payments to a payee who does not give a TIN to the payor. Certain penalties may also apply for providing false or fraudulent information.

9. MASTER CONTRACT DISPUTES

Any disputes or disagreements between CONTRACTOR and LEA regarding implementation or interpretation of this Master Contract, or otherwise relating to this Master Contract, that are not informally voluntarily resolved shall be addressed and/or resolved as set forth in this section of the Master Contract. The mediator does not have the power to decide for the parties but can help the parties find a mutually acceptable resolution.

Step Four: If the dispute or disagreement is not resolved at Step Three, the party claiming injury may seek legal and/or equitable redress in a court of competent jurisdiction, or if mutually agreed to in writing by the parties, may submit the matter to the binding arbitration by an arbitrator or arbitration service to be agreed to by the parties.

The CONTRACTOR is responsible for providing the student's special education teacher and the related services or personnel appropriate to represent the related services at required IEP /ITP meetings. These meetings will be held at the NPS unless otherwise approved by the LEA and CONTRACTOR. Except as otherwise provided in the Master Contract, CONTRACTOR and LEA shall participate in all IEP team meetings regarding LEA students for whom ISAs have been or may be executed. The LEA is responsible for scheduling and issuing the Notice of Meeting for all IEP team meetings. Parents or guardians shall be notified of the IEP meeting early enough to ensure an opportunity to attend. Proper notice of meeting shall include the purpose, time, and location and who shall be in attendance. Every effort shall be made to schedule the IEP meetings at a time that is mutually convenient to parents, LEA, and CONTRACTOR's staff. Parents or guardians shall be informed in the notice of the right to bring other people to the meeting who have knowledge or special expertise of the student. The CONTRACTOR shall ensure private and confidential communication between the student and members of the IEP team, at the student's discretion. Transition services (designed with a results-oriented process focused on improving the academic functional achievement of the child) must be addressed in the IEP for the student no later than in the

year in which they turn 16 years of age. Extended school year shall be discussed as part of the IEP meeting with an emphasis on student need.

It is understood that the CONTRACTOR shall utilize the approved electronic IEP system of the LEA for all IEP planning and progress reporting at the LEA's discretion. The LEA or SELPA shall provide training for any NPS and CONTRACTOR to ensure access to the approved system. The CONTRACTOR agrees to conform to the approved testing calendar window. The LEA shall provide opportunities for training as necessary and requested by the contractor. The LEA shall provide all appropriate test materials to the NPS for administration of the tests.

NOTE: CONTRACTOR shall determine its state-mandated testing period subject to EC section 60640. CONTRACTOR shall notify the LEA of a student enrolled in the school of its testing period. CONTRACTOR's staff, who shall administer the assessments, shall attend the regular testing training sessions provided by the LEA.

If CONTRACTOR's staff have received training from one LEA or similar agency, that training will be sufficient for all LEAs that send students to the CONTRACTOR.

39. SCHOOL ACCOUNTABILITY REPORT CARD

The NPS shall prepare a school accountability report card in accordance with EC section 33126.

40. CLASS SIZE-NONPUBLIC SCHOOL

When Contractor is a nonpublic school, CONTRACTOR shall ensure that class size shall not exceed a ratio of one teacher per twelve (12) students. Upon written approval by an authorized LEA representative, class size may be temporarily increased by a ratio of one (1) teacher to fourteen (14) students when necessary, during the regular or extended school year to provide services to students with disabilities.

In the event a nonpublic school is unable to fill a vacant teaching position responsible for direct instruction to students, and the vacancy has direct impact on the California Department of Education Certification of that school, the nonpublic school shall develop a plan to assure appropriate coverage of students by first utilizing existing certificated staff. The nonpublic school and the LEA may agree to one thirty (30) school day period per contract year where class size may be increased to assure coverage by an appropriately credentialed teacher. Such an agreement shall be in writing and signed by both parties. This provision does not apply to a nonpublic agency.

CONTRACTOR providing special education instruction for individuals with exceptional needs between the ages of three and five years, inclusive, shall also comply with the appropriate instructional adult to child ratios pursuant to California Education Code sections 56440 et seq.

42. DUE PROCESS AND COMPLAINTS

CONTRACTOR shall fully participate in due process proceedings before OAH, including mediations and hearings, as requested by LEA. LEA shall inform parent(s) of their due process rights upon 1) each notification of an IEP meeting; 2) reevaluation of their child; 3) registration of a complaint or a request for a due process hearing; and (4) the commencement of an expulsion proceeding. Upon request by LEA, CONTRACTOR shall assist the LEA in meeting its due process notification obligations.

43. STATE MEAL MANDATE

CONTRACTOR shall keep a copy of said information in the employee file or volunteer file.

CONTRACTOR agrees all employees, subCONTRACTORS, volunteers, and any other individual who may come into contact with a student on school grounds to follow universal health care precautions when providing medical treatment or assistance to a student.

CONTRACTOR further agrees to provide annual training to all employees, volunteers, and any other individual who may come into contact with a student on school grounds regarding universal health care precautions and to post required notices in areas designated by the California Health & Safety Code.

45. BEHAVIOR MANAGEMENT/ POSITIVE BEHAVIOR SUPPORT

CONTRACTOR shall comply with the requirements of Education Code section 49005, et seq., 56521.1 and 56521.2. LEA students who exhibit behaviors that interfere with their learning or the learning of others must receive timely and appropriate assessments and positive supports and interventions in accordance with the federal law and its implementing regulations. If the IEP team determines that a student's behavior impedes his or her learning or the learning of others, the IEP team is required to consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations. This could mean that instead of developing a Behavior Intervention Plan ("BIP"), the IEP team may conclude it is sufficient to address the student's behavioral problems through the development of behavioral goals and behavioral interventions to support those goals.

CONTRACTOR shall maintain a written policy pursuant to California Education Code section 56521.1 regarding emergency interventions and behavioral emergency reports. CONTRACTOR shall ensure that all its staff members are trained in crisis intervention, emergency procedures, and evidenced-based practices and interventions specific to the unique behavioral needs of the CONTRACTOR's pupil population. The training shall be provided within 30 days of employment to new staff who have any contact or interaction with pupils during the school day, and annually to all staff who have any contact or interaction with pupils during the school day. CONTRACTOR shall maintain written records of the training and provide written verification of the training annually and upon request.

Pursuant to Education Code section 56521.1, emergency interventions shall not be used as a substitute for a BIP and shall not be employed longer than necessary to contain the behavior. Emergency interventions may only be used to control unpredictable, spontaneous behavior that poses clear and present danger of serious physical harm to the individual with exceptional needs, or others, and that cannot be immediately prevented by a response less restrictive than the temporary application of a technique used to contain the behavior. If a situation requires prolonged use of emergency intervention, staff must seek assistance from the school site administrator or a law enforcement agency.

CONTRACTOR shall complete a behavior emergency report when an emergency occurs that is defined as a serious, dangerous behavior that staff has determined to present a clear and present danger to others. It requires a non-violent physical intervention to protect the safety of student, self, or others and a physical intervention has been used; or a physical intervention has not been used, but an injury or serious property damage has occurred. Personal Safety Techniques may or may not have been used. Emergencies require a behavior emergency report form be completed and submitted to the LEA within twenty-four (24) hours for administrative action. CONTRACTOR shall notify Parent within twenty-four (24) hours via telephone. If the student's IEP does not contain a BIP, an IEP team shall schedule a meeting to review the behavior emergency report, determine if there is a necessity for a functional behavioral assessment, and to determine an interim plan. If the student already has a BIP, the IEP team shall review and modify the BIP if a new serious behavior has been exhibited or existing behavioral interventions have proven to be ineffective. CONTRACTOR shall schedule with LEA an IEP meeting within two (2) days.

Pursuant to Education Code section 56521.2, CONTRACTOR shall not authorize, order, consent to, or pay for the following interventions, or any other interventions similar to or like the following:

2. an intervention that involves the release of noxious, toxic, or otherwise unpleasant sprays, mists, or substances in proximity to the face of the individual;
3. an intervention that denies adequate sleep, food, water, shelter, bedding, physical comfort, or access to bathroom facilities;
4. an intervention that is designed to subject, used to subject, or likely to subject, the individual to verbal abuse, ridicule, or humiliation, or that can be expected to cause excessive emotional trauma;
5. restrictive interventions that employ a device, material, or objects that simultaneously immobilize all four extremities;
6. prone restraint;
7. locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room;
8. an intervention that precludes adequate supervision of the individual;
9. an intervention that deprives the individual of one or more of the individual's senses.

CONTRACTOR shall comply with Education Code section 49005.8. Specifically, Contractor shall not do any of the following:

1. Use seclusion or a behavioral restraint for the purpose of coercion, discipline, convenience, or retaliation.

2. Use locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room.
3. Use a physical restraint technique that obstructs a pupil's respiratory airway or impairs the pupil's breathing or respiratory capacity, including techniques in which a staff member places pressure on a pupil's back or places the staff member's body weight against the pupil's torso or back.
4. Use a behavioral restraint technique that restricts breathing, including, but not limited to, using a pillow, blanket, carpet, mat, or other item to cover a pupil's face.
5. Use prone containment.
6. Use a behavioral restraint for longer than is necessary to contain the behavior that poses a clear and present danger of serious physical harm to the pupil or others.

CONTRACTOR shall keep constant, direct observation of a pupil who is in seclusion, which may be through observation of the pupil through a window, or another barrier, through which the educational provider is able to make direct eye contact with the pupil. This observation shall not be through indirect means, including through a security camera or a closed-circuit television.

CONTRACTOR shall afford pupils who are restrained the least restrictive alternative and the maximum freedom of movement, and shall use the least number of restraint points, while ensuring the physical safety of the pupil and others.

In the case of a child whose behavior impedes the child's learning or that of others, the IEP team shall consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations.

All restraint practices must be reviewed and revised when they have an adverse effect on a student and are used repeatedly for an individual child, either on multiple occasions within the same classroom or multiple uses by the same individual. CONTRACTOR shall notify the student's parent/guardian when any type of physical or mechanical restraint or seclusion has been used. Upon the use of any type of physical or mechanical restraint or seclusions of an LEA student, CONTRACTOR shall complete a BER per the reporting and notification requirements listed above.

66. PAYMENT DEMAND

If a student is enrolled in an NPS/NPA, with the approval of the LEA, prior to agreement to a contract or ISA, the LEA shall issue a warrant for services for up to 90 days during which time the contract shall be consummated. If after 60 days the Master Contract has not been finalized, either party may appeal to the SPI. Within 30 days of receipt of appeal, the SPI, or designee, shall mediate the formulation of a contract which shall be binding upon both parties.

CONTRACTOR shall submit invoices and related documents to LEA for payment for each calendar month when education or related services were provided. At a minimum, each invoice must contain the following information: month of service; specific days and times of services coordinated by the LEA approved calendar unless otherwise specified in the IEP or agreed to by the LEA; title of staff who provided the service; approved cost of each invoice; total for each service and total for the monthly invoice; date invoice was mailed; signature of NPS/NPA administrator authorizing that the information is accurate and consistent with the ISA, CDE certificates and staff notification; verification that attendance report is attached as appropriate; indication of any made-up session consistent with this contract; verification that progress reports have been provided consistent with the ISA (monthly or quarterly unless specified otherwise on the ISA); and name or initials of each student for when the service was provided.

CONTRACTOR shall submit said demands for payment for services rendered no later than thirty (30) days after the end of the attendance accounting period in which said services are actually rendered. CONTRACTOR shall maintain separate registers for the basic education program and each related service. Original attendance forms (i.e., roll books for the basic education program and service logs and notes for each related service) shall be completed by the service provider whose signature must appear on such forms and shall be available for review, inspection, or audit by LEA during the effective period of this Contract and for a period of five (5) years thereafter. CONTRACTOR shall verify the accuracy of reported attendance, which is the basis of services being billed for payment and shall inform service providers of their personal responsibility for the services being reported as rendered.

Upon approval of said payment demand, LEA shall make payment in an amount equal to the number of creditable days of attendance multiplied by the agreed upon unit amount. Payment shall be made within forty-five (45) days of receipt by LEA of invoices properly submitted and approved by LEA.

If an LEA fails to send a warrant for the amount requested within forty-five (45) days or failed to notify the contractor within 10 working days of any reason why the requested payment shall not be paid, the NPS may require the LEA to pay an additional amount of 1.5 % of the unpaid balance per month until full payment is made, such interest being calculated beginning forty-six (46) days from receipt of the invoice. The CONTRACTOR shall bill the LEA for the interest due.

67. RIGHT TO WITHHOLD

LEA has the right to withhold payment to CONTRACTOR when: (A) CONTRACTORS performance, in whole or in part, either has not been carried out or is insufficiently documented; including but not limited to, failure to implement the individualized education program and all attachments incorporated therein of the student(s) for whom this Contract is written; (B) CONTRACTOR has neglected, failed or refused to furnish information or to cooperate with the inspection, review or audit of its program, work or records; (C) education and/or related services is provided by LEA students by personnel who are not appropriately credentialed/licensed or otherwise qualified; (D) Contractor was overpaid by LEA as determined by inspection, review, and/or audit of its program, work, and /or records; (E) CONTRACTOR has failed to provide to LEA all documents prior to school closure; (F) CONTRACTOR has failed to provide to LEA properly prepared invoices within thirty (30) days from the end of the attendance accounting period; or (G) CONTRACTOR has failed to provide to LEA proper rebilling invoices within (30) calendar days from the date that the original invoice was returned to CONTRACTOR. If LEA determines that cause exists to withhold payment to CONTRACTOR, within ten (10) working days written notice shall be sent that LEA is withholding payment to CONTRACTOR. Such notice shall specify the basis for LEA's

withholding payment. Within fourteen (14) days from the date of receipt of such notice, CONTRACTOR shall take all necessary and appropriate action to correct the deficiencies which form the basis for LEA's withholding payment. Upon receipt of CONTRACTOR's written request showing good cause, LEA shall extend CONTRACTOR'S time to respond by an additional fourteen (14) days.

68. AUDIT EXCEPTIONS

CONTRACTOR agrees to accept responsibility for receiving, replying to, and/or complying with any audit exceptions by LEA or by appropriate state or federal audit agencies occurring as a result of CONTRACTOR's performance of this Contract. CONTRACTOR also agrees to pay to LEA within thirty (30) days of written demand by LEA the full amount of LEA'S liability to the state, if any, resulting from any audit exceptions to the extent such are attributable to CONTRACTOR's failure to perform properly any of its obligations under this Contract.

All budgetary information and projections submitted by CONTRACTOR to LEA for purpose of contract negotiations shall be made available for the relevant Contract period being audited in order to assess the extent to which funds were expended consistent with such budgetary information.

CONTRACTOR shall comply with any requests resulting from an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm in a reasonable and timely manner. If an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm determines that CONTRACTOR owes LEA monies as a result of CONTRACTOR's over billing or failure to perform, in whole or in part, any of its obligations under this Contract, LEA shall provide to CONTRACTOR written notice demanding payment from CONTRACTOR and specifying the basis for such demand. Unless CONTRACTOR and LEA otherwise agree in writing, CONTRACTOR shall pay to LEA the full amount owed as result of CONTRACTOR's failure to perform, in whole or in part any of its obligations under this Contract as determined by an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm CONTRACTOR shall make such payment to LEA within thirty (30) days of receipt of LEA's written notice demanding payment.

A. ENTIRE AGREEMENT

This Agreement and its Appendices (if any) constitutes the final, complete and exclusive statement of the terms of the agreement between the parties. It incorporates and supersedes all the agreements, covenants and understandings between the parties concerning the subject matter hereof, and all such agreements, covenants and understandings have been merged into this Agreement. No prior or contemporaneous agreement or understanding, verbal or otherwise, of the parties or their agents shall be valid or enforceable unless embodied in this Agreement.

B. AMENDMENTS

This agreement may only be amended by a written instrument signed by the Parties.

C. CONFLICTS OF INTEREST; POLITICAL REFORM ACT

Contractor shall comply, and require its employees, agents, and subcontractors to comply, with all (1) applicable requirements governing avoidance of impermissible client conflicts; and (2) federal, state and local conflict of interest and disclosure laws and regulations including, without limitation, California Government Code section 1090 et seq., the California Political Reform Act (California Government Code section 87100 et seq.) and the regulations of the Fair Political Practices Commission concerning disclosure and disqualification (2 California Code of Regulations section 18700 et seq.). Failure to do so constitutes a material breach of this Agreement and is grounds for immediate termination of this Agreement by County.

In accepting this Agreement, Contractor covenants that it presently has no interest, and will not acquire any interest, direct or indirect, financial or otherwise, which would conflict in any manner or degree with the performance of this Agreement. Contractor further covenants that, in the performance of this Agreement, it will not use any contractor or employ any person having such an interest. Contractor, including but not limited to Contractor's employees, agents, and subcontractors, may be subject to the disclosure and disqualification provisions of the California Political Reform Act of 1974 (the "Act"), that (1) requires such persons to disclose economic interests that may foreseeably be materially affected by the work performed under this Agreement, and (2) prohibits such persons from making or participating in making decisions that will foreseeably financially affect such interests.

If the disclosure provisions of the Act are applicable to any individual providing service under the Agreement, Contractor shall, upon execution of this Agreement, provide County with the names, description of individual duties to be performed, and email addresses of all individuals, including but not limited to Contractor's employees, agents and subcontractors, that could be substantively involved in "mak[ing] a governmental decision" or "serv[ing] in a staff capacity" and in that capacity participating in making governmental decisions or performing duties that would be performed by an individual in a designated position, (2 CCR 18700.3), as part of Contractor's service to County under this Agreement. Contractor shall immediately notify County of the names and email addresses of any additional individuals later assigned to provide such service to County under this Agreement in such a capacity. Contractor shall immediately notify County of the names of individuals working in such a capacity who, during the course of the Agreement, end their service to County. Contractor shall ensure that all such individuals identified pursuant to this paragraph understand that they are subject to the Act and shall conform to all requirements of the Act and other applicable conflict of interest and disclosure laws and regulations, and shall file Statements of Economic Interests within 30 days of commencing service pursuant to this Agreement, annually by April 1, and within 30 days of their termination of service pursuant to this Agreement.

D. LEVINE ACT COMPLIANCE

Contractor will comply, and will ensure that its agents (as that term is defined under California Government Code section 84308(h)) and its subcontractors identified in Contractor's proposal responding to a County solicitation and/or identified in this Agreement ("Subcontractors") comply, with Government Code section 84308 ("Levine Act") and the applicable regulations of the Fair Political Practices Commission concerning campaign disclosure (2 California Code of Regulations sections 18438.1 – 18438.8), which (1) require a party to a proceeding involving certain contracts to disclose on the record of the proceeding any contribution, as defined by Government Code section 84308(a)(6), of more than \$500 that the party or their agent has made within the prior 12 months to a member of the County's Board

Contractor agrees to submit any disclosures required to be made under the Levine Act at the Office of the Clerk of the Board of Supervisors website at <https://www.sccgov.org/levineact>, and Contractor shall require Subcontractors to do the same. If this Agreement is of the type subject to the Levine Act and is to be considered or voted upon by the County’s Board of Supervisors, Contractor shall complete the Levine Act Contractor Form: Identification of Subcontractors and Agents, and if applicable, shall ensure that any Subcontractor completes the Levine Act Subcontractor Form: Identification of Agents, and Contractor must submit all such forms to the County as a prerequisite to execution of the Agreement.

E. GOVERNING LAW, JURISDICTION AND VENUE

This Agreement shall be construed and interpreted according to the laws of the State of California, excluding its conflict of law principles. Proper venue for legal actions shall be exclusively vested in state court in Santa Clara County. The parties agree that subject matter and personal jurisdiction are proper in state court in Santa Clara County and waive all venue objections.

F. ASSIGNMENT

No assignment of this Agreement or of the rights and obligations hereunder shall be valid without the prior written consent of the other party.

G. ASSIGNMENT OF CLAYTON ACT, CARTWRIGHT ACT CLAIMS

Contractor assigns to the County all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Sec. 15) or under the Cartwright Act (Chapter 2 (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, materials, or services by the Contractor for sale to the County pursuant to this Agreement.

O. CALIFORNIA PUBLIC RECORDS ACT

The County is a public agency subject to the disclosure requirements of the California Public Records Act ("CPRA"). If Contractor's proprietary information is contained in documents or information submitted to County, and Contractor claims that such information falls within one or more CPRA exemptions, Contractor must clearly mark such information "CONFIDENTIAL AND PROPRIETARY," and identify the specific lines containing the information. In the event of a request for such information, the County will make reasonable efforts to provide notice to Contractor prior to such disclosure. If Contractor contends that any documents are exempt from the CPRA and wishes to prevent disclosure, it is required to obtain a protective order, injunctive relief or other appropriate remedy from a court of law in Santa Clara County before the County is required to respond to the CPRA request. If Contractor fails to obtain such remedy within the time the County is required to respond to the CPRA request, County may disclose the requested information.

Contractor further agrees that it shall defend, indemnify and hold County harmless against any claim, action or litigation (including but not limited to all judgments, costs, fees, and attorneys' fees) that may result from denial by County of a CPRA request for information arising from any representation, or any action (or inaction), by the Contractor.

P. THIRD PARTY BENEFICIARIES

Contractor acknowledges that all original works of authorship which are made by Contractor (either solely or jointly with others) within the scope of this Agreement and which are protectable by copyright are "works made for hire," as that term is defined in the United States Copyright Act (17 U.S.C. Section 101), and shall belong solely to County. Contractor agrees that the County will be the copyright owner in all copyrightable works of every kind and description created or delivered by Contractor, either solely or jointly with others, in connection with any agreement with the County.

R. INTELLECTUAL PROPERTY INDEMNITY

Contractor represents and warrants for the benefit of the County and its users that, to its knowledge, as of the effective date of this Agreement, Contractor is the exclusive owner of all rights, title and interest in the Deliverables and/or services provided pursuant to this Agreement. Contractor shall defend, indemnify and hold the County harmless against any claim, action or litigation (including but not limited to all judgments, costs, fees, and reasonable attorney's fees) by a third party alleging the Deliverables and/or services provided pursuant to this Agreement infringe upon any intellectual property rights of third parties.
