Negotiations 2020-2021

Dear MVWSD,

MVEA would like to thank you for approving our most recent Tentative Agreement ratifications. We look forward to continuing our negotiations with the Mountain View Whisman School District for the school year of 2020-2021. Our negotiations continue to be collaborative and positive for the students, teachers, and the Mountain View Community. MVEA will sunshine the following articles for the next round of negotiations for the 2020-2021 school year. **Article 3:** Hours, **Article 5:** Compensation and Benefits, and **Article 7:** Class Size. Going into this next round of negotiations, we are looking to retain our highly qualified teachers, entice newly qualified teachers into our district, and improve working conditions to benefit student learning.

Sincerely,

Sean Dechter  
MVEA President
